

BRITAIN ROUSED BY RAID ON EMBASSY

Demand Made on Bolshevik Government at Moscow for Reparation.

LENINE'S CONDITION GRAVE

Bullet Removed From Wounded Premier's Body; Revolt of Peasants Obstructs Advance Soviet Forces.

LONDON, Sept. 4.—The British government has sent a telegram to the Bolshevik government at Moscow demanding reparation and prompt punishment of those culpable in the attack on the British Embassy at Petrograd on Saturday, when the Embassy was sacked and Captain Cromie, the British attaché, was killed.

The British government threatens in the event of the failure of the Bolshevik government to give satisfaction, or if there should be a repetition of acts of violence, to make the members of the soviet government individually responsible and have them treated as outlaws by civilized nations.

The condition of Nikolai Lenin, the Bolshevik Premier, against whose life an attempt was made last Friday, has become highly critical, according to a dispatch from Moscow to the Central News Agency.

The crisis is expected within three days. Surgeons have removed a bullet from Lenin's body.

AMSTERDAM, Sept. 4.—Soviet troops advancing in the direction of Ufa, Perm and Saratov are in a difficult position owing to a sudden rising of the peasants, according to a Moscow dispatch to the Berlin Kreuz Zeitung.

Measures are being taken, it is said, to suppress the revolt.

According to the Jevestia of Moscow the Bolshevik central executive committee has ratified the recently drafted supplementary agreement to the Brest-Litovsk treaty and they have been dispatched to Berlin for ratification by the German government next Friday.

WASHINGTON, Sept. 4.—Vice-Consul Imbrie and all other Americans remaining in Moscow and Petrograd are well and at liberty, according to a dispatch received at the State Department today from Christiania. The information came from the Norwegian charge at Petrograd.

YANKS PUSH ACROSS VESLE

(Continued From First Page.) The Germans had given up the struggle to maintain a foothold north of the Vesle.

American and French artillery continued their punishing fire over an area extending to the Aisne without bringing a reply that they could be compared in intensity.

The advanced American detachments were confronted with the same sort of machine gun fire that the Germans have used in all other cases recently to hold off the opposing forces while making good their retreat.

The withdrawal of the Germans is regarded as a direct result of the enormous pressure against their line extending north of Soissons. It will not be a surprise if a secondary resistance for another brief interval will be made where the line runs back toward Rheims.

It is pointed out that the Germans cannot afford to hold there long, since the same pressure will be exerted, and they cannot afford to leave a salient at that point. By shortening and straightening their line, with its base on the Chemin Des Dames, the Germans will be able to release two of the four divisions for much needed support in other sectors.

The Germans carried out their retreat behind a smoke screen raised on the northern edge of the plateau north of the Vesle. French and American forces went forward quickly and tonight the American patrols are well to the north of the river with numerous towns and villages at their mercy.

Grange Meeting Announced. Masters, lecturers and overseers of the Association of Granges will meet with Evening Star Grange at its hall, East Eighteenth and Division streets, Saturday at 1 o'clock in the afternoon. A general programme will be given.

WALK ERECT AT EIGHTY

"Because a man or woman is old does not mean that they must walk along bent over and supported with a cane. A man can be as vigorous and healthy at eighty as at twenty if he does his part of the body in performing their functions."

All diseases whether of a malignant or weak character tend to tear away our vitality. You must counteract disease in its incipient stage if you would live a happy and useful long life.

GOLD MEDAL Haarlem Oil Capsules, a 200-year-old preparation that is used all over the world, contains soothing oils combined with strength-giving and system-cleansing herbs. These capsules are a prescription and have been used and are still being used by physicians in daily practice. They have proven their merit in relieving backache, kidney and bladder complaints and all ailments arising from an excess of uric acid in the system.

GOLD MEDAL Haarlem Oil Capsules are sold at all reliable druggists. They are guaranteed to do everything an old-fashioned medicine should do. Don't be misled by false imitations. Look for GOLD MEDAL on every box. For sale and guaranteed by The Owl Drug Co.—Adv.

OFFICIAL WAR REPORTS

British.
LONDON, Sept. 4.—The official report this morning from British headquarters in France reads:

"We have reached the east side of the Vaux woods north of Moislans and have advanced slightly at other points. Generally our troops have reached the line of the Canal du Nord and north of the Arras-Cambrai road have occupied Ecourt-St. Quentin.

"In the Lys sector further progress was made both south and north of the river. Our troops are approaching Neuve Chapelle and Laventie and have gained possession of Sully-sur-Lalluy, Nieppe and Le Momarin."

The text of the communication issued by the British Admiralty reads:

"During the period between August 25 and September 1 the Royal Air Force contingents working with the Navy have carried out successful bombardment raids over Ostend and Zeebrugge and approximately 21 tons of bombs have been dropped with excellent results. Large fires were started. Two direct hits were obtained on anti-aircraft batteries and there were many bursts in the docks."

"In home waters anti-submarine reconnaissance and offensive patrols have been maintained. In engagements with enemy machines two were destroyed and another was driven down out of control. All our machines returned safely.

"In the Aegean a constant reconnaissance of the Dardanelles has been maintained. In engagements with enemy machines two were destroyed and another was driven down out of control. All our machines returned safely."

"Constantinople was bombed on the night of August 25-26. The air-drome at Gallipoli and the seaplane base at Gallipoli and Chanaq were also heavily bombed by British machines in co-operation with a Greek unit."

"Constantinople was again bombed on the night of August 27-28 with good results. The attack was directed against the arsenal and dock yard on the Galata and Pera side and the war office and the barracks adjoining on the Stamboul side. One of our machines failed to return."

French.
PARIS, Sept. 4.—The official French statement this morning reads:

"Yesterday the French continued to press back the enemy east of the Canal du Nord and between the Ailette and the Aisne."

"French troops captured the Chapitree wood, northeast of Chevilly, and further south French elements advanced, pursuing the enemy, and are approaching Criselles."

"North of the Ailette the French carried their lines to the western outskirts of the Coucy-Le-Chateau and Juven-court. To the east the French progressed east of Cenilly and reached the outskirts of Clemency and Braye and penetrated Bucy-Le-Long. This number of prisoners taken in that region exceed 1500."

"On the Vesle front French elements crossed that river at several points."

German.
BERLIN, via London, Sept. 4.—"Up to the present no important fighting"

activities have been reported," says the German official communication issued this evening. "Between the Scarpe and the Somme," the communication adds, "the enemy felt his way forward to our new lines. Between the Ailette and the Aisne fresh French attacks were repulsed."

"The text of the morning statement reads: 'On both sides of the Lys the enemy, in continuous battle with our forward troops, worked ahead as far as the line of Walverhem, Nieppe, Bac-St. Maur, Laventie and Richebourg. Our mixed detachments in these minor engagements effectively damaged the enemy and by means of a sharp attack took prisoners.'

"On the battlefield between the Scarpe and the Somme the day was quiet."

"The night before last we had withdrawn our troops on the line of Arieux, Moeuvres and Ranocourt. These movements had been prepared for some days and were carried out in accordance with plans undisturbed by the enemy. The enemy hesitatingly followed during the night."

"On the front between Moislans and Peronne the enemy did not renew his attacks of yesterday."

"The night before last we had withdrawn our troops on the line of Arieux, Moeuvres and Ranocourt. These movements had been prepared for some days and were carried out in accordance with plans undisturbed by the enemy. The enemy hesitatingly followed during the night."

"On the Ailette there were reconnoitering engagements. Enemy thrusts against Coucy-Le-Chateau failed."

"Between the Ailette and the Aisne the French, in co-operation with Americans and Italians, renewed their attacks after the strongest fire. They were repulsed in many instances after bitter hand-to-hand fighting."

"Yesterday we shot down 22 airplanes and seven balloons. Lieutenant Ramey won his 30th aerial victory."

"South of Ripont prisoners and machine guns were brought back from a successful thrust into the French trenches."

Italian.
ROME, Sept. 4.—Austrian troops yesterday attacked the Italian line north of the Noce Valley, to the south of Mantello. The attack, which was delivered in some force, was reported today by the War office to have been checked with heavy losses to the enemy. The Austrian gain appears to have been confined to the occupation of two observation posts. The text of the statement reads:

"Yesterday, north of the head of the Noce Valley strong enemy columns attacked from the east, after artillery fire, our positions to the south of Mantello. They were arrested with heavy losses by our fire. The enemy succeeded in occupying two observation posts established on the crest between Mantello and San Matteo point."

"Enemy patrols were dispersed on the Asiago plateau and in the Brenta Valley. Our batteries were somewhat active against the enemy lines of communication."

ment to the selective service act, extending the ages to 18 and 45, it becomes necessary to insure 100 per cent registration on the day appointed of all men newly brought within the act. This is a problem of publicity. The publicity by our fire. The enemy succeeded in occupying two observation posts established on the crest between Mantello and San Matteo point."

"The work contemplated is for the preservation of road work already started. Gravel will be used on partially completed sections, preserving them until they can be completed after the war. The use of the roads will thus be made possible."

Wife Has Husband Arrested.
Arthur W. Bosman, of 711 Williams avenue, was arrested last night by Patrolman Foster on complaint of Captain Moore, of the police department. Bosman is held for investigation by the government authorities. He is also charged by his wife, the police say, with refusing to support her and of selling all the furniture in the house. His wife told the police, they say, that Bosman claimed exemption under the draft on the plea that he had a wife and two children to support and he was placed in class 4.

BOLSHEVIK ARMY OUT OF FIGHTING

Soviet Forces East of Lake Baikal Destroyed by Czecho-Slovaks.

GRAVES REACHES SIBERIA

American Commander Accompanied by 43 Officers and 1388 Men to Reinforce Regiments Sent From Philippines.

WASHINGTON, Sept. 4.—Destruction of a Bolshevik army east of Lake Baikal is reported in delayed dispatches to the State Department today. The dispatches are from Irkutsk, Siberia, via Peking, dated August 13, and say the Bolshevik army east of Lake Baikal has been destroyed by the Czecho-Slovaks; that Cossacks are co-operating with the Czechs, and that all Americans in Siberia are safe.

Arrival of Major-General William S. Graves and his staff at Vladivostok to take command of all American forces fighting on the new eastern front was announced today by General March.

General Graves took with him from the United States 43 officers and 1388 men, who will join the regiments from the Philippines already on the ground.

A Czecho-Slovak officer has arrived at Archangel with word that 80,000 loyal Russians are co-operating with the 40,000 Czecho-Slovak forces moving westward along the trans-Siberian railroad from Ekaterinburg.

The news reached the State Department today in a message from Ambassador Francis dated August 25. The officer says the Russians are pleased with the overthrow of the Bolshevik control and that Bolshevik soldiers are flocking to the support of the Czechs.

He said Ekaterinburg was captured July 25 by 200 Cossacks and that 800 Czechs arrived there on the following day. The residents supplied the Czechs with food, of which there seemed to be plenty in that region.

CAMPAIGN IS LAUNCHED

Plan Arranged to Provide Service Men With Recreation Articles.

A campaign was launched at a meeting of the central committee of young people's organizations of Portland churches last night in the Y. M. C. A., having for its object the furnishing of various recreation articles to men in Government service, but who do not enjoy the use of the Y. M. C. A. The Epworth League was represented by Miss Mildred Bartholomew, the Christian Endeavor by Miss Mildred Steinmetz and the Baptist Young People's Union by Professor A. D. Bosserman.

A week from next Sunday every pastor in Portland will present the needs for equipment to his congregation in a war service sermon and it was also arranged to secure the co-operation of members by circular letters issued by the secretaries.

M'NARY SPEAKS FOR BONDS

Senator Urges \$500,000 Issue Decried by State Highway Board.

WASHINGTON, Sept. 4.—An application of the Oregon State Highway Commission for permission to issue \$500,000 of road bonds was urged today by Senator McNary of Oregon. The half-million is part of the \$5,000,000 road bond issue authorized last year.

The work contemplated is for the preservation of road work already started. Gravel will be used on partially completed sections, preserving them until they can be completed after the war. The use of the roads will thus be made possible."

Committee Soon to Be Appointed to Consider Question of Stabilizing Prices.
WASHINGTON, Sept. 4.—The War Industries Board, with the approval of President Wilson, is soon to appoint a committee to consider the desirability and feasibility of effecting a stabilization of cotton prices and other matters connected with the crop. This was announced tonight by Chairman Baruch.

"The announcement of another short crop of cotton," said Baruch's statement, "raises in acute form the problem of satisfying the needs of the Nation as well as those of the allies and of securing prices to the interest for the purpose of winning the war."

"Involved in this distribution is the problem of bringing about a reasonable stabilization of prices to the interest of both the producer and consumer."

SHIPS SAIL EAST

and ships sail west, all starting from the same harbor. Many reach their destined haven, but there are always the few who suffer shipwreck; or become derelicts, and float about a menace to others.

There are many human derelicts who drift in the same aimless fashion, causing disaster to their families and themselves. And the pity is that so often habits of thrift, inculcated in childhood, would have prevented it.

Don't let your children have cause to blame you for this neglect; open a savings account for them with this pioneer bank, and teach them to deposit some part of their allowance or earnings regularly. They will thank you for it.

CROWN PRINCE ON RECORD

Junior War Lord in Published Interview Denies He Is "Fire-Eater"; Recent Withdrawals on Western Front Referred To.

AMSTERDAM, Sept. 4.—The German idea of victory as defined by the German Crown Prince, in an interview published in the Budapest Az Est, is an intention "to hold our own and not let ourselves be vanquished."

"We feel, of course, the effect of the entry of the Americans. They have sent over much material and now are sending much human material."

The Crown Prince denied that he was a "fire eater."

"In discussing the present operations on the western front, he said: 'The enemy attacks and the withdrawal on our front at several places is often wrongly interpreted in some circles. Some of our people are too accustomed to a continuous advance and when a battle occurs wherein the enemy makes attacks and we have to defend ourselves, the situation is not always correctly understood.'

COLUMBIA

BETTER GO TODAY

STOPS FRIDAY MIDNIGHT

Charles Ray IN A 9 O'CLOCK TOWN

is utterly unlike any other prepared cereal.

Cereal Food That Contains Its Own Sugar

Grape-Nuts

Take a handful of its golden-brown granules and hold it in a strong light. You will see little shining particles on each granule—a result of the Grape-Nuts process of cookery, which turns the starch of wheat and barley into actual sugar.

The sweet, nutty flavor of Grape-Nuts requires no added sugar and where fresh milk or cream is not obtainable condensed or evaporated milks fits in finely.

No sugar is needed, and but little cream or milk, and this makes Grape-Nuts a very desirable cereal these saving days.

"There's a Reason"

SUFFERED 2 YEARS WITH ECZEMA

In Burning Itching Rash, Almost Wild, Cuticura Healed.

"For nearly two years I was afflicted with eczema, which appeared on my back in the form of a dry, burning, itchy rash. It kept me awake nights. I was almost wild and at times I could not endure to have my clothing touch me. I sent for a free sample of Cuticura. It relieved me of the terrible burning and itching so I bought more, and one case of Soap and one fifty-cent box of Ointment healed me." (Signed) Mrs. H. S. Johnson, 420 5th Ave., Kalespell, Mont., March 18, 1918.

Improve your complexion by using Cuticura Soap daily and Cuticura Ointment as needed to prevent pimples, blackheads or other eruptions.

Sample Each Free by Mail. Address post-card: Cuticura, Dept. W. Boston. Sold everywhere. Soap 25c. Ointment 25c and Rec. Tablets 50c.
