

PEACE IS RESTORED IN SCHOOL CIRCLES

L. R. Alderman to Direct War Activities at Fixed Salary of \$5000 a Year.

JOHN E. COOTER RESIGNS

Resolutions Protesting Manner of Removing Former Superintendent Are Made Part of Portland School Records.

Peace has returned to brood at the sessions of the School Board, for the sidetracking of L. R. Alderman, former City Superintendent, in a clerical incident, through his definite acceptance of the inferior post of superintendent of war activities.

At yesterday's session of the board Mr. Alderman's letter accepting his assignment to duty was at hand, while G. A. Groul, chosen by the directors as successor to the superintendency, transacted all business of that office at the meeting.

The meeting did not lack for a curious attendance, assembled with the hope that verbal fireworks would follow in the train of the Alderman matter. Only to a mild degree were they gratified, and that at the close of the meeting, when A. F. Piegel, representing the Alderman forces, registered a formal protest against the manner in which the former superintendent was removed from office, charging that the session which took such action had been star chamber.

Resolutions Are Read.
Mr. Piegel presented the resolutions which were passed by the mass meeting of protest, in Mr. Alderman's behalf, shortly after public notice had been given of his demotion. He requested that these be read.

Following the reading of the resolutions, which roundly condemn the action of the three directors who displaced Mr. Alderman, a motion prevailed to have the document placed on file as an official record.

The salary of Mr. Alderman, as superintendent of the war work committee, was fixed at \$5000 for the fiscal year, beginning July 1. In addition he was granted \$100 a month for the maintenance of a car to be used on district business, with the stipulation that he provide the equipage.

Following the meeting Mr. Alderman made the following statement:
"I intend to put every energy into the new work, make my efforts count for the most and give the best in me under the circumstances for the five years I have been superintendent, and I shall continue. I shall not be a fault finder and shall not neglect my duty. I accept it as an assignment to duty."

Parents Urged to Help.
"I hope for undivided assistance from parents and others and every organization. I have given the best in me under the circumstances for the five years I have been superintendent, and I shall continue. I shall not be a fault finder and shall not neglect my duty. I accept it as an assignment to duty."

The resignation of John E. Cooter, superintendent of school gardening, was accepted. Mr. Cooter is to accept the position of county agricultural agent for Lincoln County.

Duties of the newly created post of war work superintendent were outlined by Superintendent Groul, who proposed that the work should include interest in the re-education of wounded soldiers, participation on behalf of the school system in all patriotic drives and movements, the general planning and directing of all war work that comes within the province of the schools and the filing of a monthly report of such activities. Mr. Groul said that 20 instances of patriotic participation were of record in the schools during the past year.

Patriotic Branch Approved.
Recommendations filling posts in the system as presented by Superintendent Groul were approved by the board as follows: E. H. Whitney, second assistant superintendent; W. A. Dickson, to be principal of Oakley Green; Mrs. A. Alexander, to be principal of Woodmead; J. O. Hall, to be principal of Creston; H. W. Ager, to be principal at Linnton; L. L. Baker, to be principal at Glenhaven; Martha N. Hart, to be domestic science teacher.

Request for a department of special patriotic instruction, henceforth to be included in the course, was granted, and M. L. Pratt was elected to assist in the work, at a salary of \$1500 per year.

Deans of girls at high schools were named as follows: Mrs. A. H. McCollister, Lincoln; Mrs. Gertrude Grahame, Girls' Polytechnic School; Miss Caroline Holman, Jefferson.

More than 600 women applied for the nurses' training camp at Vassar college.
