SERVICE SOLE CONCERN

Y. M. C. A. SECRETARIES AS CLASS ARE NOT EXEMPT.

Organization Workers Will Be Considered as Individuals by Draft Board Officials.

Unless their services as such are the maximum which they may render to the Government in winning the war, Y. M. C. A. secretaries as a class will not be exempt from military service, according to official advice received yesterday by H. W. Stone, general secretary of the Portland Association, from John R. Mott, general secretary of the International Committee of New York.

"The International Committee has been considering the probable effect of the extension of the age limit of the selective draft law on employed officers of the Y. M. C. A.," said Mr. Mott. "The committee assumes that the first concern of every secretary is to find the place where he can render maximum service in helping to win the war."

"From Government decisions thus far it is clear that class exemption will not be provided. Secretaries must be considered as individuals, rather than as members of a group or class."

"Wherever it is considered that a secretary is performing maximum service in his present position he or his employing board may apply to the draft board for deferred classification."

SEATTLE BUILDS HOUSES

CAMPAIGN TO ERECT 5000 HOMES RESULTS IN SUCCESS.

Carl Bush, of Seattle Chamber of Commerce, Explains How Need Was Met by Realty Board.

How Seattle has met the necessity of providing at least 5000 new houses between now and January 1 was told at the luncheon of the Portland Realty Board yesterday by Carl Bush, assistant secretary of the Seattle Chamber of Commerce. He explained how three methods had been considered when the housing campaign was begun. First, forming a building corporation; second, a second mortgage organization, and third, to induce individual citizens of financial ability and civic patriotism to build the required houses.

"This third course seemed absolutely impractical and impossible to be done," said Mr. Bush, "but it has been done. He told how the campaign had been launched the day after Labor day to get pledges from citizens, and how by

the end of the week 3665 houses had been pledged.

To assist persons who need help in constructing houses a "More Homes" bureau has been established. Mr. Bush explained. The additional 1500 houses to make up the 5000, Mr. Bush said, are following naturally in the wake of the campaign, those who have given pledges to build inducing their friends to build also.

The housing pledge drive was preceded by a two weeks' publicity campaign. Already \$200,000 has been pledged toward a second mortgage corporation to lend small amounts necessary to finance smaller builders.

Harry L. Corbett, of the Portland Chamber of Commerce, presided. Another speaker was Captain T. E. Y. Seddon, of the New Zealanders, who gave war experiences in Egypt and on the western front.

These remarks created amusement in the office of United States District Attorney Haney, for the man making them was John Kelper, alias John Brown, once released by the Federal authorities and again sent on his way after investigation on a slacker charge by the grand jury.

To Assistant United States Attorney Veatch, Kelper explained that he had undergone a change of heart. From being an I. W. W. radical he had come to respect the country and the men fighting for it, and wished to join them. He gave his age as 25 years.

Before Federal Judge Wolverton Kelper entered a plea of guilty to the charge of failing to register and was quickly sentenced. He is to serve 15 days in jail and thereafter be inducted into the Army.

L. W. W. Repudiates Organization and Says He Loves Country—Judge Awards Short Jail Term.

"I'm frank to tell you a mistake has been made. I was a slacker, though it couldn't be proved. Now I want to correct the mistake and get into the Army if I can."

LIQUOR VENDOR WALKS OFF

Charles Hickox Arrested for Having 24 Quarts of Liquor in Shed.

MARSHFIELD, Or., Sept. 20.—(Special.)—Walking off under the eyes of Chief of Police J. W. Carter, Charles Hickox, arrested this morning for having 24 quart bottles of whisky in his possession, closed another chapter of the story of local history.

A tip came to the police that the whisky would be found in Hickox's shed. Going there, armed with a search warrant, the officers found the liquor, which Hickox claimed belonged to the "best people" of the city. He was taken to the city hall and, while waiting for the city attorney to appear, Hickox made his escape.

Less than a month ago he was found carrying whisky into a hotel room which had been rented by a prominent business man of the city. Hickox was heavily fined at that time.

Don't Experiment With Catarrh; It Often Leads to Dread Consumption

You Will Never Be Cured by Local Treatment With Sprays and Douches.

Catarrh is a condition of the blood and cannot be cured by local applications of sprays and douches; this has been proven by the thousands who have vainly resorted to this method of treatment.

Catarrh should not be neglected or experimented with. The wrong treatment is valuable time lost, during which the disease is getting a firmer hold upon its victim and making it more difficult for even the proper treatment to accomplish results.

Though Catarrh makes its first appearance in the nostrils, throat and passages, the disease becomes more and

BEND CITIZENS ROUSED

YELLOW DEMON CAR PARTY FINDS TOWN ALL ENTHUSIASM.

Support of Fourth Liberty Loan Is Magnificent—Speakers Put in Strenuous Day.

BEND, Or., Sept. 20.—(Special.)—In sharp contrast with the interest manifested in the first liberty loan drive is the enthusiasm displayed here in support of the fourth bond issue. The first time the "yellow demon" came to Bend nine persons gathered to hear C. C. Chapman. Tonight 3000 residents of this city assembled at the Bend Athletic Club, and the men aboard the big yellow car have been in such demand that they have been rushed from mill to mill and from camp to camp in the hills within 10 miles of Bend, where the loggers have manifested the keenest interest.

To meet the demand for speakers the party was divided today, Judge Stevenson heading one gang and Sergeant White the other.

It has been a tough day for the Kaiser in Deschutes County. While the orators were getting the people mad enough to fight, gangs of business men shouldered pitchforks and went into the alfalfa fields to help save the hay. C. S. Hudson and H. J. Overturf, who are organizing this section of the county, say it will be easier to raise the present bond quota than any previous one.

The banks are being kept open nights to take in subscriptions. The allotment plan is meeting with splendid success in this county.

Saturday morning early the yellow demon plunges south into the sage

brush and will be at Fort Rock at noon and at Silver Lake at night.

Dallas Boy Wounded in Action. DALLAS, Or., Sept. 20.—(Special.)—In a letter to William Schroeder, of this city, Paul Praast, a former member of Company L of the Third Oregon, says he was recently wounded in action in France and is now confined in a base hospital where his wound is rapidly healing.
