KAISER COMMITTED TO WAR TO FINISH

Fall of Kuehlmann Regarded in Effect as Redecclaration of Hostilities. MILITARISTS IN CONTROL. Reichstag Informed That Since Ten-tions Entered Finland Arrests by Thousands and Executions Carried Out.

PARIS, July 11.—(Havas Agency.)—That the fall of von Kuehlmann, signifying as it does a triumph of the militarist party, conveys in effect a German rededication of war to the end is the view of L'Homme Libre. That paper says the Reichstag show plainly they want war to the end and we must not forget that.

Decision to accept the resignation of Foreign Secretary von Kuehlmann was taken Monday at a conference at German general headquarters, which was attended by the Emperor, Chancellor von Hertling and Admiral von Hintze, says a Zurich dispatch to the Matin.

The appointment of Von Hintze is considered by French papers to be a challenge to the majority in the Reichstag, and a deliberate insult to Southern Germany.

LONDON, July 11.—The fall of Foreign Secretary von Kuehlmann is regarded in Germany as the introduction of an open Pan-German regime. The control of the military leaders is complete, special dispatches from Holland say. The Pan-Germans do not disguise their delight over it.

Hintze's Appointment Expected. Reports of the appointment of Admiral von Hintze as Foreign Secretary are accepted as final by the Pan-German papers, which contend that this involves no change in policy.

AMSTERDAM, July 11.—Since the Germans entered Finland 73,000 workmen there have been arrested and many of them have been executed, declared Hugo Haase, minority Socialist leader, in a speech in the Reichstag, according to a verbatim report published by the Tevelok.

The deputy also criticized German rule in Livonia and Estonia. Deputy Haase said: "The list of those sentenced to death in Finland contains the names of a former Premier and Socialist members of Parliament, some of whom already have been shot. The town of Sveaborg has been renamed Golgotha."

STOCKHOLM, July 11.—Representatives in Copenhagen and the Swedish Diet and government have protested to Germany against Germany's occupation policy and oppression in that Baltic province.

LONDON, July 11.—"We warn you to go barefooted to a notice to the Berlin public published by the German clothing department, as quoted in an Exchange Telegraph dispatch from Amsterdam today.

An appeal made to children. The newspapers, adds the message, recommend to school children and students not to fear ridicule, but to set the example of going barefooted.

UNITED SUPPORT IS PLEA. Editor Would Down I. W. W. and Kindred Organizations. SPOKANE, July 11.—A plea for united support of the Government in winning the war was voiced by J. C. Kaynor, editor of the Ellensburg Record, in the president's address at the opening session here today of the 32d annual convention of the Washington State Press Association.

ALL HAVE EQUAL CHANCE. Army Training Camps to Turn Out 3000 Officers a Month. SAN FRANCISCO, July 11.—Approximately 3000 Army officials a month will be turned out by the new reserve officers' training camps throughout the United States. The camps will be open to enlisted men and civilians between the ages of 21 and 40, on or about July 15.

GRIPPE EPIDEMIC AT HONOLULU. An epidemic of grippe prevails at the three leading military posts on this island. Schofield Barracks, Pearl Harbor and Fort Kaneohe are in the grasp of influenza. At the first named post, 300 to 350 men are affected, at the second about 100 and at the third a like number. The medical authorities of the Army and Navy say there is no danger.

HOUSING CORPORATION CREATED. WASHINGTON, July 11.—The Department of Labor today announced the creation of the United States housing corporation, incorporated under the laws of New York, which will take over virtually all of the functions now being performed by the department's bureau of industrial housing and transportation. All the stock is held by Secretary Wilson on behalf of the United States, except one share each allotted to Otto M. Edlitz and George G. Box, president and treasurer, respectively, of the corporation.

CANADA PREPARES FOR AFTER WAR. VICTORIA, B. C., July 11.—For financing public works in the Canadian provinces after the war, in which demobilized soldiers can be employed, the Union of Canadian Municipalities has adopted a resolution asking the Federal government to issue a consolidated loan. A general survey of what projects can be carried out is urged upon the provincial governments.

MANEUVER IS UNEXPLAINED. The German war machine much puzzled by this maneuver and never were able to secure a satisfactory explanation of this withdrawal of their enemy at the very moment when his cause seemed won. Von Mackensen was an old war friend of von Staunon and knew the latter's abilities too well to underestimate them.

That was why Von Mackensen sought out Avrescu during the peace parleys a few weeks ago in Bucharest. "Why did you withdraw?" asked von Mackensen. "If you had gone forward you most certainly would have bagged the whole of the Bulgarian and German armies in the Dobruja."

DOCKS DROP INTO RIVER. Damage Resulting From Cave-In Will Reach Hundreds of Dollars. Damage, probably amounting to several hundred dollars, was caused last night when the floors of two docks, located just north of Salmon street on the west side of the river, caved in. No one was in the buildings when the accident occurred. So far as could be learned, the cave-in was caused by extremely heavy weight of the junk and paper stored within the buildings. It is said that about 20 people are employed in the day time sorting the waste paper and other material which is brought there.

ENEMY ARMY SAVED

Roumanians Lose Opportunity to Annihilate Germans. WAR COURSE IS CHANGED. Memorandum Says Roumanian Failure Resulted From Orders of Politicians and Not to Any Act of Army Leaders.

LONDON, June 30.—(Correspondence of the Associated Press.)—How the Roumanian army lost an opportunity of annihilating the German and Bulgarian armies in the Dobruja in 1916 is revealed in a confidential document which has just reached the Associated Press from an authoritative source in Roumania.

The document contains an account of a conversation between Field Marshal von Mackensen and the Roumanian military leaders, which occurred shortly after the Roumanian peace treaties were signed. Von Mackensen declared that the failure of the Roumanians to press their advantage in 1916 changed the whole course of the war. He said that his entire army could easily have been pocketed and compelled to surrender, and this might have been followed by a separate peace with Bulgaria, which would have separated Turkey from her allies and changed the whole balance of power in the east.

Politicians Are Blamed. The Roumanian failure, the memorandum asserts, was due, not to the military leaders, but to the shortsightedness of the politicians at Bucharest. In September, 1916, General Averescu, commander-in-chief of the Roumanian army, and by far the ablest of all the Roumanian Generals, had taken the army of four divisions and had crossed the Danube into the heart of the enemy's country.

He had found a clear path into the heart of the German-Bulgarian Dobruja army and had penetrated 15 miles with a view to cutting off all their communications and striking them from the rear. General Averescu's own position was safe, for behind him he had eight divisions of support and reinforcements, including Serbian and Roumanian troops of the first quality.

Forces Ordered Withdrawn. But Averescu had neglected to cut the wires which connected him with the politicians in the Roumanian capital and he had only got 15 miles beyond the Danube when there came a peremptory order to withdraw his forces. It was an absolute command from the War Cabinet. Averescu tried to reason with his political chiefs, but a long-distance telephone wire and even threatened to resign, but the politicians had decided and refused to change the decision.

The cabinet, it appeared, felt that there was danger of the German armies on the other side of Roumania—the Carpathian front—breaking through and doing a great deal of harm at a time when Averescu's army was far ahead. The politicians timidly preferred a defensive policy to a daring offensive and after a day or two of delay, Averescu and his army withdrew from their commanding position in Von Mackensen's rear and retired back across the Danube.

Maneuver Is Unexplained. The German war machine much puzzled by this maneuver and never were able to secure a satisfactory explanation of this withdrawal of their enemy at the very moment when his cause seemed won. Von Mackensen was an old war friend of von Staunon and knew the latter's abilities too well to underestimate them.

That was why Von Mackensen sought out Avrescu during the peace parleys a few weeks ago in Bucharest. "Why did you withdraw?" asked von Mackensen. "If you had gone forward you most certainly would have bagged the whole of the Bulgarian and German armies in the Dobruja."
