

BULGARIA MAKES APPEAL FOR PEACE

Premier Malinoff Applies for Armistice; Germany Discredits Move.

SOFIA HINTS AT REVOLUTION

King Ferdinand Said to Disapprove of Proposal to Entente; Allied Chief Refuses to Halt Fighting.

COPENHAGEN, Sept. 27.—Bulgaria's proposal to the allies for an armistice was made in accordance with the orders of leaders of the ministerial bloc of the Bulgarian Parliament, according to advices from Sofia. The Parliament will meet on September 30.

LONDON, Sept. 27.—Premier Malinoff of Bulgaria has requested an armistice for the discussion of peace.

The British government has received an officially authorized communication from Bulgaria.

Arthur J. Balfour, the British Foreign Secretary, and Andrew Bonar Law, Chancellor of the Exchequer, are in conference with David Lloyd George, the Premier, with regard to the Bulgarian proposal.

Move Regarded Seriously.
The application is regarded as a serious movement and contrary to the report from German sources of the armistice move, there is no suggestion that it is the action of Premier Malinoff on his own initiative.

A Berlin message transmitted by the Exchange Telegraph correspondent at Copenhagen says Premier Malinoff's offer was made without the support of other members of the Cabinet or of King Ferdinand.

Front to Be Supported.
The Berlin message says Malinoff's proposal has created great dissatisfaction in Bulgaria and that strong military measures have been taken to support the Bulgarian front.

According to statements from Sofia by way of Jassy, it is believed a counter movement against the action of the premier has already been set on foot. (This would seem to indicate that a revolution is in progress in Bulgaria.)

Kaiser to Protest.
Germany intends to send a solemn protest to Bulgaria against Premier Malinoff's request for an armistice, according to a Berlin report received in Amsterdam and forwarded by the Exchange Telegraph Company.

The Berlin dispatch says that the premier's act is a "single-handed move without the consent of King Ferdinand."

Malinoff's Dismissal Demanded.
German newspapers demand that Malinoff be dismissed immediately and court-martialed for high treason. It is believed that the premier's act was the result of Germany's refusal to send sufficient reinforcements to Bulgaria. The situation in Bulgaria is causing extreme excitement in Germany.

PARIS, Sept. 27.—General Franchet d'Esperey, commanding the allied armies in Macedonia, has telegraphed to the French government that a high Bulgarian officer has presented himself in behalf of General Torodov, commanding the Bulgarian army, asking the suspension of arms for 48 hours to permit the arrival of two authorized delegates from the Bulgarian government.

Ferdinand Gives Assent.
The minister of finance, Liapcheff and General Loukoff, commanding the Bulgarian second army, are on their way to the French headquarters with the assent of King Ferdinand to arrange the conditions of the armistice and eventually the terms of peace.

The French commander reports that the Bulgarian request reached him through an intermediary. General d'Esperey's reply, therefore, asked the Bulgarian delegates to present themselves to the British lines.

d'Esperey Acts With Caution.
General d'Esperey says that as the Bulgarian request might be a military ruse to allow the regrouping of forces and the arrival of reinforcements, he made a reply declining to grant an armistice but promising to receive duly qualified Government delegates.

The text of the French commander's reply to a letter brought by the Bulgarian officer reads as follows: "My response, that I send through the Bulgarian officer bearing the letter in question, cannot be, by reason

of the military system, other than the following: "I can accord neither an armistice nor a suspension of hostilities tending to interrupt the operations in course. On the other hand, I shall receive with all due courtesy the delegates, duly qualified, of the royal Bulgarian Government, to which your excellency alludes in the latter, these delegates to present themselves in the British lines accompanied by a parlementaire."

"FRANCHET D'ESPEREY."

TROOPS CLOSE TO CAMBRAI
(Continued From First Page.)
were at first checked by the defenses of Graincourt. Outflanking this village from the north, they seized Anxent and carried forward the whole front of the corps.

"On our extreme right American detachments captured a series of trenches and fortified farms forming the outer defenses of the main Hindenburg system southwest of Le Catelet."

BERLIN, Sept. 27.—(Via London.)—Between the roads from Arras and Peronne toward Cambrai and against the Siegfried front to the west of Le Catelet there have begun powerful English and American attacks with large forces, according to the German official statement issued tonight.

LONDON, Sept. 27.—(7:30 P. M.)—The British attacked today at dawn on the Cambrai front between Sauchy-Le-Stree and Gouzeaucourt, a distance of 14 miles. They advanced to a point within three miles of Cambrai, and took between 5000 and 6000 prisoners.

Complete battery taken.
Some German guns, including a complete battery, were captured by Field Marshal Haig's men. Haig's maximum advance today was three miles. The Hindenburg outpost defenses were crossed at several points. At 2 o'clock this afternoon the British line ran southwest of Gouzeaucourt; east of Beaucamp, west of Marcoing and east of Graincourt, where some of the enemy were still holding out. Thence it ran between Anxent and Cantaigne and east of Bourlon and the Bourlon wood, a thousand yards west of Raillecourt and along the road to Marcoing. It is not known whether the British or the Germans hold Marcoing.

Bourlon's Capture Vital.
The capture of Bourlon is of the highest importance because it is the bulwark of Cambrai. It was captured notwithstanding the water line in front of it, the whole of which has now been crossed.

The British are in a good position to capture Cambrai. Even now the enemy cannot use the town, as the railway, roads and junction are under the British fire.

The new British thrust against the German positions in front of Cambrai is progressing satisfactorily according to the news received here at this hour. The attack is viewed here as a strong British effort to take Cambrai.

A heavy rain falling during the early hours made the work of assembling more difficult, but some time before zero all the troops were in position the rain had ceased and had been replaced by a thick haze which assisted in bewildering the enemy as to the extent and direction of our movement.

About nine German divisions (122,000 men) are understood to be opposing Haig's men.

RUSSIAN REIGN OF TERROR CONTINUES

Thousands Slain Daily by Bolsheviks—Petrograd in Control of Reds.

BRITISH CONSUL PRISONER

Fate of Other Missions Is Uncertain. Mob Orgies Throw Palpable Stillness Over Life of Whole City.

WASHINGTON, Sept. 27.—Deals of Russian atrocities and scenes of horror almost beyond belief were received yesterday by the State Department. The massacre of thousands in Petrograd and Moscow by the Bolshevik mobs was reported to the department from the most authoritative sources.

Prisons are packed so full that the unfortunate victims of Bolshevik wrath are left without care to starve. British Consul Lockhart was imprisoned in the Kremlin September 4 and was still there September 9. Members of the British diplomatic mission and the French Consul-General and military attaché took refuge in the American Consulate at Moscow when orders were issued for the arrest of diplomats, and still had asylum there September 9, when last the State Department informants heard of them.

Killing Goes On Unchecked.
The massacre of Russian citizens was reported continuing in an appalling manner. In Moscow about 150 executions were reported nightly and more than 1800 people have been shot in retaliation for the attempt to assassinate Premier Lenin.

Violent elements of the Bolsheviks were in control in Petrograd in the period up to September 15. The State Department was advised that the Bolsheviks were carrying out a cold-blooded reign of terror that had thrown a palpable stillness over the life of the whole city. People were being arrested in mass and unknown numbers were shot daily at Cronstadt alone.

It is reported that 1700 persons, mostly former officers, were being held as hostages for the lives of the commissars. No commissars have been killed since the assassination of Uritsky, but a recent storm washed many bodies of former officers ashore. The Bolsheviks refused burial and the bodies were eaten by dogs. The population was utterly cowed and there appeared to be no prospect of a change in the situation.

Many Britons Imprisoned.
About the first of September 46 Englishmen were imprisoned on an order from Moscow in the fortress of Peter and Paul. This was on the pretense that proof had been found of a plot leading to the killing of Uritsky in which it was alleged that the Englishmen were implicated. There were also 20-odd French citizens in the same prison.

It is said that prison conditions for Russians and allied citizens could not be worse. The prisoners are crowded into groups of 15 to 20 in small, and very damp cells. Only two or three can lie down at a time. They are permitted no exercise, have little air, no bedding and practically no food. The terror is mostly directed against the upper classes, which the Bolsheviks declare they intend to exterminate.

In the Peter and Paul fortress there have been lately interned several hundred English and French, including officers. Ten or more are crowded into a room until there is no space remaining on which they can be seated or lie down, and the unfortunates are com-

pelled to remain standing without food or care.

Recently, owing to lack of space in Petrograd, prisoners were sent to Moscow, where British Consul Lockhart is interned in the Kremlin, without even his clothing. The Bolshevik government is doing nothing to stop the terror. The department was informed that Tchicherin had even declared to neutral consuls that he regards foreign journalists as spies, who will be treated accordingly. A new decree prescribes the same punishment for aliens as for Russians suspected of counter revolutionary acts.

WORK READY FOR WOMEN

Red Cross Want 20,000 Garments Made Up for War Refugees.

Garments for refugees in European countries are in great demand, according to officers of the Portland Chapter of the American Red Cross, who say the demand is overwhelming.

The spirit some members of the organization, it is claimed, are manifesting to do only work that will be of direct benefit to American soldiers is not approved, as the Red Cross has under its care all of the war-stricken people of Europe, who are in dire need of assistance.

Twenty thousand garments are now required of the Portland Chapter. Material is available, but women are urged to call at headquarters and secure their share. The garments must be ready for delivery November 1.

Game Violation Is Charged.

Charged with hunting pheasants during the closed season, three Portland men were arrested Thursday night by District Game Warden Clark, and will be tried in Juvenile Court Tuesday. The birds had been killed on the island, and this was seized and held as evidence. The guns carried by the boys also were seized by the Game Warden and will be disposed of as the court directs. Those arrested were Ralph Green, 1782 Haven street; John Phiffer, 1732 Duird street; and Kenneth White, 1745 Flisk street.
