ing to a delegation of Protestants, ac-knowledged the principle as follows: 'My dominion ends where that conscience begins.' Although many of the nations of the Old World have per-mitted freedom of worship, none of them have dared to assert the divine principles of absolute separation of Church and State, and nearly every one them has its established State Church. It was left for the new Na-tion across the sea to introduce a new order, and recognize liberty of science and its fundamental law. Ban-croft in his 'History of the Formation of the Constitution, last chapter, says: Vindicating the right of individuality even in religion, and in religion above all, the new Nation dared to set the example of accepting in its relations to God the principle first divinely or-dained in Judea. It left the manage-ment of temporal things to the tem-poral power; but the American con-stitution, in harmony with the people of the several states, withheld from the Federal Government the news to its Federal Government the power to in-vade the home of reason, the situdel of conscience, the sanctuary of the soul and not from indifference but that the infinite spirit of eternal truth might move in its freedom and purity and
