But after returning home my troubles appeared to get worse and for several weeks I was unable to take hardly any nourishment. I was put on the lightest kind of diet but even that soured on my stomach and formed so much gas that it kent me in misery for hours. At times I would get so nauscated that I would voint up everything I had caten, and one night I feit so sick after going to bed that when I got up I fainted away, and right afterwards had such an awful spell that I really thought my time ful spell that I really thought my time

> ful spell that I really thought my time had surely come. I suffered from awful headaches, went down in weight and felt just like all my energy had entirely left, me. I felt tired and worn out all the theme, and for years it was all I could do to get through with my work without breaking down.

> "Medicines did me no good and I was almost in despair, when I read so much about others getting such wonderful results from using Taniac that, as a list resort, I decided to try it. In less than a week after staring on my first bottle I noticed an improvement in my appetite and it wasn't long before I hegan to feel like a well man once more. After taking four bottles my appetite has picked up so I cat like a pig and everything agrees with me, as appetite has picked up so I cat like a pig and everything agrees with me, as I never have any bad effects afterwards. I sleep like a log at night and get up in the morning feeling fine as a fiddle and can work hard all day and never feel it at all. I am so delighted at the way Tanlac has straightened me out that I have already told several of my friends about what It has done for me, and I am going to keep on boosting it every chance I get."
