1911 WILL BEFORE COURTS

Original Contest, Now Nearing Close Will Be Resumed Monday Before Judge Tazwell-Incompetency Charged.

Another contest of the Xarifa Jane Faling estate was started yesterday in the County Court when five benefi-ciaries under the aged woman's will of 1911 filed a complaint and petition asking that C. Lewis Mead and Thomas N. Strong be removed as executors. The petitioners urgs that A. L. Mills be named as sols executor of the estate to serve without bonds. This appoint ment, they assert, is to carry out the wishes of the late Mrs. Faling as ex-pressed in a codicil to her 1911 will. The petitioners in the new contest are Frances Gray, Alice M. Gray, Sarah Gray Warnecke, Thomas Gray and August Warnecke. The first four mentioned were bequesthed \$1000 each under the 1911 will, while Mr. Warnecke was left all property excepting

that on which the Swetland building now stands.

The new contestants allege in their petition that W. Tyler Smith, contestant of the 1915 will, is the sole heir at law to Mrs. Faling's \$500,000 estate.

The basis of the complaint by which it is sought to have the 1915 will set aside is on the ground that Mrs. Faling was mentally incompetent at the time she executed the purported will of 1915, leaving the bulk of her property to C. Lewis Mead and Thomas N.

"I was always a strong and hardy man up to about four years ago," he continued, "then I commenced to be troubled with rheumatism. It wasn't very had for a while, but would just come and go, so I never paid much attention to it. But about four months ago I was out all day in the rain and got soaked to the skin. The cold I took. got soaked to the skin. The cold I took aggravated my rheumatism and it got into my knees and hips. I was actually unable to stand on my feet for any length of time and the agony I suffered was something awful. I kept getting worse in spite of all I could do, till finally I just had to stop work and was laid up for more than six weeks. I couldn't get into any sort of comfortable position day or night and was in so much misery that I couldn't half sieep. I worried so much over my condition that it got on my nerves and I was discouraged because it looked like I would never get any better.

I was discouraged because it looked like I would never get any better.

"When I read about Taniac relieving so many others of rheumatism I decided to try it, and it has certainly done me a world of good. Every bit of that awful rheumatism has left me entirely and I never felt better in my life than I do today. I sleep like a log all night and get up in the mornings feeling just fine and ready for my day's work. In fact, I am already back on my fob and putting in full time right along. I have a splendid appetite and enjoy every meal. I feel so strong and well that I have already told several of my friends have already told several of my friends what a wonderful medicine Taniac is and how it straightened me out after everything else had falled to do me any good."
