Well, she didn't know it, but just that little remark of hers sold me a bottle of Tanlac right then and there, and if I only knew her name I would like to thank her for put-ting me onto the thing that has given me back my health and strength. My stomach feels now like it is in just as good shape as it ever was. And such an appetite as I do have! I believe I could eat five meals a day without suf-fering a particle afterwards.
