

WINGED MEN ELEVEN TAKES SOLDIERS

Teams Show Up Good, but There Is Too Much Fumbling on Part of Players.

INTERFERENCE IS LACKING

Vancouver Men Will Have to Make Considerable Improvement if They Are to Have a Chance to Beat Foundation on Sunday.

BY JAMES J. RICHARDSON.

Smearing one's features with dry sawdust and plowing up old moths earth with your "deers" while 21 husky gridiron warriors climbed on top of your conning tower is not our idea of a nice Sunday morning party, but that is exactly what happened on Multnomah Field yesterday morning when Coach Leo "Tick" Malarky brought his brave football grenadiers over from Vancouver Barracks for a "friendly" scrimmage with the Multnomah Club eleven. The two rival aggregations went it hammer and tongs for about one hour, while some of the chosen few who gathered on the sidelines were congratulating themselves on being among those present, but "missing in action."

When it came time to start hostilities, Manager Bertz, of Multnomah, counted his warriors and found he was one shy of having a regular lineup, but a few minutes after the teams were all ready another Winged-M gladiator arrived in uniform, and the boys went to it.

The festivities were minus the usual kick-off, etc. The players and coaches were so early yesterday morning that they forgot to bring a whistle, but George Philbrook, who coaches Multnomah, arrived with a bright idea—when the whistle was blown, he used the Sabbath morn'g hymn as a substitute for the usual whistle, and called a halt when the players became "hard boiled."

Both teams showed up good, considering the short practice each aggregation has had. They were woefully lacking in interference and fumbling predominated on both sides, and the soldiers doing more than their share. It will take at least three weeks of hard practice before either team will be running smoothly and in a manner satisfactory to the coaches. Certain positions need bolstering.

When Multnomah starts its schedule this season keep your glimmers peeled on Peterson, Multnomah's "submarine" fullback. The way that "bird" tore through the soldiers' line with the ball was a caution. He travels low and fast, and when he hits—goodnight for whoever he plows up against. And the way he shoots those forward passes—fast and on a direct line right into the waiting hands of his comrades. Peterson, by the way, is a Lieutenant and was joined there by Clarence Prock.

It was while on a trip in the mountains that Mrs. Calvert and Mr. Davis had gone ahead for a short distance to hunt for deer. Mrs. Calvert had purchased a new gun before leaving Oregon City and she was anxious to "get a shot" at a deer. No sooner said she than she was hunting for spots with Davis when she spied a deer, aimed and fired, but instead of hitting the deer, the gun exploded.

After a ten days' hunt, seven deer were secured by the party.

CHARLIE LEITH IS HIGH GUN

Woodburn Shot Cracks 49 Out of 50 Birds at Everding Park.

Most of the hunters spent yesterday getting their preparations in shape for the opening of the China pheasant and duck season next Tuesday, but 16 scatergun artists managed to wend their way to Everding Park home of the "Big Gun" and participated in the regular Sunday practice shoot.

Charlie Leith, of Woodburn, had his shooting eye with him and made such good use of it that he bagged a total of 49. R. F. Cooke and J. H. Camp tied for second honors with 43 each.

Heavy Hitting by Picked Players of Shipbuilders' Team Crumbles Defense of Inevitable Leaders.

It remained for the Shipbuilders' All-Star baseball aggregation to administer a "take down" to the Foundation league champions, which they proceeded to do, 10 to 0, in the Vaughn street park yesterday afternoon, before a crowd of more than 500 fans.

Up until the ninth inning "Rube" Evans and his eight backers managed to hold the All-Stars to six scattered hits and a lone run, but in the ninth "Rube" got kidding himself and took the aerial route. Before a truce was declared the All-stars had slammed over eight hits and scored nine runs.

"Rudy" Kallio, former Detroit pitcher, now of the Standard Company of Vancouver, was invincible on the mound for the All-Stars and held Foundation to one hit in the seven innings that he twirled. In the eighth he gave way to "Suds" Sutherland. Sutherland pitched the eighth frame and Frank Rapp, former Buckeroo and Cornfoot moundsman, worked out the ninth inning for the All-Stars. One hit was made off Sutherland in the eighth, a double by Blanchard Kallio pitched great ball and although just a trifle wild at times he only walked one man. He struck out six batters. Barring the ninth inning "Rube" Evans pitched heady ball and struck out five batters.

Clifford "Lightfoot" Lee was the brilliant star of the game. He made five hits in five times at bat, one of them a double, stole a couple of bases and scored two of the 10 runs.

The All-Stars' first tally came in the second inning. Lee came up first and struck out the pitcher, center fielder, Clynes muffed the ball and Lee romped on to second. Bob Marshall drove out an smashing sacrifice fly to rightfield, scoring Lee.

The All-stars did not do any more scoring until the ninth. Charley Moore was the first up in the ninth and drove the pill just about 20 feet in front of the centerfielder. Lee hit one on the nose to rightfield, scoring Moore and placing himself on second. Eddie Johnson came through with a hit. "Rube" Evans hit Bob Marshall, filling the bases. Al Walters walked, forcing Lee in. Eddie Johnson singled, leading in Carmen and Marshall. "Suds" Sutherland drove out a scorcher, scoring Walters and Johnson. Eddie Garrity also made a hit. Robert Moore came through with his second hit in that inning driving in Sutherland and Garrity. Lee hit the ball to the centerfield fence, the centerfielder catching it on the rebound. The hit was a two-bagger but Lee tried to make it good for three bases and was caught just as he slid in. Moore scored in time. Lee's out ended the game.

CHIEF CLARK IS TARGET

JEWISH RESIDENTS ROUSED OVER CHARGES OF "FRAMEUP"

Sergeant Carlson, Accused of Conduct Unbecoming an American, Must Explain, Says Attorney.

Considerable indignation at Chief Inspector Clark's charge of a "frameup" in connection with the alleged interference of Sergeant H. L. Carlson with a number of Jewish people of South Portland last Friday and his alleged remarks, made the fact that there will be no permanent peace while selfishness and sin reign in the hearts of men. He declared that the world is now ripe for the "frame-up" charge is usually the political trickster's subterfuge when he has no real defense.

"A number of the men present at the unfortunate incident called on Mr. Clark Saturday morning, when a representative of the Mayor was present. They reported to me that he attempted to force me to sign a statement which would close this world's history."

"I might say in passing that it has for some time seemed to me incomplete in these days of conservation and economy. Mr. Clark is permitted to remain in the department to fill an office more ornamental than useful. I am not representing Rosenfeld or any other individual in this matter, but am acting without compensation at the request of a number of prominent Jewish citizens of this community and am assured by the Mayor that the matter will receive a thorough investigation."

"We shall insist that Mr. Clark prove his charge. We shall be compelled to self-defense and self-respect to file charges against him for making remarks which are not much better than those charged to the sergeant, whom he is trying to shield."

Mr. Ayer says that the month of October 1 of purchasing the family's monthly allotment at one time.

He follows this appeal: "It is the housewife and all consumers can render to strictly avoid all waste. It has frequently been said that Americans waste more than any other people. The immense drain of foodstuffs being made on the United States, it is absolutely essential that the housewife should eat less, serve less and waste nothing."

"The Winter conservation campaign of the Food Administration will be based on the principle of saving all food possible and not wasting anything. The week of October 28 to November 2 will be given over to a conservation campaign and the distribution of a new house call. But why wait? Why not begin greater efforts at food saving and greater vigilance against waste now? By so doing we can be rendering a daily and hourly service to our country in which we should every one do our full part."
