

GIGANTIC POWER AWAITS HARNESS

Water Resources of Columbia Basin Third That of All United States.

SINNOTT ADDRESSES HOUSE

Oregon Representative Points Out Immense Possibilities of Development in This State—Rentals Claimed for State.

OREGONIAN NEWS BUREAU, Washington, Aug. 20.—Representative Nicholas J. Sinnott, of Oregon, addressed the House today in support of the water power bill in the form in which it was reported to that body, except that he urged the elimination of the clause which would extend the definition of navigable waters to include all tributaries of navigable waters.

After emphasizing the importance of water-power development, Mr. Sinnott asserted the proprietary interest of the several states in their water resources subject to the right of the Federal Government to control navigation.

He denied the right of the Government to collect any fees from water-power privileges, other than an amount sufficient to defray administrative expenses.

"If it be wise," said Mr. Sinnott, "to make substantial rental charges, these rentals should belong to the people of the states owning the water resources."

Speaking particularly of Oregon's interest in water-power development, Mr. Sinnott said that in the Columbia River basin is one-third of the potential 6,000,000-horsepower estimated to be in the United States.

He declared that water capable of developing nearly 1,300,000 horsepower is running to waste in Oregon—a power equivalent to that produced by 36,000,000 tons of coal with a value of \$144,000,000 annually.

Photograph Shows Possibilities. Mr. Sinnott illustrated by means of a large photograph the possibilities of power development at The Dalles, where a 25-foot dam, easily built, would develop 500,000 horsepower in the year and nearly 500,000 the other four months.

He pictured the possibility of a dam 500 feet high, impounding the waters in an inland sea extending back 80 miles, near to Hermiston, with a possible development of 2,000,000 horsepower.

Mr. Sinnott argued in support of the net investment rather than the fair value of recognized leases of water-power sites if the Government decides to take them over at the expiration of the lease, and closed his address with a eloquent word picture of the opportunities for development in the Pacific Northwest.

Speech Warmly Applauded. Mr. Sinnott was accorded close attention during his address and was several times interrupted with questions or controversial arguments.

The strong points of his address were warmly applauded, and at the close of his speech he was highly complimented, particularly with regard to that portion of his address devoted to discussion of the legal phases of the subject.

CLAUDE PORTER IS SLATED

Prosecutor of I. W. W. Agitators May Be Named Federal Attorney.

WASHINGTON, Aug. 20.—Claude R. Porter, United States Attorney for the Southern United States, who assisted in the prosecution of I. W. W. agitators at Chicago, is under consideration by President Wilson for nomination as an assistant Attorney-General to succeed William C. Clegg, who resigned recently.

SEDITION WORKER IS FINED

Ewan Edwards in Default Will Serve Jail Sentence.

VICTORIA, B. C., Aug. 20.—Ewan C. Edwards, an international Bible student worker, on being convicted in Police Court today of having copies of "The Unfinished Mystery" in his possession, was fined \$1000, in default of which he will serve six months in jail.

STUDENT CORPS PLAN UP

War Department Said to Be Considering Provisional Enlistment.

EUGENE, Or., Aug. 20.—(Special).—A telegram received at the University of Oregon from Edward C. Elliott, chancellor of the University of Montana, director of the Students Army Training Corps for the district, indicates that a plan for provisional enlistments of men who expect to attend college during the coming year is projected by the War Department and may be inaugurated within the very near future.

Such enlistments would prevent the taking of students in the draft before the opening of the school year, when they will be enlisted in the United States Army as members of the Students Army Training Corps.

Director Elliott says provision will be made for the voluntary induction of college students into the service upon the opening of school ahead of their order numbers in the draft as members of the Students Army Training Corps.

REVENUE MEASURE WILL BE AMPLE

Eight Billion Dollar Bill May Not Be Completed by Next Monday.

DIFFERENCES STILL EXIST

McAdoo Agrees to Plan for Division of Business Enterprises Into Groups for Purpose of Deductions.

WASHINGTON, Aug. 20.—The House ways and means committee, after an all-day discussion of Administrative provisions and other details of the \$8,000,000,000 revenue bill, was unable to reach a final agreement on the details of the income and excess profits tax schedules.

The Germans are stubbornly contesting with the British points of vantage on the line south of the Somme near the center of the line, which would be the key to the enemy's defense line. With the capture of Beaulieu, the French, they apparently are on the eve of falling and with its fall doubtless the entire line northward to the Somme also will give way.

The Germans in the Merville sector, Lys salient, everywhere are being kept in a state of nervous tension, and at last accounts they were showing no indication that an immediate halt in their advance on the Lys would be made. The Germans are showing some resistance, they are not putting their hearts into their work.

There has been little fighting along the Vesle, where the Americans and French are facing the enemy.

\$750,000 BONDS ARE ISSUED

Main Springs District Intends to Put Water on Land.

BOISE, Idaho, Aug. 20.—(Special).—The Warm Springs irrigation district, covering at Vale, Or., has issued \$750,000 in bonds which have been sold subject to the approval of the capital issues committee at Washington.

The sub-committee will recommend a Federal license tax of \$24 for importers and compounders, \$12 for wholesale dealers, \$6 for retail dealers, and \$3 for physicians, veterinarians and dentists prescribing opium or other narcotics.

The "legislative drafting board," as agreed upon today, is to have a body of experts to draw bills and other legislative documents. Each of the two members will receive \$6000 a year.

An effort was made by Representative Moore and Longworth to relieve symphony orchestras from the 20 per cent amusement admission tax, but the committee rejected the proposition.

The committee also has a bill which will amend the law relating to the admission tax on automobiles.

Other survivors of the Shiloh veterans war council, headed by George B. Washington, commander-in-chief of the National Association Survivors of the Battle of Shiloh, mainly for the purpose of boosting the next annual reunion of the association, to be held on the battlefield on the 57th anniversary of the battle, April 6 and 7, 1919.

Other survivors of Shiloh who discussed the battle and the present condition of the fields where it was fought are Frederick C. Baker, of Grand Rapids, Mich.; John Underland, of Springfield, Ill.; S. M. French, of Chicago, Ill.; Comrade Lewis, of Iowa; Comrade Parker, of Chicago, Ill.; and Comrade Hiers, of Missouri.

The battlefield of Shiloh is now set aside by the United States as a National cemetery. It is more than 4000 acres in size and has 27 miles of gravel and paved roads, representing every road used in the battle. Each new railroad storm uncovers relics of the battle, and the veterans who visit the field annually always carry home with them some cherished token.

Progress of the War. (By the Associated Press.) From Soissons to the Belgian border the German armies in various important sectors are being put to the test by the French and British, and it is a test that seemingly bodes ill for the Teutonic army.

The French and British have been able to sustain the shocks. Northwest of Soissons from the Aisne to the Oise, north of the region around Roye, in the Arras sector and northward on the famous Lys salient, the Germans everywhere have been compelled to fall back under the pressure of the French and British troops.

In a new offensive launched by the French General Mangin from a front of approximately 15 1/2 miles from Bailluy, on the Oise, to the Aisne near Soissons, the French have carried forward their line to an average depth of two and a half miles, and in the first phase of the battle had turned to French possession numerous enemy held villages and farms. In addition more than 8000 Germans had been herded behind the line, prisoners.

At last reports Mangin's men were still hard after the enemy, and unofficial accounts placed the French on various sectors well in advance of the

Progress of the War. (By the Associated Press.) From Soissons to the Belgian border the German armies in various important sectors are being put to the test by the French and British, and it is a test that seemingly bodes ill for the Teutonic army.

The French and British have been able to sustain the shocks. Northwest of Soissons from the Aisne to the Oise, north of the region around Roye, in the Arras sector and northward on the famous Lys salient, the Germans everywhere have been compelled to fall back under the pressure of the French and British troops.

In a new offensive launched by the French General Mangin from a front of approximately 15 1/2 miles from Bailluy, on the Oise, to the Aisne near Soissons, the French have carried forward their line to an average depth of two and a half miles, and in the first phase of the battle had turned to French possession numerous enemy held villages and farms. In addition more than 8000 Germans had been herded behind the line, prisoners.

At last reports Mangin's men were still hard after the enemy, and unofficial accounts placed the French on various sectors well in advance of the

positions outlined in the French official communication.

Along the Scarpe east of Arras Field Marshal Haig's forces have kept up their harassing tactics against the enemy, who had been compelled to fall back eastward along the Scarpe, but with no purpose, and the British advanced their lines to the east of the village of Pampouze. Particular significance attaches to this advance by reason of the fact that the Germans have been driven back until they are virtually upon the old battle line as it stood in December, 1917.

Northward the Lys salient again has been narrowed down by the operations of the British, who, north of Merville have taken the villages of Vierhoek and La Couronne and also reached the Lys. The British gain represents a forward movement of about a mile and a half and places the British astride the road running southeastward to Estaires.

The new victories of the allies are highly important. The advance of the French, notwithstanding the fact that in conjunction with the successful maneuvers in the Lassigny sector and south of Roye, where Bouvignies has been captured, seemingly means that the enemy forces from the Somme to the Oise soon must give up their positions and retreat eastward.

It is not improbable that as Noyon is well outflanked on the south and southwest and the German line is none the less in jeopardy, the Lys, which the enemy will be under the necessity of moving his troops northward from the Vesle toward, if not across, the Aisne.

The Germans are stubbornly contesting with the British points of vantage on the line south of the Somme near the center of the line, which would be the key to the enemy's defense line. With the capture of Beaulieu, the French, they apparently are on the eve of falling and with its fall doubtless the entire line northward to the Somme also will give way.

NEW HEAD IN CAMP

Vanderbilt Takes Charge at American Lake.

YANKEE FIGHTERS PRAISED

High Officer Will Have Command of 25th Infantry Brigade, Now in Process of Organization.

CAMP LEWIS, Wash., Aug. 20.—Brigadier-General Cornelius Vanderbilt, who will command the 25th Infantry Brigade now in process of organization here as one of the three brigades in the 13th Division, arrived this morning with his son, Private C. Vanderbilt, Jr., and, as the senior officer in camp, immediately assumed command. He relieved Colonel E. N. Jones, who acted as camp commander since June 24, following the departure of Brigadier-General Edward Burr.

General Vanderbilt is one of the two National Guard officers who have been promoted to Brigadier-General since overseas last year. With the rank of Colonel and in command of the 102d Engineers, a National Guard organization, he was promoted to the rank of Brigadier-General June 28 and automatically relieved of command of the 102d. A few days later, in compliance with the plans of the War Department to have officers who have seen service with the expeditionary forces in France to be a part of and train new divisions here, he was ordered to the United States and subsequently to Camp Lewis.

He was accompanied from France by his 20-year-old son, C. J., who as a private has been on duty at the headquarters of the division to which he was assigned. The young man also came to Camp Lewis with his father, who said this morning that his son would probably be a personal orderly at the brigade headquarters of the 25th Brigade.

"No, I can't tell you who will be the Major-General in command of the division," he said to the Associated Press, adding, "I would if I knew, for I am just as anxious as you to know."

Allies Are Surprised. "You realize, of course, that I can't tell you much about the Americans in France for publication, but I can say that the American troops there are surprising those of the other allies by their ability to sustain a style of fighting there in as short a time as they do. France regards America as the savior of that country and, everywhere that there are any American soldiers in France for publication, but I can say that the American troops there are surprising those of the other allies by their ability to sustain a style of fighting there in as short a time as they do.
