Provisions of Fourth Liberty Issue Announced.

AMOUNT IS NEAR 6 BILLION

Interest Rate Will Be Same as That of Third Loan—Printing of Securities Already in Actively Under Way.

WASHINGTON, Sept. 23.—All terms of the fourth liberty loan, except the size and the maturity, were announced today by the Treasury. The amount, nearly \$6,000,000,000, was decided on a big announcement was withheld.

The interest rate will be 4 1/2 per cent, the same as that of the third loan. Bonds will be dated October 24, five days after the close of the subscription period and the first interest payment will be made next April 15, and will be for the 173 days intervening.

Since the latest maturity periods of the first, second and third loans were 20, 23 and 19 years respectively, it was considered probable that the maturity of the fourth loan would be either 15 or 20 years.

Printing of Bonds Began. Terms of the loan were communicated today to the bureau of engraving and printing, and within a few hours 500,000 finished bonds were ready for shipment.
