

COASTAL FIRST AT DRAWING

Richard Miller Becomes Purchaser of 120 Acres Listed as Tract No. 21.

CHOICE LAND IS INCLUDED

Drawing Is Held Under Direction of Judge John McPhaul, of Washington, and Felice Cohn, of Carson City.

More than 200 anxious homeseekers yesterday attended the drawing at the United States Land Office in the Worcester building which determined the successful applicants for approximately 150,000 acres in the Oregon and California land grant.

Drawings on the land were received between June 22 and July 17. In all, 1027 filings were made on a total of only 227 of the 1227 tracts included in the 150,000 acre drawing.

The remaining acreage may be filed upon under the general provisions of the statute which provides that if successful in yesterday's drawing for the contested tracts announced that they would file on other tracts included in the drawing as soon as they have received back from the Government the amount of their deposits which accompanied the original filings.

All winners as indicated by the drawing become the purchasers of the particular tracts upon which they filed unless it is found they were disqualified under the provisions of the regulations governing the filing, from filing on the remaining tracts included in the drawing.

The following is a complete list of the drawing, the figures before the names being the order in which the drawing was made, while the figures following the names give the number of the tract of land filed upon by each of the 848 applicants.
