STEPHENS TAKES LEAD FROM ROLPH

Incumbent 12,000 Ahead for Governor; Rolph Strong as Democrat.

MISS RANKIN SEEMS LOSER

Lanstrum in Winning Position for United States Senator in Montana—Newberry Has Plurality in Michigan.

SAN FRANCISCO, Aug. 28.—Governor William D. Stephens led his nearest competitor, James Rolph, Mayor of San Francisco, by more than 12,000 votes in the race for the Republican nomination for Governor, in returns available at midnight tonight.

These returns were from completed returns from nearly five-sixths of the precincts of the state. They showed J. O. Hayes, newspaper publisher and business man of San Jose, running third. Former Judge Walter Bordwell, of Los Angeles, was fourth; Charles M. Fickert, District Attorney of San Francisco County, fifth, and C. A. A. McGee, of San Diego, sixth.

Webb Leads, 2 to 1.

Attorney-General U. S. Webb, who encountered a contest for the Democratic nomination for that office, met it comfortably with more than two votes on that ticket for one for his opponent, James Donovan, of Los Angeles, according to returns from more than half the precincts in the state. Justices Lennon and Wilbur appeared to have the lead in nominations for the Supreme bench, and Will C. Wood, of Alameda, and Edward Hyatt, Superintendent of Public Instruction, seemed well established as contenders in November for that position. Wood is now Commissioner of Secondary Education.

In most of the congressional districts incumbents did nicely for themselves.

Indications, where contests existed, were as follows:

First district—Republican, C. F. Lea, incumbent, Santa Rosa. (Unopposed for Democratic nomination).

Seventh district—(Replacing Denver S. Church, retiring). Democrat, Henry Hawson, Fresno; Republican (uncontested) H. E. Barbour, Fresno.

Eighth district—E. A. Hayes (incumbent), Eden Vale, Republican; H. S. Hersmon, Gilroy, Democrat.

Ninth district (Los Angeles)— Montaville Flowers, Republican, closely followed by C. H. Randall, incumbent.

Tenth district (Los Angeles)—H. Z. Osborne (incumbent), Republican.

Eleventh district—William Kettner (incumbent), San Diego, Republican. (Unopposed for Democratic).

Rolph Leads Democrats.

Mayor Rolph, a Republican, was well ahead in the race for the Democratic Gubernatorial nomination, outdistancing Francis J. Heney, of Santa Monica, by 17,000 votes. Thomas Lee Woolwine, District Attorney of Los Angeles County, failed to approximate half the vote cast for Heney.

Under the California laws Mayor Rolph, unless the official count or the remaining precincts should overthrow the Governor's lead, cannot become the Democratic candidate, having lost the nomination of his own party. This law has not been tested in the courts.

DETROIT, Aug. 28.—After seesawing throughout the day between John W. Bailey and Edward A. Frensdorf, the lead in the race for the Democratic nomination for Governor rested early tonight with the former.

Interest in Tuesday's primary election swung to the Democratic gubernatorial fight early this morning, after the count of ballots in the Senatorial contests showed overwhelming victories for Truman H. Newberry, on the Republican, and Henry Ford, on the Democratic tickets.

HELENA, Aug. 28.—Dr. C. M. Lanstrum, of Helena, maintains tonight his lead of approximately 3000 votes over Miss Jeannette Rankin, Representative from Montana, in the race for the Republican nomination for United States Senator. These figures are based on complete returns from more than half of the precincts of the state.

The vote from 796 precincts shows Dr. Lanstrum polled 15,104 and Miss Rankin 11,952.

It developed today that the name of Miss Rankin was written on a few National party ballots, which, according to election officials, entitle her to a place upon the state ballot in November.

COLUMBIA, S. C., Aug. 28.—With 100,000 votes reported out of a possible 115,000 cast in yesterday's primary election, Nat G. Dial has been nominated for the United States Senate over Cole Blease and J. F. Rice by a majority that will probably approach 20,000 votes. Dial's lead over Blease is more than 22,000.

TRAP CATCHES THREE

ALLEGED BOOTLEGGERS ARE ARRESTED IN BAKER COUNTY.

Sheriff Held Up and Disarmed, but Tables Later Are Turned on Newton Brothers.

BAKER, Or., Aug. 28.—(Special.)—Ed Newton, known locally as the "King of Bootleggers," and his two brothers, Henry and Harry, were arrested early this morning, charged with illegal selling of liquor and resisting an officer.

A trap was laid to catch Newton, who is said to have been operating in Baker and Union counties for many months. Sheriff Warnock, of Union County, disguised as a chauffeur, accompanied two men who had bargained with Newton for 25 cases of liquor to be delivered on a country road, for which $2125 was to be paid.

When the liquor was delivered Warnock stepped from the car and arrested Newton. The latter's wife, two brothers and two unknown men, all armed, then stepped from a hiding place by the roadside, held up the Sheriff and disarmed him.

Sheriff Anderson and deputies, of Baker County, who were hiding nearby, after a short chase arrested Newton's brothers and, later, Newton himself, in Baker. No trace of the liquor could there be found. Deputy Sheriffs are still hunting for Mrs. Newton, the two unknown men and the liquor.

HUN HAND SEEN IN MOVIES

"Certain Interests" Still Busy With German Propaganda.

George Washington shaved himself ~on Occasion~

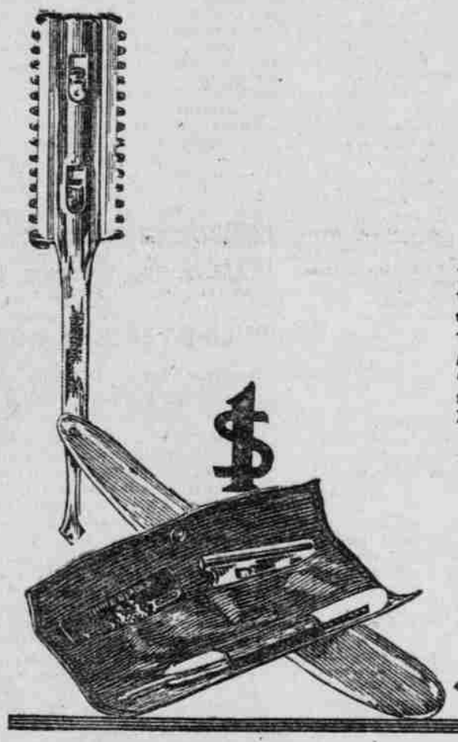
ONE of these occasions was when his faithful servant allowed his hand to slip—whereupon the General arose in his wrath and finished the job himself; for the Father of our Country was very properly fond of a good, clean shave.

And in his simple shaving kit may still be seen his equally simple razors. While their model is many hundred years old, they have never been bettered in *heft*, or *shearing width*, or *right shaving angle* on the face.

At such times when his old servant failed him, Washington would have appreciated the guarded, two-edged blade of the Durham-Duplex because he would have found it nothing more than his own well-loved model *made safe*.

DURHAM-DUPLEX

A Real Razor—made Safe



Exactly the same shape and balance in the hand that uncounted generations of shavers have brought to perfection—*with these extra advantages:* (1) a *guarded* blade that can't cut your face. (2) a *double-edged* blade for economy's sake. (3) a *detachable* blade for the luxury of a fresh edge at a moment's notice. (4) a *stroppable* blade, so that you don't have to throw good steel away. And it's the longest, strongest, keenest, *best-tempered* blade on earth. Seven million shavers have found that the Durham-Duplex gives them more shaving mileage than any other safety razor. Get your Durham-Duplex *today*.

ONE DOLLAR COMPLETE

This set contains a Durham-Duplex Razor with white American ivory handle, safety guard, stropping attachment and package of 3 Durham-Duplex double-edged blades (6 shaving edges) all in a handsome leather kit. Get it from your dealer or from us direct.

AD CLUB MEN MEET

DR. FRANCIS BURGETTE SHORT IS SPEAKER AT LUNCHEON.

Gathering Is Also Featured With Singing by Mrs. Mildred Mills and Alpine Singers.

Dr. Francis Burgette Short spoke in the crystal room of the Hotel Benson yesterday at the Ad Club luncheon. Other features in the entertainment programme included a song by Mrs. Mildred E. Mills, of Boston, and the Alpine Singers of the Hippodrome circuit. James L. Kibbe was chairman and introduced the speaker. Dr. Short, whose subject was "After the War—What?" voiced the belief that before the war is over every person would be obliged to show themselves 100 per cent American and that power born of righteousness would prevail.

"We have been too big or else we have been too busy to give attention to our American democracy," said Dr. Short. "Speaking for the last 25 years over which my own observation extends, it seems to me there has been too much liberty and too much license.

"After the war is won there is going to be ushered in some of these days a new principle of life. It will be the brotherhood of man."

PLANE FIGHTS TWENTY

BRITONS PUT UP EXTRAORDINARY BATTLE IN AIR.

Attacking Machine Comes Home With Pilot Wounded and Observer at Steering Wheel.

(By the Associated Press.)

WITH THE BRITISH ARMY IN FRANCE, Aug. 28.—A story of war in the air so extraordinary as to appear almost incredible came to light today.

A British double-seated airplane attacked 12 German chaser machines and pursued them well over their own lines. Soon after, it was itself attacked by 20 German chaser planes, 12 above and eight below.

During the ensuing mixup the British airmen say they downed one enemy machine in flames.

The allied machine then ran for home and was pursued by the other 19 enemy airplanes. It arrived at its field with the pilot wounded, the observer leaning over his body and guiding the plane.

George Ten Eyck Fills Vacancy.

OREGON CITY, Or., Aug. 28.—(Special.)—George Ten Eyck, of Sandy, has been accepted by the local draft board to fill the vacancy at the Benson Polytechnic School caused by the failure of Ennie E. Gabriel to qualify. He is a well-known business man and he and his bride have just returned from their honeymoon. He will leave on Tuesday for Portland.

THE GREAT LEADER OF OUR ALLIES

Our boys are now following the great leader of our Allies "over there," fighting the battle of the United States, fighting without thought of being heroes—but fighting that men, women and children may not be tortured, burned and mutilated. Fighting against the bestial foe of America and mankind. No greater heroes nor braver men ever fought on the battle-fields of France than our "Sammies." Men with dauntless spirits—men of red blood, courage, energy, vim and vigor are needed every day behind the lines as well as behind the guns. You need iron in the blood! Every healthy man or woman should have about as much iron in his or her body as there is in an ordinary "tenpenny" nail. To gain this iron, the best way is to take an iron-tonic, called "Iron-tic," a combination of iron in its most soluble form, discovered by Dr. Pierce and experimented with by his physicians at the Surgical Institute in Buffalo, N. Y. "Iron-tic" is a form of iron readily taken up by the blood, the blood-cells get round, rich-red in color, the cheeks are pink, the appetite improves, and one feels full of "snap"—"pep"—"vigor"—instead of tired before the day is half done. The eyes take on a luster and the body feels that tingle which one gets from a cold bath. If you want to try this new "Iron-tic" Tablet send 10 cents to the Surgical Institute in Buffalo, N. Y., and obtain a trial package. This 20th-century Iron tonic is sure to do you good. Druggists sell "Iron-tic" for sixty cents.
