WORK TO BE DISCUSSED John W. Perkins Will Tell of Instruction for Selective Men.

John W. Perkins, of Cleveland, O. will be in Portland Thursday for the purpose of meeting a large number of representative business and professional men from every county in the state to discuss the work relating to instruction to selected service men. The session will be held at 10 o'clock in the morning at the Y. M. C. A.

Mr. Perkins has devoted a great deal of time to this important feature of war work, having started in his home city the movement of instructing ac-lective men before they are called to military service. When the feature was adopted and became part of the regulation work by order of Provost Marshal-General Crowder, Mr. Perkins went to New York and organized it in all of the counties of that state and in the city proper, with marked success.

HAIR COMING OUT?

Dandruff causes a feverish irritation of the scalp, the hair roots shrink, loosen and then the hair comes out fast. To stop falling hair at once and rid the scalp of every particle of dandruff, get a small bottle of Danderine at any drugstore for a few cents, pour a little in your hand and rub it into the scalp, After several applications the hair stops coming out and you can't find any dandruff.—Adv.

Delay in the proper treatment of skin troubles is dangerous. Every day spent in trying un-proved remedies may only let the disorder spread and become

more and more deeply seated. The value of Resinol Ointment is known. For over twenty years it has been used as a soothing, healing remedy for the skin.

If applied in time, it usually checks the itching and reduces the eruption right away. But even in stubborn, long-standing cases, it is surprising, how quickly this gentle, yet effective

ointment brings results.
All druggists sell Resinol Cintment.
