# BIGGEST TAX BILL ADOPTED BY HOUSE

## Measure That Smashes World Record for War Financing Ready for Senate.

## PASSAGE VOTE UNANIMOUS

**Cheers and Applause in Lower Chamber of Congress Greet Announcement of Vote—350 Ayes and No Noes.**

WASHINGTON, Sept. 20.—The House late today passed the war revenue bill, designed to raise by taxation approximately $8,182,000,000 of the 24 or more billions needed by the Nation for the current year.

The huge measure—the largest of its kind in the history of any nation—now goes to the Senate.

Passage of the bill was unanimous. A formal rollcall, demanded by Majority Leader Kitchin, recorded 350 ayes and no noes. Announcement of the vote by Speaker Clark was greeted with a roar of cheers and applause.

All possible speed in the bill's course through the Senate is assured, according to leaders. Desire for the bill's enactment before the November elections has been expressed by leaders of both houses, but this is considered doubtful.

Consideration of the measure by the House today prior to the vote was brief. An amendment by the House ways and means committee, which drafted the bill, extending the depletion allowances to gas and oil wells and mines to include "timber and other natural deposits" was adopted.

The mammoth measure has been in process of evolution in the House since last May when Secretary McAdoo and the President decided additional revenues must be had, the President addressing Congress May 27 and asking it to remain in session to frame the new measure.

Passage of the bill through the house has required more than three months, hearings of the House ways and means committee lasting from June 7 to July 17, with the measure under debate in the House itself since September 6.

# SLOUGH DISPUTE AT END

**DAMS WILL BE REMOVED WHEN PORT COMMISSIONERS ELECT.**

**Portion of Waterway Between Willamette River and Union Avenue Will Be Kept Open to Traffic.**

Following months of controversy between those concerned in the Multnomah County drainage district No. 1, having for its object the building of two dams in Columbia Slough and the reclamation of close to 8000 acres of overflow land, and property owners of the Peninsula district, who objected to the slough being closed, claiming it was required as a water route for vessels serving the industrial district, the Port of Portland Commission yesterday decided to enter into a contract with the district, through which the dams are to be removed when the Port elects.

In addition to closing the contract, which is to be signed by the president and secretary of the Commission, there was adopted a resolution setting forth that, as the Port is authorized by law to maintain a channel in the Slough, the members are in favor of keeping that portion of the Slough open between the Willamette River and Union avenue, so plants there may be reached by river vessels and by towboats with barges.

The controversy regarding the closing of the Slough has been before the Council, United States Engineers and the Port of Portland for months. A public hearing was conducted recently by Colonel Zinn, Corps of Engineers, U. S. A., the War Department having ordered a report made of the matter.

# REVOLT TO BE CRUSHED

**GERMANY DECIDES ON "RAPID AND PITILESS REPRESSION."**

**Berlin Authorities Issue Call for All Subjects in Switzerland to Return.**

PARIS, Sept. 20.—(Havas.)—Because of the aggravation of the internal situation in Germany, which continues to grow, the German government has taken measures to assure "rapid and pitiless repression" in case of revolt, a Zurich dispatch reports today.

BERNE, Switzerland, Sept. 20.—(Havas.)—Berlin authorities have instructed all Germans discharged from the army and living in Switzerland to return for work in the rear of the fighting line, especially in guarding prisoners.

Ten thousand German subjects here show little inclination to respond.

WASHINGTON, Sept. 20.—Apparently in desperate need of manpower as a result of the military events on the west front, Germany is cutting down the garrisons maintained heretofore in Poland and sending the troops to the front.

## SUNDAY SCHOOL FOLK MEET

**Association Formed to Develop Scope of Work.**

Two hundred teachers and workers from the Sunday schools of West Side churches met last evening at the First Methodist Church and formed an association with the purpose of developing the scope of West Side Sunday schools to meet the demands of the growing population.

Dr. J. H. Boyd, pastor of the First Presbyterian Church, presided at the meeting and made the principal address. Talks were given by Eugene C. Foster, of New York, international secretary of boys' work of the Y. M. C. A., and Harold F. Humbert, general secretary of the State Sunday School Association.

J. F. Ewing, superintendent of the First Presbyterian Sunday school, was elected president of the newly-formed association; Dr. Guy Woods, superintendent of the First Methodist Sunday school, vice-president, and Carl Brown, of the First Christian Church, secretary.

## DISORDERLY WOMEN TAKEN

**Oregon Society of Social Hygiene Officers Visit Coos.**

MARSHFIELD, Or., Sept. 20.—(Special.)—An order to leave the city by the 29th of the month is the result of a raid made on the inmates of disorderly houses by Captain E. M. Burke, representing the Oregon Society of Social Hygiene, last night.

Six women were found in that portion of country known as "No Man's Land," lying between the city limits of this city and North Bend. Today they were examined by a physician of the local advisory military board and those found diseased will be sent to the detention home in Portland. This is the first raid of the kind ever carried out in the city.

**Soldier Goes Back to Traps.**

THE DALLES, Or., Sept. 20.—(Special.)—Joseph Myers, a well-known trapper and hunter of The Dalles and vicinity, returned here yesterday after two years with the Canadian army. He had been wounded after several engagements, and has been honorably discharged from the army on account of his wounds. He left this morning for the headwaters of the Klickitat to look after his traps, which he had buried there when he left to join the Canadian army.
