HOSPITAL BILL HELD UP

DISTRICT ATTORNEY STANDS ON RIGHT BEFORE COUNTY.

Presentation With Sanction of Legal Department Required by County Commissioners.

A. W. Orton, chief clerk to County Judge Taxwell and District Attorney Evans exchanged verbal shots before the County Commissioners yesterday when the District Attorney charged the County Court with authorizing the payment of certain bills without advice of the District Attorney as contemplated by law. The board had before it bills from

St. Vincent's Hospital totaling 659. These bills had been incurred through the County Court under authority of the crippled child's act, passed by the last Legislature. The District Attorney advised against the payment of the bills because they were not legally presented.

The crippled child act stipulates that before any crippled or maimed child receives treatment, the case must first be presented to the District Attorney. This, District Attorney Evans said, has not been done. He also said there was a bill on file in which Multnomah County was asked to pay the hospital bill for a child living in the state of Washington. The Commissioners yesterday declined to pay the bill although they said they were willing to have it paid if the proper legal formalities were corrected. COUNTY SALARIES GO UP

INCREASES AGGREGATE SEVERAL HUNDRED DOLLARS.

Deputy District Attorney, Special Agent, Ferryboat Captains, Pilots and Assistant Engineers Get Raise.

Salary increases aggregating several hundred dollars a month were granted to county employes yesterday. Other petitions were held in abeyance pending further investigation. Deputy District Attorney Bernard and M. Cahalan were increased from \$150 to \$175 a month. Walter F. Green, special agent in the District Attorney's office, was increased to \$150 a month.

These increases were approved by District Attorney Evans.

The Commissioners denied the application of ferryboat captains for an increase from \$150 to \$160 a month, although they increased the salary of pilots and assistant engineers from \$135 to \$145.

Elevator operators and watchmen employed at the Courthouse were increased from \$80 to \$90, and Ned Kehoe, superintendent of the building, was increased from \$95 to \$100. Frank E. Cook, County Court stenographer, was increased from \$100 to \$115 per month, and Mrs. Clementine Levy, record clerk in the office of the District Attorney, was raised from \$90 to \$100. Petitions of teamsters for 50c more a day and \$1.00 a day with team, and of road foremen, were referred to the roadmaster. Requested increases for Miss G. C. Creasey, superintendent of the County Hospital, from \$125 to \$150 a month,

and for Miss Eva C. Jones, superintendent of nurses, from \$100 to \$125 a month, were not acted on.

HUBBY DECLARED BAD ONE

Wife Says Arthur Allison Is Drunkard, Thief and Forger.

Tilda Allison, in a suit for divorce filed yesterday in the Circuit Court, alleges she married a drunkard, a thief and a forger when she took Arthur Allison as her spouse in Seattle in 1915. She declares that he recently served six months in jail for larceny and that after his release committed forgery, for which he is now under indictment. She also says he is a fugitive from the state of Washington. Deserption is charged against Mamie Hand in a suit filed by A. J. Hand. They were married in 1908. Leona

SACKED WHEAT IS HELD UP

Temporary Embargo Placed on Shipments to Astoria. Temporarily there is an embargo on sacked wheat shipments to Astoria, due to congestion there. Approximately 200 cars are now on track there waiting to be unloaded. There is no difficulty in handling wheat in bulk, as the bulk grain elevator can handle about 50 cars a day. Delay in unloading sacked grain at the warehouse necessitated a halt in shipments, which was ordered by the Spokane, Portland & Seattle Railway Company.
