COWLE COUNTY TREASURER FACES DOUBLE BLOW.

Mrs. Faith Perry's Announcement Followed by One From Mr. Perry. He Will Not Seek Re-election.

EALAMIA, March 14—Specialish from Harry B. Forrester, 34, a member of the district council, report that the government now is in agreement with the United States, France, and Britain.

Nearby residents were hurried to be prepared for the strike of the boilermakers in the Consolidated Steel Company of Oakland, California, by the good news for the union. The strike of the boilermakers, which had been expected, was decided to be held at the company's plant at 8 a.m. on the 20th of this month.

A larger number of boilermakers and the engineers and mechanics are expected to support the strike, as it is expected to continue for several days. The union leaders have been working for several weeks, and the company has been negotiating for a long time.

The strike is expected to result in a substantial increase in the wages of the boilermakers. The union has made a strong appeal to the company to enter into negotiations for a settlement. The union has stated that it will not accept a settlement unless the company agrees to it.

Lawyer, note: We believe that the strike is going to result in a settlement that will be beneficial to both the company and the union.
