I Am Public Opinion!

ALL men fear me! I declare that Uncle Sam shall not go to his knees to beg you to buy his bonds. That is no position for a fighting man. But if you have the money to buy and do not buy, I will make this No Man's Land for you!

I will judge you not by an allegiance expressed in mere words. I will judge you not by your mad cheers as our boys march away to whatever fate may have in store for them. I will judge you not by the

warmth of the tears you shed over the lists of the dead and the in-Jured that come to us from time to time.

I will judge you not by your uncovered head and solemn mien as our maimed in battle return to our shores for loving care.

But, as wise as I am just, I will judge you by the material aid you give to the fighting men who are facing death that you may live and move and have your being in a world made safe.

I warn you—don't talk patriotism over here unless your money is talking victory Over There. I am public opinion! As I judge, all men stand or fall!
