

SLAV STATESMEN CLASH, ONE KILLED

Struggle to Develop Popular Government Results in Bloodshed at Omsk.

NOVIKOFF SHOT TO DEATH

Bolshevik Forces Suffer Heavy Losses at Fall of Ukhinskia. Southern Karelia Practically Cleared of Enemy.

(By the Associated Press.) VLADIVOSTOK, Sept. 22.—Serious trouble has occurred at Omsk between the Cabinet recently organized there and other leaders.

An attempt was made under the leadership of Minister of War Michaelov to force a resignation of the Cabinet. The Duma was then declared dissolved by the administrative council which had been organized by Michaelov to succeed the Cabinet.

The members of the Duma refused to dissolve that body and declared the administrative council abolished. They released the ministers who had been arrested and imprisoned Minister Michaelov.

Democratic organizations in Omsk and Tomsk are supporting the Cabinet. Resolute Minister Slain.

During the trouble Minister Novikoff refused to resign and was shot to death.

WASHINGTON, Oct. 2.—Czechoslovak authorities at Omsk, by placing a strong military force in the city, brought a quick end to the attempt of Minister of War Michaelov to force a resignation of the Cabinet. Official advice received here today said Michaelov had been ordered by the Czechoslovak government to withdraw his demands for a new government and the old governing board has been reinstated.

By their prompt action, it is believed here, the Czechs have prevented a serious split in the Siberian government. Omsk, officials said, probably has been placed under martial law pending restoration of order.

ARCHANGEL, Sept. 30.—(By the Associated Press.)—American, British, Russian and French troops today occupy villages on both banks of the Divina River to a point 35 miles north of Kotlas, in the government of Volodga.

Advance Covers 75 Miles. They have advanced 75 miles in the last two weeks and they now are about 375 miles southwest of Archangel. The river is blocked further south by Bolshevik mines and barges which have been sunk in the channel.

LONDON, Oct. 2.—Very heavy casualties were inflicted on the Bolshevik troops by the entente forces when they captured Ukhinskia in Northern European Russia, September 20, says an official statement today. The town, which had been intended as a base for Bolshevik operations in Karelia, had been fortified under German supervision.

Large captures of enemy troops have been effected during the pursuit of the Bolsheviks and the remaining enemy forces are surrounded, virtually clearing Southern Karelia of enemy troops.

LONDON, Oct. 2.—Seizure by the British expedition of German mining property and other development plants in Spitzbergen, including a big wireless installation, is reported by the Express with the intimation that the work of developing immensely rich iron and coal deposits is proceeding.

Eight Submarines Defeated. The expedition met with considerable difficulties, including encounters with eight German submarines.

WASHINGTON, Oct. 2.—The seizure of Spitzbergen by the British is expected here to prove of great assistance to the Russian government of the north at Archangel.

A short time ago an American engineer made an exhaustive examination of the coal and other deposits in Spitzbergen and it was largely due to his report that the British expedition whose success now is reported was undertaken.

GENERAL RETREAT IS ON

(Continued From First Page.) reported to be in British hands. Strong patrols are working cautiously through the tunnel and its many lateral galleries.

The Australians are exploiting their gains of yesterday. In the terse language of the only report thus far received they are "going on," so likewise are the Canadian and English divisions between Le Catelet and the Senne River.

LONDON, Oct. 2.—(1:30 P.M.)—Between Cambrai and St. Quentin the German line of defense has been broken. It is uncertain what lines the enemy has in the rear. The British advance threatens the German line of retreat in the Oise Valley and also from the massif of St. Gaudain.

Big Retirement Likely. In view of the loss by the Germans of St. Quentin and the lines to the north of that city, an enemy retirement on a fairly large scale seems probable. Given fairly good weather, very big changes on the western front may be seen before winter.

WITH THE BRITISH ARMY IN FRANCE, Oct. 2.—(By the Associated Press, 10:30 A. M.)—British forces, breaking through the German line on the Beaurevoir-Wiancourt front and capturing both the villages, created a salient which aided materially in the capture of St. Quentin by the French. The capture of Beaurevoir cleared up the situation in the Gouy salient to the north.

The British fourth army took these places, while the third army captured Crevecoeur and Rumilly, south of Cambrai, and the high ground east and north of those villages.

Canadians Bitterly Opposed. The Canadians had a hard day yesterday north of Cambrai, the Germans making a determined stand around the burning city.

The British third and fourth armies took 1700 additional prisoners yesterday.

PARIS, Oct. 2.—(Havas.)—Cambrai has been mined, but the British have fought around the town and thus foiled the plans of the enemy. The Germans decided on September 1 to burn Cambrai and forced the civilian population to leave.

TURKS PIT CASH PRICE ON PEACE

Offers Are Made to England Through Financial Channels. Rioting Sweeps Bulgaria.

SERBS STIRRED TO REVOLT

Austrians Believed Inciting Turmoil—Premier Malinoff May Form New National Cabinet and Include Ghenadieff.

LONDON, Oct. 2.—Turkey has made further approaches to the allies through financial channels which are being considered by the British War Cabinet, the Standard says it learns on good authority.

Important developments, the newspaper adds, are expected.

PARIS, Oct. 2.—(Havas.)—Anti-German and pacifist riots are in progress throughout Bulgaria, according to a Zurich dispatch to the Journal.

New Cabinet Rumored. It is added that rumors are current of the formation of a national cabinet in Bulgaria under the leadership of Premier Malinoff and Dr. Ghenadieff, released from prison a few days ago under a pardon by King Ferdinand.

The unified Socialist Deputies of the Bulgarian Parliament have issued a declaration supporting energetically the proposition for an armistice and peace, says a Sofia dispatch to the Journal which is not given. They insist upon a reasonable ending of the war by Bulgaria and condemn anarchy of any description.

The Deputies recommend that the army remain united and they invite the nation to support the work of peace and defend the constitutional guarantees of the country.

LONDON, Oct. 2.—Serbia is being evacuated by the Bulgarian troops, who are returning to Bulgarian territory, according to a Serbian official statement.

Serbian Disorders Reported. News has reached the Serbian army in Macedonia that revolts have broken out in Serbia and other regions where there are Serbians, Croats and Slovenes.

It is feared, says a Serbian official note, that the Austro-Hungarian government is purposely arranging with the police to excite the inhabitants and then confiscate their property and imprison them in camps.

PARIS, Oct. 2.—(Havas.)—Premier Malinoff appeared before the Bulgarian Parliament on Monday and read the speech from the throne, according to advices from Sofia by way of Basel.

Malinoff Explains Peace Move. M. Malinoff, according to German papers, said that the Austro-Hungarian government intended only to fulfill their duty toward the fatherland in making an honorable peace worthy of the sacrifices that had been made. The reason for this step, M. Malinoff said, was the general situation that confronted the country.

SOPIA, Oct. 2. via Basel.—King Ferdinand's speech, which Premier Malinoff read to the Sobranje, announced that the National Assembly would be convoked and that the Sobranje would be adjourned until Friday in order that a complete statement of Bulgaria's position might be laid before the representatives of the nation.

LILLE LOOTED BY BOCHE

(Continued From First Page.) work forward through a sea of mud and have taken Hooge and Handzeem, northeast of Roulers. They are also closing in on Roulers.

0000-Yard Advance Made. Field Marshal Haig's forces also captured Rolleghemcapelle today and advanced for a distance of 2000 yards south of Roulers.

Heavy rains and mud have been interfering with progress of the Belgian Army and the Second British Army. Today the weather cleared and cold, a change favorable to the allies was noted.

The Belgian and British forces now are astride the Roulers-Menin road.

LONDON, Oct. 2.—French and Belgian troops have made French progress in the direction of Hooge and Roulers and the British have seized Ledeghem on the Roulers-Menin Railway, says a Belgian official statement. A British detachment has crossed the Lys between Werwicq and Comines.

The statement reads: "On October 1 the operations in Flanders developed favorably despite the resistance of the enemy. The energetic Belgian and French troops made new progress in the direction of Hooge and Roulers. South of Roulers British troops captured Ledeghem on the Roulers-Menin Railway. British detachments crossed the Lys between Werwicq and Comines.

Enemy Convoys Bombed. "British aerial squadrons bombarded Lichtervelde, causing a fire at the railway station. They also broke up several enemy convoys."

PARIS, Oct. 1.—(Havas.)—The towns of Menin and Roulers, railway junctions in Flanders, have been set on fire by Germans in face of the advancing Belgian, British and French troops. French guns now control the railway line running from Ostend, through Thourout and Roulers, to Comines. British monitors are co-operating actively in bombarding the German line on and near the coast.

LONDON, Oct. 2.—5 P. M.—(By the Associated Press.)—On the Belgian front the Anglo-Belgian troops have been subjected to violent counter attacks. Neither these nor the bad weather, however, have stopped the advance, although the combination has had the result of slowing down the allied progress.

Boche Fights Hard. The Germans are making a determined effort in Flanders as everywhere else to stop the onrush. They realize that if the allies push even five miles further eastward on the Belgian front Ostend will become unusable, while an advance of 10 miles would jeopardize the entire coast line.

PARIS, Oct. 2.—The Germans are moving their heavy artillery away from the Belgian coast, according to reports here today. The Belgian army, co-operating with the British army, General Plumer and the French army of General Degoutte, successfully renewed today their heavy attacks on the Flanders front.

WASHINGTON, Oct. 2.—Further evidence of German preparations for evacuating the Belgian seacoast reached the State Department today in dispatches, saying hospitals, postoffices and the contents of storage houses of the German Fourth Army district were being moved back and turned over to the military government in the interior.

German civilian authorities are being generally recalled and strict regulations affecting the maritime district are being enforced. Reserves in Belgium which are to be sent to the front by the Antwerp navy staff are said to be preparing to leave Belgium.

This arrangement is to continue for the duration of the war.

FOE FLEES FROM RHEIMS

(Continued From First Page.) multiplying their counter attacks at all points where the French troops advance.

Formidable Position Taken. General Gouraud's men this morning burst through a very strong line of wire defenses south of Orfeuil and Liry and took a formidable position by assault.

In the wooded valley of the Aisne east of Liry and northeast of Bouconville, which had been transformed into a series of centers of resistance, a very hard struggle took place, ending in the occupation of the most important positions by General Gouraud's men, who, at the same time, took a great amount of booty.

The fighting continued farther east, where the Germans had flooded the region south of Challenger. Here the French troops, advancing with the same intrepidity as they have shown throughout this battle, took the farm of Joyeux and the railro J station at Zutry. Conde Les Autry, north of Binarville, also fell into the hands of the French after sharp fighting.

PARIS, Oct. 2.—I P. M.—(By the Associated Press.)—General Berthelot's army today is making good progress between the Vesle River and the Aisne Canal. The French troops have captured five or six villages and their advance at some points has reached a depth of five to six kilometers.
