

FAIR IS DELEGATED TO NATIONS' CAUSE

Rural Exhibits Are Held Better Than Ever Before at Big Salem Show.

OREGON PRODUCTS BOOSTED

Agricultural College Display Teaches Spirit of Conservation and Is Typical of the Times; Junior Exhibits Lure.

(Continued From First Page.) The great cost and difficulty of securing labor to handle the shipments.

School Exhibit Attracts. The pavilion exhibits are excellent. The Oregon Agricultural College has one of the best and most distinctive exhibits on the grounds. This exhibit has an entirely military tone, embellished with a military color scheme and a martial atmosphere hangs over the entire large space devoted to the big school.

Another feature teaches the conservation of clothing by making over used garments. This is done to the finest points of actual cost, and interesting exhibits show what has been accomplished at the school along these lines. This work has been introduced in the courses at the school, and a suggestion was offered today by a prominent clothing man of Portland who attended the exhibit, that a big field has been opened as an industrial enterprise.

War Work At Front. A liberal education in wheat varieties is included in that portion of the exhibit, while egg candling is covered thoroughly. The food administration having issued orders that the first buyer must candle all eggs before selling. The University of Oregon exhibit is in charge of Miss Dorothy Collier and Professor John C. Almack. It also lays stress upon the military features, generally covers the school work and student training work, and has an interesting section on Red Cross work.

In the children's exhibits three new counties are represented—Tillamook, Washington and Multnomah. All told, there are nine counties in these industrial club showings. Mr. Carleton, who has been connected with this work since its inception, is in authority for the statement, however, that the exhibits as a whole are of better quality than ever before. Included in the children's section is the V. W. C. A. war work booth, in charge of Mrs. Chauncey Bishop and Miss Florence Cleveland. Mrs. W. H. Marshall, state director, also arrived today to be at the booth.

Junior Exhibits Fine. In the main pavilion the county exhibits are shaped up and give the best possible showing that the Oregon farmer is not lagging in doing his bit to fight the battles of Uncle Sam. The numerous counties represented all have tip-top showings. Judging on these exhibits started today. One new feature of decided interest is a most excellent exhibit of the prison flax industry, taking the flax from the fields to the spinning mills. This exhibit is receiving numerous complimentary references.

The pig exhibit of the boys and girls, which takes up an entire stock barn, is worthy of much commendation, and the pigs shown compare favorably with those in the big exhibit. Elmer Roth has a large Duroc sow and nine suckling pigs on exhibition. He is from Marion County, and won six county prizes for his porkers. Tomorrow is Dairy day, and prominent speakers will be here in the interest of one of Oregon's largest industries.

Patriotic Day Arranged. Announcement was made today that Friday, September 27, will be a special day, set aside in honor of the relatives and friends of enlisted boys in the service, either abroad or at home. Special drills will be held by various military companies, patriotic orations will be delivered by leading speakers and the best bands obtainable will furnish patriotic music throughout the evening.

With other features that are being prepared, this will be one of the big features of the fair. AIR SERVICE NEEDS MEN Chance Open for Civilians to Obtain Commissions.

SAN FRANCISCO, Sept. 23.—Examination of civilians for commissions as airplane and balloon pilots has been resumed after having been suspended since February 9, Western Department of the Army announced today. Men between 18 and 30 are wanted as airplane pilots and between 18 and 45 as balloon pilots. Each applicant must have a high school education or its equivalent and men with some college training are preferred. Knowledge of gas engines is desirable.

Vancouver to See Trophies. VANCOUVER, Wash., Sept. 23.—(Special)—The special train, containing many trophies captured on the fields of France, will be in Vancouver Saturday, September 28. The train includes two flatcars, a baggage car and two sleeping cars. The cars contain various kinds of guns, trench mortars, helmets, grenades, rifles and other fighting irons taken from the Huns.

CATARRHAL DEAFNESS MAY BE OVERCOME If you have catarrhal deafness or are even just a little hard of hearing or have head noises go to your druggist and get 1 ounce of Parmit (double strength), and add to it 1/2 pint of hot water and a little granulated sugar. Take 1 tablespoonful four times a day. This will often bring quick relief from the distressing head noises. Clogged nostrils should be open, breathing becomes easy and the mucus stop dripping into the throat. It is easy to prepare, costs little and is pleasant to take. Anyone losing hearing or who has Catarrhal Deafness or head noises should try this prescription a trial.—Adv.

MOVING PICTURE NEWS

Marguerite Courtot and Raymond McKee in 'The Unbeliever' at Star.

TODAY'S FILM FEATURES. Sunset—'My Four Years in Germany.' Star—'The Unbeliever.' Peoples—Margarita Fisher, 'Impossible Susan'; 'Sinking of the Lusitania.' Majestic—Constance Talmadge, 'Up the Road With Sallie.' Liberty—Dorothy Gish and George Fawcett, 'The Hun Within.' Columbia—Wallace Reid, 'The Source.' Globe—Geraldine Farrar, 'Joan the Woman.' Circle—Billie Burke, 'The Mysterious Miss Terry.'

The Official War Review.

'KEEPING America in pictorial touch with the most stupendous war the world has ever known—a war in which we are to be the deciding factor,' is the explanation of the Official War Review given by Charles S. Hart, director of the division of films, committee on public information.

'It should be brought to the attention of the public the importance of the Official War Review as means of stimulating enthusiasm and bringing home to the people a realization of the real meaning of the great struggle,' writes Mr. Hart. 'This realization will mean a more general response to the plea for investments in liberty bonds and thrift stamps as well as a greater generosity in contributing to the various war-aid organizations. The Official War Review is distributed by Paths, but it is a Government enterprise, and the greater part of the revenue accruing from it is turned to the committee on public information for the extension of its propaganda work. The pictures are taken by Army photographers assigned by the various allied governments. They are history in the making. They instruct. They thrill. They keep America in pictorial touch with the most stupendous war the world has ever known—a war in which we are to be the deciding factor.'

Mary's Soldiers in Play.

Mary Pickford's adopted soldiers, the boys of the 143d Field Artillery, supply the military atmosphere for her newest Artcraft picture, 'Johanna Enlista,' which comes to the Peoples Theater on Friday.

Mary in Colonel of the 143d—Honorary Colonel Mary Pickford. When she decided that she was going to do a

military picture, naturally she thought of 'her boys' and it was not difficult to secure their services for parts of the production. The story is adapted from the Rupert Hughes novel, 'The Mobilization of Johanna.' In it Mary makes a decided transformation from a gawky, freckle-faced, awkward country girl to a dainty young person minus the freckles and all the other marks of her uncouth 'brim' up. It is said to be one of the very funniest comedy-dramas Mary has ever made.

Tableau for 'Joan.'

In addition to the fourth liberty loan parade—Manager Marquand, of the Globe Theater, staged in connection with the opening of 'Joan the Woman,' the Geraldine Farrar spectacle, last Saturday, a patriotic stage tableau is being presented.

Lucille Traggio, of the Alcazar Players, is cast as Joan of Arc in the tableau. She is assisted by three marines, one color-bearer and two men in a bayonet charge.

Screen Gossip.

'Private Peat,' a war story featuring the well-known soldier-lecturer, 'False Faces,' the Louis Joseph Vance story, with Henry Walthall as star, and William Faversham in 'The Silver King,' are three Paramount-Artcraft specials coming soon.

'The Romance of Tarzan,' a sequel to 'Tarzan of the Apes,' is another unusual film subject soon to be given the public.

A National Motion Picture Exposition

is to be held in Madison Square Garden, New York, October 5-13.

'A Romance of Happy Valley' is the name of D. W. Griffith's second Artcraft picture. Lillian Gish, George Fawcett and Robert Harron are the leading players.

'The Haunted Pajamas,' a farce comedy in which Harold Lockwood starred for the Metro some time ago, is to be put on the stage by Klaw & Erlanger, according to an announcement printed in the trade journals, thus reversing the procedure of stage taking precedence over the screen.

Norma Talmadge announces she will make no personal appearances, except at rare intervals for the liberty or war savings stamp campaigns. Miss Talmadge says she doesn't think the public cares a hang about screen stars, except on the screen, and besides it makes her nervous for days and days before an 'appearance,' just thinking about it.

GIRL HALLS FOR MEN

Big Dormitories Taken for Students' Training Corps.

SMALL HOUSES FOR WOMEN

Eight of the Best Fraternity Buildings at Oregon Agricultural College Will Be Opened for Girl Students.

OREGON AGRICULTURAL COLLEGE, Corvallis, Sept. 23.—(Special)—Waldo and Cauthorn halls, campus residences for women at the Oregon Agricultural College, will be requisitioned for housing men of the Students' Army Training Corps, thus supplementing the large barracks now being rushed to completion and others to follow. This will make possible the desire of the War Department to consolidate its men in a single group of buildings on the south side of the campus. The principal student residences, including club and fraternity houses, along the north campus, together with many of the important college buildings adjacent, will be devoted to the interests of women. These new halls of residence for the women will be operated by the college on the same basis on which the large campus halls were managed. Each will be in charge of a preceptress or a house mother, and all under the stewardship with the same charge of room and board.

Eight of the best fraternity buildings are being taken over for the use of the young women. The nine sorority houses will also be available. Each residence hall will accommodate between 40 and 60 persons and thus there will be ample accommodations for all women who enter the college buildings. The buildings are near the new library building, the hostess house, the home economics building and the school of commerce. It is felt by the college authorities that the young women can be cared for to better advantage in the smaller groups than in the large groups in Waldo and Cauthorn halls. The ten buildings of the last three or four years, in fact, has been to give the young women who have shown special competency, the privilege of organizing as a sorority or club and to take a house under the direction of a preceptress as their residence. The dean of women has taken much interest in this phase of college life for women, and the high standards of scholarship maintained by the sororities and clubs, together

FIRE DUE TO COMBUSTION

Oil-Soaked Rags Thought Responsible for Kilham Blaze.

Spontaneous combustion of oil-soaked rags thrown under a bench on the fourth floor are believed to have caused the fire in the Kilham Stationery Company's building, at Fifth and Oak streets yesterday morning. The loss is estimated at \$15,000, entirely covered by insurance. The principal damage was done in a stationery storeroom on the fifth floor of the building. Machinery for ruling, cutting and rolling paper was damaged also.

ASTORIA SENDS SLACKERS

Four of Military Age Fail to Comply With Regulations.

Four men of military age were arrested at Astoria by Sheriff Burns on a charge of failing to comply with provisions of the selective law, and were brought to Portland yesterday by a deputy United States Marshal to await action by the grand jury. Gemple Martin, who was in Portland last June 5, did not register; Frank Tebar, who was in Spokane June 5, 1917, failed to submit himself for military service; Joseph Keas, who was in Honolulu June 5, 1917, also failed to comply with the regulations; and Gatteline Banades, who was in Alaska on the same date, could produce no registration card.

WINLOCK MEN MINUS CARDS

Recent Registrant Arrested in Portland Not at Fault.

Young men of military age who registered at Winlock, Wash., September 12, find it necessary to remain near home where they are personally known to the officials, as no registration cards were available, and the registrants were furnished with no certificates. Charles Lewis Shedd, a Winlock man, was arrested yesterday by Federal officers in Portland and held until they could communicate by telegraph with Mr. Shedd's local board. Upon the above explanation the young man was released.

DANES ARE GRATIFIED

TRADE AGREEMENT WITH U. S. PROMISES GOOD RESULTS. American Promise of Supplies Is Expected Materially to Improve Labor Situation.

COPENHAGEN, Sept. 23.—The Social Democrats, in another article dealing with the signing of the commercial agreement between Denmark and the United States, notes with the greatest satisfaction that the American promise of supplies will to a great extent alleviate the unemployment situation. Representatives of the various trades unions were asked by the newspaper what the effects of the agreement likely would be. The answers express gratification and the hope that the supplies will come soon. Mr. Lauritzen, a member of the freight board, said the board had made all arrangements in view of the new situation. The necessary tonnage already was available to bring goods to Denmark, he added. The president of the tobacco workers' union, Christian Jensen, said that since September, 1917, the tobacco trade had been badly off. In September, 1917, the employment was 4.47 per cent and it

The Extra Service of Pebecco Tooth Paste. There's nothing better for cleaning and polishing the teeth, invigorating the gums and endowing the whole mouth with a delightful feeling of exhilaration and cleanliness. But Pebecco has an even more important service to perform. It helps to ward off 'Acid-Mouth'—a condition which is acknowledged to be the chief cause of tooth decay—a condition present in nine out of ten mouths. PEBECCO TOOTH PASTE. Magnesia Baths for Dyspeptic Stomachs. How They Neutralize or Take Up the Dangerous Stomach Acids Which Cause Indigestion. BY A SPECIALIST. Physicians agree that nearly nine-tenths of the cases of stomach trouble, dyspepsia and indigestion are caused by an excess of hydrochloric acid in the stomach. 'Acid Stomach' is an exceedingly dangerous condition because the acid irritates and inflames the delicate stomach walls and lining, causing the partially digested food to sour and ferment and develop gas, bloating, nausea and heartburn. Acid stomachs should be neutralized. Do not treat with digestive pills or drugs but give the stomach a magnesia bath to clean out the dangerous acid accumulation and then all pain and discomfort will quickly stop. To give the stomach a genuine magnesia bath go to any drug store and get about 2 oz. of pure bisulphated magnesia powder and take a teaspoonful in a cup of hot or cold water. This makes an agreeable drink and washes down into your acid inflamed and burning stomach where in less than ten minutes it soothes and cools the heated walls and takes up or neutralizes every trace of excess acid much as a sponge or blotting paper might do. With the removal of the acid from the stomach every symptom of indigestion will stop. Magnesia baths are being taken daily by thousands of former dyspeptics who now eat as they please without a sign of indigestion.—Adv.

THIN, IRRITABLE CHILD Gained Flesh, Strength and Good Nature by Taking Vinol. Middletown, Conn.—'I used Vinol for my little girl 5 years old for a run-down, nervous condition. She was thin, irritable all the time and had no appetite. In a week I noticed an improvement and now she has a good appetite, has gained in flesh and strength and is much pleasanter to live with.'—Mrs. C. B. Wilkinson. There is no secret about Vinol—It does its success in such cases to beef and cod liver peptones, iron and manganese peptones and glycerophosphates, the oldest and most famous body-building tonics known. The Owl Drug Co. and druggists everywhere. P. S.—Our Saxon Salve stops itching and begins healing at once.—Adv.
