

EMPLOYERS' BODY TO BROADEN SCOPE

New Organization Now Is Known as Industrial Association of Oregon.

SMALL PLANTS TO BE AIDED

One of Objects of Change Is to Be Better Able to Help Government and Prepare for After-War Period.

On account of changes brought about by war conditions and a desire better to assist the Government in the prosecution of the war, which, it is believed, can be done more effectively through organized effort and co-operation, the Employers' Association of Oregon, organized in 1909, has changed its name and incorporated under the name "Industrial Association of Oregon."

The new organization, the Industrial Association of Oregon, has been incorporated with a capital stock of \$1000 by D. A. Pattullo, R. G. Littler, W. O. Fouch, H. D. Kilham and F. A. Doucy. The incorporators are also members of the board of directors, the other directors being Ralph Hahn, C. E. Greife, S. C. Bratton, M. B. McPaul, Charles B. Woodruff, H. E. Cowgill, O. W. Hensford, A. M. Mears, C. J. Parker and J. R. Stuart. Thomas McCusker, secretary of the Employers' Association, will be retained as secretary of the new organization.

Greater Output Is Sought.

The association contemplates a wider scope of activities in the upbuilding and fostering of the various industries of the state and particularly the smaller industries, so that there will be an increased output of Oregon products to the end that cargoes may be supplied to all steamship lines that shall seek to take advantage of the world market that unquestionably will be opened to the Pacific Coast after the war.

The restrictions that are gradually encompassing the so-called non-essential industries are likely to work serious injury to many, and possibly put some out of business altogether," said Mr. McCusker yesterday. "No one believes that it is the intention of the Government to do injustice to anyone, but in order to win the war, over-zealousness might work an injury where none was intended. We do not wish to be tempted to conflict with the Government, the association will use its efforts to secure consideration for these industries."

The association is looking forward to the reconstruction period after the war. Certain industries then will cease, such as wood and shipbuilding, and there will be a decided change in others, also in living conditions. There must be some place to absorb the workmen who will be released from war work, and if the so-called non-essential industries are eliminated, what is to become of them, since they are not to be shut down overnight, but must be built up gradually?

War Soldiers to Get Jobs.

"Other factors will enter into the reconstruction period. Notably, the women now employed in the various industries, who, without question, are going to hold their places. There also is the crippled soldier, who from patriotic motives, must be cared for. Most important of all is the returning soldier, who will be a big factor in both industry and politics."

Through our association we are co-operating closely with the National Association of Manufacturers and the various state organizations, and as a member of the National Council for Industrial Defense, which meets twice annually either in New York or Washington, D. C.

"We have a free employment bureau in connection with my office and assist any wage earner who calls upon us to obtain employment, regardless of his affiliations. We also assist business men to obtain help whether they are members of our association or not."

COL. OFFLEY IS IN FRANCE

Officer Formerly at Vancouver Sends Letter to Friend Here.

Colonel R. S. Offley, 163d Infantry, well known in Portland during his stay at Vancouver Barracks, has arrived safely in France and is now en route to S. H. Gruber, of Portland, from Montrichard, where he is now stationed.

"France is beautiful and the people are worth all we can give even to the limit," Colonel Offley wrote. "The Hun will pay dearly, too, and rest assured his day is coming and can only trade."

Colonel Offley, while at Vancouver Barracks, had the rank of Captain. He was elevated to his majority and served in the Mexican border, and after a period in the Army hospital in California, was stationed at Camp Lewis. He left for overseas about two months ago. Colonel Offley is well known work in Alaska. His family is now at Charlottesville, Va.

SOCIETY NEWS

PROMINENT MATRON TO BE PATRONESS FOR KNIGHTS OF COLUMBUS MILITARY DANCE AT AUDITORIUM SATURDAY.

Mrs. James R. O'Brien.

EVERYTHING today is related to the great struggle going on in Europe. Even in the domain of art, the war and its influence plays an important part. Yesterday at the University Club, where Dr. and Mrs. Harry Huntington Powers were honored at a luncheon, Dr. Powers in his address spoke of the relation of art to the world war. Art as a structural necessity for the upbuilding of man, art, not a thing but a spirit in things, art, a means of expressing the unified taste of the people, formed the theme of Dr. Powers' informal address. The eminent speaker was introduced by Judge Charles H. Carey, president of the Portland Art Association. The luncheon was planned by the association, the Wednesday morning art class and the Professional Woman's League. Mrs. Charles E. Curry, president of the Wednesday art class, entertained a party of 14. Nearly 30 attended the luncheon. Among those present were Dr. and Mrs. Powers, Judge Carey, Mrs. A. F. Thane, of San Francisco; Mrs. Mabel Holmes Parsons, Mrs. Harry Beal Torrey, Mrs. Charles McCulloch, Mrs. A. H. Roier, Mrs. F. J. Cobbs, Miss Nona Lawler, Mrs. G. N. Woodley, Miss Geraldine Aklin, Miss Dunlap, Mrs. Dunlap, Miss Emma Grubel, Miss Alleen Brong, Miss Henrietta Elliot, Miss Abby White, Dr. and Mrs. George Rebec, William D. Wheelwright, Folger Johnson, A. E. Doyle, Miss Henrietta H. Falling, Miss Barber, Mrs. Thomas Sharp, Mrs. W. B. Hinson, Miss Emma World, Miss Hinson, Mrs. H. H. Schreff, Mrs. H. C. Wortman, Edith Knight Holmes, Mrs. R. M. Tuttle and Mrs. C. R. Templeton.

Dr. Powers lectured later in the art museum and at night in Lincoln High School.

Peter A. Porter Circle, No. 25, Ladies of the G. A. R., will give a patriotic entertainment at Jefferson High School this Saturday night. Among those who will participate in the program are the G. A. R. quartet, Mrs. E. Denmore, the Junior Artisan Band, Jack Robinson, Mrs. Eric B. Robinson, Mrs. A. Hill and a number of young girls who will be seen in drills and features.

Mrs. Wayne Price (Annette Graber) of Salem, a recent bride, has been entertained extensively in Portland for the past week. Mrs. Price is the guest of her cousin, Mrs. Hugh Knipe, while waiting to join her husband, who is stationed at Fort McDowell.

Mrs. Maurice Mann, accompanied by her daughter, Miss Margaret Mann, of Portland, who has been sojourning in Europe for a month, returned to their home Monday.

Mrs. A. B. Dodd and Mrs. D. L. Rosenfeld have rented the Risley cottage at Seaside for the season. They have as their guest Mrs. C. E. Thum, of Boise, Idaho.

"Leonardo, the Magician of the Renaissance," will be Dr. Huntington Powers' subject for his lecture at the Benson School at 4:30 P. M. today at the Art Museum.

Saturday night will be marked with two especially interesting military events. At the Benson Hotel Simon Benson will be host for the boys of the Benson Polytechnic Training School. A community sing will jolly things along and begin the evening. This will be in the lobby of the hotel and will start at 8:45 o'clock. Dancing will begin in the crystal room, but will also be held in the lobby after the singing, as a large attendance is anticipated. Miss Mamie Helen Flynn will have charge of a program that will be given by some of the leading singers.

The National League for Woman's Service will assist Mr. Benson in dispensing the hospitalities. Among those in the receiving party will be Mrs. Robert Treat Platt, Mrs. J. D. Farrell, Mrs. C. J. Smith, Mrs. E. H. McCallister, Mrs. C. E. Simpson, Miss Bertha Masters and Miss Florence Knapp. About fifty will be patronesses.

The other event that is notable will be the Knights of Columbus dance at the Auditorium for the soldiers. Mrs. J. P. O'Brien and a number of prominent matrons have consented to assist the Knights by being patronesses for the occasion. Applications for cards of admittance of others than men in uniform must be made at the club. This dance is given under the auspices of the Knights of Columbus war committee for entertainment of soldiers in training camps, and over 500 men are expected.

A lawn fete planned for this evening at the residence of Mr. and Mrs. James Falling probably will resolve itself into an entertainment in the White Temple if the main continues. The Falling residence is two blocks away from the church. Mrs. Ella Hoberg Tripp will put on an attractive

program. The silver offering will be for patriotic work.

The dance at the Irvington Club Saturday night will be a jingle dance. The committee had planned to have a free dance, but the weather interfered with the gate receipts, and there will not be enough money for the training camp fund, so the dance must prove a source of income. The social committee has arranged some attractions and music will be of the best.

Among many others, Mrs. Carrie Dennis and her daughter, Mrs. C. W. Grover, of Detroit, Mich., and Ruth D. Groves, with Miss G. Bonita Groves, are camped for a few weeks at Rockaway Beach. Mrs. R. Kelsey and daughter, Helen, of Silverton, are their guests.

DOMESTIC SCIENCE

By LILIAN TINGLE.

PORTLAND, July 25.—Dear Miss Tingle: Can you give a recipe for Japanese rice cakes, a cookie that is not very sweet? The Japanese serve them with tea. I have been told the Japanese use no baking powder and I experimented, but without success. Cordially, MRS. H. D.

I THINK I know the kind of cakes you mean, and have often eaten them, but I have never seen a recipe for them. I believe they are made from a cooked rice paste, with or without egg white and a little sweetening, and are baked something like waffles in special irons. I have never seen the irons in this country.

Some day soon I will try to find time to make a few experiments with waffle irons, but in the meantime I will print your letter in the hope that some reader may come to the rescue.

You can make excellent little cookies with rice flour, a tablespoon mixed onion for the white flour of an ordinary recipe, but I judge that this is not the sort of thing you had in mind. Watch this column, and if I can find a recipe or succeed with my waffle iron experiments I will let you know.

There is also a variety of rice cakes that resembles Scotch shortbread made with very little sugar and no baking powder; but these take quite a good deal of shortening, and are therefore not very suitable for wartime.

PORTLAND, July 21.—Will you please give a recipe for Spanish rice. Thanking you.

"Spanish rice" has many variations. I give below two typical recipes. I have others if you don't care for either of these.

Spanish rice—This combination of vegetables makes a savory accompaniment for warmed up left-overs of meat or fish: 1 pint chopped tomatoes, 1 cup rice, 1 cup chopped celery, 1 cup chopped ripe olives, or 1/2 cup small rutabaga or 2 pickles, 1/2 cup chopped peppers, 1 tablespoon minced onion, 1 teaspoon salt, 1/2 teaspoon paprika or Spanish pepper (chili powder). Rub the tomato through a sieve and heat. Add the rice, chopped celery, seasoning and other ingredients and boil. Cover and simmer for one hour until the ingredients are thoroughly blended. Add 1/2 green pepper, if liked; 1/2 cup cooked peas is a good addition.

Spanish rice—This is a deservedly popular dish and, like the rice mixture given above, is excellent to serve with bean or meatless dinners: 4 teaspoons fat, 2 green peppers chopped, 1 onion sliced, 1 cup rice, 1/2 teaspoon paprika, 1/2 cup bay leaf, 4 large, ripe tomatoes or 1/2 can tomatoes, 2 tablespoons sugar, 2 teaspoons salt, 1/2 teaspoon white pepper or chili powder. A "pinch" or two of ground thyme is a good addition. Heat the fat in a heavy frying pan and in it brown delicately the peppers and the onions. Remove and brown the rice, add all other ingredients. Cover and let simmer on the back of the stove until rice is soft; add boiling water as the rice swells.

WOMEN'S PATRIOTIC SERVICE

By EDITH KNIGHT HOLMES

Those who wish to register as student nurses may do so at the Melor & Frank building, sixth floor. Registration is under the direction of the woman's committee of the Council of National Defense. Mrs. A. B. Beach is county chairman.

There is need for more room for G. A. R. delegates. When the call comes from a representative of the National League for Woman's Service, patriotic householders are asked to show hospitality.

Highland Parent-Teacher auxiliary will do Red Cross work today from 10 to 4 o'clock in the manual training room of the school. The auxiliary will meet every Friday this summer.

The auxiliary of the Medical Corps, 16th Infantry, will meet today at 2 P. M. in room 201, Courthouse.

18 FAIL TO APPEAR

Number of Draft Delinquents Displeases Boards.

SOME PROBABLY SLACKERS

Others May Have Been Unable to Report as Directed—Charge of Desertion Will Not Be Preferred for Present.

"He gave his address as 241 Couch street, and I guess that explains why he did not report for entrainment, as they tell me that is the I. W. W. headquarters."

Officials of Draft Board No. 2 were discussing the fact that five of their men ordered to appear yesterday for entrainment for Camp Lewis had failed to report.

Christopher Brooks it was who had registered from 241 Couch street. Officers of the law immediately began search for him.

For the first time disappointment was voiced yesterday by Portland officials over the number of inductees missing from their quotas. It is said that about 18 men who were to have entrained here failed to appear. Technically they are now deserters, though the officials prefer to use the term "delinquents" for a few days, pending possible discovery that the men in question boarded the train without their knowledge or that extenuating circumstances may be discovered.

Boards' Work Difficult.

Because of the great amount of work involved some of the boards had not yet definitely learned last night just what members of their quotas were missing. Preliminary lists were given out by other boards.

In some instances the officials are sure they have to deal with cowardly slackers. In other cases they hope to learn that the missing men at the last moment encountered some obstacle preventing their appearance for entrainment. Regardless of the cause of the failure to report the delinquents will be traced. The Government now has extensive facilities for running down deserters and no time is lost in putting them into operation. All men selected for military service must serve or pay the penalty.

Board No. 1 reports these selectives for failure to appear yesterday: Charles R. Vaughn, Herbert Eng, Kesto Sain, Kahkai Namba and Victor de Tourville.

One Board Reports Five.

These delinquents are listed by board No. 2: Christopher Brooks, Charles Yerxa, Henry Brown, Clarence Goodwin and Manlius Hyde.

Board No. 3 found Herbert Carlson missing yesterday and wishes to know what became of Sidney Will Mitchell and Lorenzo Bonadies, transferred elsewhere, but failing to report intention to go to camp.

Christen Christensen and Vernon Clark failed to appear for entrainment with the quota of board No. 5.

Reports from two or three other boards are expected to reveal the names of selectives who, for some reason, did not present themselves to be sent to camp.

Forty Autos Called For

MOTORISTS OF CITY ASKED TO VOLUNTEER SERVICES.

Young Women, Reconstruction Students at Reed, to Be Given Columbia Highway Trip.

With insistent emphasis upon the need for aid, the Chamber of Commerce yesterday repeated its call for 40 volunteer cars to convey a holiday party of reconstruction students from Reed College on a tour of the Columbia Highway. The outing is to be held next Wednesday.

"This party have these cars," said E. N. Weinbaum, of the Chamber of Commerce, who is in charge of the arrangements. "These young women, assembled from nearly every state in the Union, toil ten hours a day to perfect themselves in the noblest of war services. On Wednesday they have the opportunity to take a few hours' outing. It is distinctly 'up to' the motorists of this city to see that the cars are furnished."

Auto agencies, organizations or individual citizens who wish to offer their cars for the outing should notify E. N. Weinbaum at the Chamber of Commerce. Approximately 200 students will take the trip and it is estimated that 40 automobiles are needed. Cars are to leave Reed College at 2 o'clock on Wednesday afternoon. Instructions to motorists will be issued by Mr. Weinbaum.

PORTLAND LAWYER IS DEAD

W. A. Burke, Resident of Oregon for 10 Years, Patriotic Worker.

W. A. Burke, Portland attorney, died yesterday morning at St. Vincent's Hospital. Funeral services will be held Saturday.

A native of Kern County, California, Mr. Burke came to Portland about 10 years ago to attend the law school of the University of Oregon. He was prominent among the younger attorneys here. He was a "four-minute" man and did much other patriotic work in this city.

He was a member of Portland Lodge of Elks, Knights of Maccabees, Woodmen of the World and Knights and Ladies of Security.

He leaves three brothers, Walter, Vincent and Daniel, and two sisters, Mrs. M. Fritz and Mrs. C. E. Wilkerson, all of Bakersfield.

FIVE TIRE OF MARRIAGE

FOUR WIVES AND ONE HUSBAND SUE FOR DIVORCE.

Cruelty Charged by All Complainants in Suits Instituted in Circuit Court.

It took just 10 days for Myrtle Allison to tire of married life with Robert Allison, according to her divorce complaint filed yesterday. The plaintiff asks for divorce and the restoration of her maiden name, Myrtle Lanphere. Extreme cruelty is charged.

Cruelty is likewise the complaint of Ella Puckett in her divorce suit against Jesse Puckett, whom she married in this city in 1917. S. M. Klinefelter accuses Arlin Klinefelter of cruelty in his divorce complaint filed yesterday.

After starting suit for divorce on May 18 and then dismissing it after a reconciliation had been effected, Ethel Witt has again begun proceedings for divorce from Claus Witt. The charges of cruelty are the same as in the complaint filed two months ago. She demands the custody of their two minor children and \$50 a month.

Extreme cruelty is the charge by which Rachel I. Smith seeks a divorce from Lester D. Smith, to whom she was married in 1914. They have a small son whose custody the plaintiff asks.

NO WASTED ENERGY

There is no waste in using

Crescent Double Acting Baking Powder

It does not destroy flour nor does it die out after one spasmodic effort to raise the dough—its action is steady and sure. "Crescent" is wholesome, pure and reliable.
