"Pershing's Crusaders"

United States Government Official War Films

THE UNITED STATES GOVERNMENT has made it possible for the great American public to be an eyewitness to the vast activities of the Army and Navy both "Over Here" and "Over There." Through the medium of the motion picture you are enabled to see in the making the momentous force which is to end the greatest war of the ages.

THESE PICTURES ARE FOR YOU

These official figures will give the people of Portland their first opportunity of seeing our boys in action in France; to understand just what these months of preparation have brought about in combating our common enemy; to enable the worker in the factory and office, the toiler in the field—in fact, every man, woman and child who is doing his or her part, to visualize the result of their labor to the present time.

These remarkable pictures will show those who subscribed to the Liberty Loans, Red Cross, Y. M. C. A., Knights of Columbus, Navy and other campaigns what their money has accomplished.

Every American will be intensely interested in seeing the baking of mountains of bread for the Army, the making of millions of uniforms, the manufacture of tons of guns, the launching of thousands of airplanes

into the air and thousands of ships into the sea. You will thrill with a vital pride at sight of OUR Navy and OUR Army in action—our own crusaders striding in legions on to victory! You will see

Our Boys "Over Here" and "Over There"

—the first-line trenches in France, the first batch of German prisoners caught by the Yankees—the hundreds of important and interesting details of modern warfare. You may see YOUR boy, or your neighbor's boy, or your friend behind the lines at work or play or marching through the streets of some little French town.

You will see the mighty Pershing, President Poincare, of France, and Secretary of War Baker on his recent tour of inspection of our armies in France. In short, you will see

AMERICA IN THE WAR

This remarkable motion picture, fittingly entitled "Pershing's Crusaders," was photographed by official Government cameramen, sent with the Army and Navy for that purpose by the United States Committee on Public Information, George Creel, chairman.
