CITY OFFERS PROTEST

TAX ON MUNICIPAL SECURITIES FEARED BY COUNCIL.

Telegrams Urge Oregon's Congressional Delegation to Defeat Two Provisions of Revenue Measure.

Telegrams have been sent to members of the Oregon Congressional delegation by a committee representing the City Council, protesting against the passage of two provisions in the new revenue bill, now before Congress.

The objectionable provisions provide for a tax on municipal securities, which the City Council feel would depreciate the value of the bonds issued by municipalities out of all proportion to the tax on the National tax.

The committee appointed by the Council was composed of City Attorney LaRoche, City Commissioner Barbur and City Auditor Funk.

CITY WILL HANDLE WORK

Tuberculosis Prevention and Care for Sufferers to Be Taken Over.

Preparations are being made by the City Council to take over the tuberculosis prevention work and caring for persons afflicted by the disease, which for a number of years has been handled by the Visiting Nurse Association.

City Health Officer Parrish has prepared an estimate of \$8750 yearly, but this sum is deemed inadequate by City Commissioner Kellaker to properly handle the work.

Under present plans the work will be conducted by the city, beginning October 1, in the same manner in which the Visiting Nurse Association handled it. City Health Officer Parrish will be asked to make a careful study of the work in other cities and submit a report for consideration at budget-making time, when the scope of work for the next year will be determined.
