Field conditions for corn were almost ideal and arrivals of about 625 carloads here were far above the average for this part of the season. The market, accordingly, began to decline at the outset, but an unexpected scarcity of selling orders made shorts un-easy and led to covering, which lasted until mid-zession and brought about material up-turns. After the demand from shorts had become exhausted, however, the market weakened rapidly. was seen running away from the scene of the fire. This makes the fourth 13 Season to Year ago. Seattle, Sat.
