HOUSE APPROVES

Committee Said to Have Reached Conclusion That Government No Longer Needs Revenue

Roland Beaver, whose next of kin is Mrs. Grace Klinger, 546 East Twenty-seventh street, Portland; Walter J. Cox, 547 Sumner street, Portland; Robert Bernar, Flora, Or.; Archie C. Stannard, Lebanon, Or.; Russell S. Hawk, Derby, Jackson County, Or., and Glenn prohibition, effective next July 1, for the period of the war, was approved to-night by the House, which adopted, 134 to 27, the Senate prohibition rider te the \$12,000,000 emergency agricultural bill. The measure now will be sent to conference for adjustment of differences between the two houses on appropriation items.

After voting in committee of the

whole to accept an amendment permitting the importation of wine until next May 1, the House later reversed its decision and by a vote of 121 to 53 retained the original Senate provision that importation of wine must cease when the measure becomes effective upon its signature by the President. The amendment was approved by the House agriculture committee to meet in objection by the government.

that importation of wine must cease when the measure becomes effective upon its signature by the President. The amendment was approved by the House agriculture committee to meet an objection by the governments of France, Italy, Spain and Portugal.

All efforts otherwise to amend the legislation were defeated. A proposal by Representative Kahn, of California, Republican, to extend the effective date for prohibiting the sale of wine and beer to December 31, 1919, was defeated, 112 to 52, as was one by Representative Beshiin, of Pennsylvania, Democrat, to change the date for stopping the manufacture of beer and wine from next May I to December 1, 1919.

Mr. Kahn said sales of habit-forming drugs are increasing in prohibition ter-ritory and complained that the present law does not stop the sale of medicines containing large quantities of alcohol

and drugs.
A plea for prohibition was made by Representative Rainey, of Illinois, who declared the committee had reached the conclusion that the Government can be conducted without the revenues re-ceived from the liquor traffis.

The 1,500,000 drug-resers in the United States have developed to a greater extent in the immediate neighborhood of saloons, Mr. Eainey declared.

Eepresentiative Meeker, of Missouri, Republican, charged the Anti-Saloon League with being financed by drug firms and with fostering the use of drugs.

League Held Unpatriotic.

The Anti-Saloon League is an advertisement for users of drugs, said Mr. Meeker, The drug firms are financing the Anti-Saloon League, and those who vote in favor of this bill will do so under the lash of the Anti-Saloon League, It is the only organization that demands secret pledges from candidates before the primaries.

This organization that will take \$1,000,000 annually from drugstores, will not stop at anything to destroy the reputations of men who do not agree with its prin-tplez.

Mr. Meeker charged that the Anti-Saloon League leaders are not engaged in war work, because they are "too busy directing what should be done at the Capitol," and added that prohibition legislation is before Congress only because of their activity.

Charges Are Resented.

Replying to Mr. Meeker, Representative Decker, of Missouri, Democrat, and many Anti-Saloon League members are war workers and that any statement to the contrary was to be resented. He added that, with possibly three exceptions, sthe entire Missouri delegation in the House would vote for war-tlme prohibition.
