ABERDEEN, Wash., Aug. 9 .- (Special.)-A general roundup of men ac cused as principals in what is claimed one of the most brazen land frauds ever perpetrated in this section curred last night when E. McNab and P. B. Camp, salesmen for the International Exhibition & Sales Company of Tulsa, Okla., were arrested by Officers Pittinger, Leighton and Nienau, on a warrant charging grand larceny and land fraud, sworn to by a local ship-yard employe who had purchased claims from the company.

land agents reached Aberdeen, and which has served as headquarters for their operations here, was also taken to jail. Dr. H. W. Jarvis, sales manager of the company, left Aberdeen shortly before the arrests were made, motored to Olympia, wired here that he was on his way to Aberdeen, made sensational fitney dash for Centralia. and was finally arrested this morning at Vancouver. A member of the Sheriff's force is en route to Vancouver

to bring the prisoner here.

The Pullman car Oklahoma, bearing Dr. Jarvis, McNab, Camp and their porter, Taylor, arrived in Aberdeen about a week ago and was sidetracked at the end of the spur at the end of the Union depart. American flags were at the end of the spur at the end of the Union depot. American flags were displayed on the car piatform and signs over the signature of the International Exhibition & Sales Company were dis-played, advertising the sale of former Indian lands in Oklahoma. According to appearances the company did a thriving business. Many small investors were attracted by the proposition offered by the company, whereby it is alleged they offered 160 acres for \$134.

Economy: - Frugality of Expenditure

MANY WOMEN feel they are practicing economy if they do without.

Economy is not in doing without—it is in knowing how to secure
the best results from a given outlay of energy and money. And
thrift and economy are twins. As a matter of wartime experience
every loyal American must produce more and use less. No war of
intense spirit and large dimensions can be conducted except upon the
