

ONE YEAR OF WAR TO COST 36 BILLION

Additional Estimates of Over Seven Billions Presented by Secretary Baker.

HUGE ARMY CONTEMPLATED

For Chemical Section, New Feature of America's Fighting Programme, Nearly \$2000,000 Is Asked.

WASHINGTON, Sept. 17.—Additional Army estimates presented today indicate that the total expenses of the Government for the coming year will approach \$36,000,000,000. Congress was asked by the War Department to provide \$7,347,000,000 in addition to previous estimates for carrying out the enlarged American military programme for the coming year. The new estimate based upon plans for having nearly 4,000,000 American soldiers in France next summer and another 1,000,000 in training at home. It brings the money sought for the Army in the fiscal year 1919 up to more than \$24,000,000,000. Ordnance estimates of \$2,585,474,460 are the largest items in the bill now proposed. They include fortifications, field artillery, small arms, motor cars and ammunition. The Quartermaster's Corps seeks approximately \$2,500,000,000.

New Item Inserted.

The chemical warfare section asks for \$198,809,000, a new item. The air service seeks \$118,750,368. Previous appropriations for the air service for this fiscal year amount to \$384,000,000, while the total appropriations for aircraft since the United States entered the war amounts to \$1,300,000,000.

The total expense of the Government during the year is expected to be between \$25,000,000,000 and \$28,000,000,000. Appropriations now total \$28,791,241,773, including \$5,462,689,346 of contract authorizations. In addition, the Shipping Board is expected soon to ask for several hundred million. An effort will be made, it is understood, to provide for some of the new estimates by authorization.

Revenue Bill May Be Changed.

Increases asked for today indicate the possibility of a change in the pending war revenue bill when it reaches the Senate. Consumption taxes, according to Congressional leaders, seem the most likely to be inserted for raising additional revenue.

ARMY VETERANS TO TALK

VISITING OFFICERS WILL BOOST FOURTH LIBERTY LOAN.

Captain T. E. Y. Seddon and Lieutenant Vincent de Wiensbickie to Carry Message Throughout Oregon.

Few wartime messages to Portland have the gripping force of those which will be delivered tomorrow night at the Auditorium, when the city is invited to hear the address of two distinguished officers of the allied armies. The speakers will be Captain T. E. Y. Seddon, of the New Zealand contingent of the British army, and Lieutenant Vincent de Wiensbickie, of the French high mission. Both have seen active service under the flags of their respective countries on the western front. Captain Seddon arrived in the city yesterday and Lieutenant de Wiensbickie is to arrive this morning.

Arrangements have been made, not only for the appearance of the two officers tomorrow night, when all Portland should rally to hear their messages, but for various other speaking engagements.

Lieutenant de Wiensbickie will speak before the Ad Club today at noon, and at Corvallis on September 24. On September 27 and 28 he will speak in Tacoma and Seattle.

Captain Seddon will appear before the Progressive Business Men's Club tomorrow at noon and before the Ready Board on Friday at noon. He speaks today at the noon hour of the Grant Smith-Porter plant. He is announced for Corvallis on Friday evening and for Roseburg on Saturday evening. On September 24 he will speak before the Rotary Club in this city.

Other speaking engagements for the two officers, who come with high recommendations as speakers well worthy of the largest audiences, will be announced later.

DRAFT BOARD UNDER FIRE

Eugene Woman Says Politics Cause of Her Removal.

EUGENE, Or., Sept. 17.—(Special.)—Allegations of inefficiency, suggestion of manipulation by a political clique, and assertions that a woman who has been performing efficient war service has been removed to make place for an able-bodied man are elements surrounding the dismissal by the Lane County draft board today of Miss Ruby Thramer, its chief clerk, and the election of J. Dorr Hamlin as her successor. The announcement of Hamlin's appointment as a member of the Lane County board was made yesterday and his election to the position of chief clerk followed today. The board, following Mr. Hamlin's election, tendered Miss Thramer a position as an assistant in the office at a

greatly reduced salary, which she declined to accept. Dr. T. W. Harris stated tonight that any statement to the effect that politics had anything to do with the removal of Miss Thramer is absolutely false.

WIFE ACCUSED OF CRUELTY

H. Anderson Seeks Divorce From Wife He Says Deserted Him.

H. Anderson, in a suit for divorce filed yesterday, says that Orpha M. Anderson at one time quit their home and stayed away for 40 days. She left a note saying she was going 1000 miles away, but returned unexpectedly. The husband seeks a decree on grounds of both cruelty and desertion. They were married in 1919.

GEORGE W. VOGEL PASSES

Victorian Real Estate Dealer Prominent in Business Circles.

RAINIER, Or., Sept. 17.—(Special.)—George W. Vogel, an old-time resident and prominent business man of Rainier, Or., died at his home in this city at 1:20 A. M. today. Mr. Vogel was born in Hollidaysburg, Pa., April 15, 1860, where he lived until the age of 18, when he went to Minnesota and graduated from the St. Cloud Normal. After completing his course here he went to Alaska. From there he went to Seattle, where he engaged in the real estate business until 11 years ago, when he came to Rainier. He was married at St. Helens in June, 1909, to Miss Axel LeDuc. He is survived by his widow, two children, mother, three sisters and six brothers.

Tank Men to Be Signed Up

Lieutenant G. G. Garland, recruiting officer for the Tanker Tom Cats, will be at 417 Corbett building Thursday to sign men for the Tank Service. On Saturday of last week Lieutenant Garland made his first visit to Portland, prepared to sign 45 men. More than 100 men applied for the service. He accepted 45 and tomorrow will be prepared to accept the others who applied any men in the first and second drafts who can qualify. His acceptance is subject to the approval of Provost Marshal-General Crowder.

Fisherman Commits Suicide

ASTORIA, Or., Sept. 17.—(Special.)—Olof Olson, a Columbia River fisherman, committed suicide at his home in the west end of the city last night. The man was temporarily insane. He cut his left wrist twice, stabbed himself eight times in the left breast and then slashed his throat from ear to ear. Olson was a native of Sweden, about 40 years of age and had no relatives here.

Astoria to Have Liberty Temple

ASTORIA, Or., Sept. 17.—(Special.)—The material is being assembled for the erection of the Astoria Liberty Temple in the Courthouse Square. The structure will cost about \$1500. The money has been raised through voluntary donations and several of the unions have offered to contribute the labor. The temple will be completed in about 10 days.

Woolen Mills Employes Buy Bonds

Portland Woolen Mills employes, of whom there are 450 in the plant at St. Johns, mostly women, held a Liberty bond meeting at noon yesterday, and by 3:30 P. M. had subscribed for bonds to the amount of \$23,500. This is an average of about \$50 for each employe. There are 130 looms in operation in the mills, engaged exclusively on work for the Government.

Draft Board Members Held

OREGONIAN NEWS BUREAU, Washington, Sept. 17.—Under orders issued by Provost Marshal-General Crowder today, members of draft boards will be permitted to resign only on recommendation of the Governor, stating good reasons therefor, which reasons must be approved here. This virtually puts a stop to draft board resignations.

WOMAN CLAIMS TOP PLACE

ILWACO, Wash., Sept. 16.—(Special.)—Pacific County disputes Clatsop County's claim to the champion cranberry picker of the United States. On Monday, October 8, 1917, Mrs. H. E. Christianson, wife of County Commissioner H. E. Christianson, of Pacific County, picked 28 boxes of cranberries during an ordinary working day. This was done on the E. M. Hulden bog, near Seaview. This tops C. T. Gray's effort, as published in the Oregonian, by six boxes. In order to avoid confusion in computing these records, it should be said that boxes are equivalent to peck measures, and that four measures are required to fill a box, according to the system of measurement adopted by the Northwest cranberry growers.

HIGHWAY OPEN TO TRAFFIC

Grading of Cascade Link of Columbia River Road Is Completed.

HOOD RIVER, Or., Sept. 17.—(Special.)—Crews of men have completed the grading of all sections of the Columbia River Highway between Cascade Locks and the top of Ruthven Hill, three miles west of here. From that point to the city the old road is still used.

The new highway between here and Portland is now open to traffic. Gravel has been applied for nearly the entire distance of the new grade in this county, and motorists declare the road is now in fair condition.

Navy Uses Highest Radio Aerial

WASHINGTON, Sept. 17.—The highest radio aerial in the world, the cables of a captive balloon, is in use at the New York Navy yard. It was announced that the yard has been in communication with the wireless station at Arcadia, Cal.

Portland Couple to Wed

TACOMA, Wash., Sept. 17.—(Special.)—Marriage licenses were issued in Tacoma today to William Walters and Emma Spranger, both of Portland, and to Jack Lavalair, of Alaska, and Hilda M. Sanberg, of Astoria, Or.

man in one ye. He could see with the other one, true enough, but his morale was apt to be shaken. The submarine commander therefore decided to dive instantly and hope for another squirt at the fat merchant-ship before letting drive a torpedo. Perhaps the periscope had not been sighted from the destroyer's bridge or crew's nest and it might be feasible to slip in between two of these restless guardians and take position before an alarm was raised.

The periscope which had showed for a moment was no more than two or three inches in diameter, a mere speck against the ruffled, sparkling surface of the sea, but it had been slowly moving at this first appearance, making a very slight wake, two converging streaks like a V, just enough to distinguish it from a floating bit of stick upended.

(Continued tomorrow.)
