

FANS WANT TO SEE BATTLE REPEATED

Return Clash Between Elevens
Would Be Joy.

BARRACKS TO PLAY AGGIES

Winged-M Will Journey to Eugene
Saturday for Encounter With
Varsity Players.

BY JAMES J. RICHARDSON.

The 3000 people who watched Foundation and Vancouver Barracks stage their hard-fought gridiron battle at Sunday's football game at the Vaughn-street grounds are aching to see the same two teams engage in a return clash. The shipbuilders, naturally, are of the opinion that they have the better aggregation, even though they emerged from the Sabbath fracas on the short end of a 6-to-0 score.

You can't tell any of the Vancouver khaki-clad warriors that Foundation has a better aggregation than the "Sprucers"—and get away with it. No sire. The Vancouverites are for their pigskin artists first, last and all the time and maintain that had last Sunday's battle been played on a field amply covered with sawdust the spectators would have been given a rare treat in the art of tricky football. As it was, neither team pulled anything except straight line bucking, with an occasional attempt at advancing the ball via the aerial route.

The rival coaches—George Dewey (O. A. C.), of Foundation, and Private Leo ("Tuck") Malarkey (U. of O.)—still argue the merits of the formidable eleven of the two—naturally.

Next Saturday, at Corvallis, Vancouver Barracks will take on the Oregon Aggies. Coach Hargies, of the Aggies, claims a pretty fair aggregation. He has about 2300 men to select his team from and among them are any number of high school and prep school gridiron stars.

The Multnomah Athletic Club eleven will journey south to Eugene next Saturday and wage a gridiron battle with the University of Oregon regimental eleven. The winged-M warriors line up like a pretty strong aggregation. Coach Philbrook has been putting the team through some strenuous practice three nights a week on Multnomah field.

Rehbein, former Lehigh University gridiron star, turned out for practice with the clubmen Sunday morning. He is a backfield player of some prominence, but Philbrook has not fully decided where he will station the big fellow.

Quite a commotion was caused in the grandstand at Vaughn-street park last Sunday during the Foundation-Vancouver football game, when Vancouver put over the lone score of the game against Foundation.

Someone remarked that Coach Private Leo Malarkey, of Vancouver, married in order to evade the draft and was later snared in the draft net. The mendacious remark was overheard by Mrs. Leo Malarkey and for a minute it looked as if there was going to be trouble.

The remark was ill-advised and untimely, because Private Malarkey endeavored to enlist at the time his brothers, Bob and Gerald, went into the service and was turned down on account of being totally blind in one eye from an injury sustained while playing football with the University of Oregon. Malarkey tried to enlist in every branch of the service, and in 1917, when most of the University of Oregon football team joined the Marine Corps, he again tried to get by but was turned down. Malarkey ventured out on the matrimonial sea only after having been told there was no chance to enlist. He was later accepted for limited service. Private Malarkey's young brother, Gerald, was recently killed on the western front.

SEVEN MILLION TROUT LIBERATED

1,000,000 of Finny Tribe Now in Oregon Streams Steelheads.

Seven million rainbow and steelhead trout have just been liberated in Oregon streams, according to Carl D. Shoemaker, State Fish and Game Warden, who, with I. N. Fletcher, State Fish and Game Commissioner, have just returned to Portland after an 18-day inspection tour.

Inspections were made at the McKenzie River hatchery, the hatchery at Butte Falls in Jackson and the hatchery on Crooked Creek, Klamath Falls. The number of trout liberated this year is much greater than last, as all three hatcheries have been working to capacity, while that of the McKenzie river last season was the only one used.

A little less than 1,000,000 of the total number of fish liberated are steelheads.

BOXER JOINS FOURTH ESTATE

"Sailor" George Weston, Portland Boy, Sporting Editor at Mare Island.

George B. Weston, known to the boxing fans all along the Pacific Coast as "Sailor" George Brandon, one of the best bankswell fighters in the section of the country, is now sporting editor of the Mare Island Bulletin.

Brandon is a Portland boy and one of the best boxers ever turned out here. Of late he has not been doing much boxing, outside of training, and spends most of his time at the Elec-

trical School at Mare Island and getting out the sporting page of the publication.

Revenge Sweet to Spruce Men.

Revenge is sweet in the minds of the sixth spruce squadron football team, which hung a 7-to-6 defeat on their comrades of the fifth spruce squadron last Saturday on the Vaughn-street grounds. It was a hard-fought battle and the players were busy every second. Saturday's game was the second clash between these two elevens, the fifth squadron winning the first game by exactly the same score as in last Saturday's contest—7 to 6. Now the fifth squadron wants to take the odd game and a contest will probably be arranged for next Saturday either in Vancouver or Portland.

WILHELM HAS BIG PROBLEM

QUALIFYING ROUNDS FOR CLEMSON CUP ARE PLAYED.

Oregon's State Champion Has Only One Stroke Handicap and May Experience Difficulty at Play.

The qualifying rounds for the John G. Clemson cup were played Sunday at the Portland Golf Club. It is a handicap affair and the beautiful trophy is a two-time-win cup. Last season Rudolph Wilhelm, Oregon state champion, triumphed in the play, but as he only has a handicap of one stroke this time, he is liable to experience difficulty getting into the final.

E. K. Dick were few net scores with 73. O. H. Baker was third lowest score with 83. Rudolph Wilhelm turned in 84.

The following qualified: E. Kay 79, J. A. Dick 79, O. H. Baker 83, R. Wilhelm 84, C. B. Lynn 84, E. J. Schollard 86, S. A. Gibbs 85, W. C. McCulloch 86, J. H. Tuttle 86, E. M. Eldridge 86, George Washburn 86, Frank Heitkemper 86, C. W. Cornell 87, J. Mangus 88, C. Shaw 88 and George Anderson 90.

The pairings in the first flight for the Clemson cup are as follows and the matches must be finished by next Sunday: Tuttle vs. Kay, Lynn vs. Cornell, Gibbs vs. Shaw, Baker vs. Washburn, Wilhelm vs. Heitkemper, Schollard vs. Anderson, McCulloch vs. Anderson and Dick vs. Eldridge.

There were several good matches in the second round of the men's club championship played Sunday on the Raleigh course. Wilhelm won from Anderson, 4 and 3; Cornell defaulted to E. Kay, 5 and 4; Shaw, 5 and 4, and Kay defeated Lynn, 2 up.

As a result of the semi-finals in the women's club championship Sunday, when Mrs. Nicol defeated Mrs. Brodie, 5 and 4, and Mrs. Lynn won from Mrs. Cornell, 1 up on the 18th hole, Mrs. Nicol and Mrs. Lynn will meet in the finals for the championship next Sunday.

The Columbus day men's sweepstakes handicap will be played next Saturday at the Waverley Country Club. It will be 18 holes, medal play, and the entrance fee will be one dollar. The stakes will be divided 50 per cent to the winning net score, 30 per cent to second best net score, 20 per cent to low gross score. Competitors have the option of entering as many times as entrance fee is paid by handing in score card for each 18 holes played.

MARINES LEADING LEAGUE

BOWLING AT ROSE CITY PARK CLUB SPIRITED.

"Rookies" and "Doughboys" Hold Second and Third Places, While Tom Cats Are at Bottom.

The Marines of the Rose City Park House League are still going over the top in the percentage column and are leading the five other teams with six games won and none lost.

The following is the league standing and results of games played last week:

Team	Won	Lost	Pct.
Marines	6	0	1.000
Rookies	5	1	.833
Doughboys	3	3	.500
Yanks	3	3	.500
Tom Cats	0	6	.000

Game Scores:

Team	1st	2nd	3rd	4th	5th	6th	7th	8th	9th	10th	Total

WOMEN HELPERS WANTED

Hurry-Up Call Is Sent Out by Two Red Cross Units of City.

Can you help in Red Cross work tomorrow? There is a crying need from two units of this city for workers and anyone and everyone will be welcomed.

The First Presbyterian and Westminster churches have undertaken big tasks to help those who are giving of their all to win the war. The women have taken for their motto: "We will not be slackers in this, as we were not slackers in buying Liberty bonds."

The Red Cross unit at the Westminster Church has on hand for tomorrow's work 30 athena pinafors; for Belgian and French children, and those in charge say many hands are needed to complete these in order that work may be resumed on hospital bed shirts. "Come as early as 9:30 if possible" is the plea.

\$9,000,000 APPROPRIATED

American Red Cross Appropriations Sum for War Work in British Isles.

WASHINGTON, Oct. 7.—Nearly \$9,000,000 has been appropriated by the American Red Cross for war work in the British Isles for the period from last October to the end of this year. This was disclosed today by the latest report of the war council.

BOXING PROMOTERS MAY GET SURPRISE

Commission to Discuss Revision of Rules.

TROUBLE TO BE PROBED

Plans for Staging Future Fistic Smokers Liable to Receive Jolt. Petty Jealousy Disapproved.

The Portland Boxing Commission will meet tomorrow night at the office of Walter B. Honeyman, secretary, at 8 o'clock. Frank E. Watkins, chairman, issued a call to the commissioners yesterday to discuss several changes in the present rules which now govern boxing.

It is almost assured that the commissioners will dive deep into the trouble which pervades the boxing atmosphere in this city and it would not at all be surprising if some of the promoters, desirous of staging future boxing smokers are disappointed in their plans. Chairman Watkins, speaking of the squabbles between promoters and charges of tampering with boxers, said yesterday, "I don't believe in this petty jealousy among promoters and am opposed to granting any permits to those responsible for causing dissatisfaction by trying to induce boxers to remain off from some other promoter's fight card by offering them more money. I am sure the rest of the commissioners feel the same way about it. There has been quite a bit of this method of breeding trouble and the boxing game will never thrive as long as this is allowed to get by."

Watkins conferred with Chief of Police Johnson yesterday and the latter gave some good ideas regarding the boxing situation which Watkins has promised to take up with Mayor Baker and then with the commissioners at the meeting tomorrow night. No definite amount has been named which must be paid into the Oregon Boys' emergency fund out of the net proceeds of each smoker and this also will be taken up and decided at the meeting to be held tomorrow night.

Jack Fahle, manager of Jimmy Darcy, received a long distance telephone call from one of the allied promoters at San Francisco, yesterday, which was as follows:

"Hello!"
"Hello!"
"Is this Darcy?"
"No, this is Darcy's manager."

"Will you let Darcy fight in San Francisco next Friday night?"
"Hello!"
"Hello!"
"Is this Darcy?"

"Yes, that's alright, but how much is it?"
"We will give you \$350 and two round trip tickets."

"Nothing doing. If you make it \$350 and tickets we will leave in the morning."

"Well, all Krusovsky got for fighting in Portland was his railroad ticket and expense."

"That makes no difference to me. If you want Darcy it's \$350 and tickets."

"Good bye!"
"Good night!"

One of the shipbuilding magnates, who is a dyed-in-the-wool fight enthusiast, inquires the reason why Johnny McCarthy does not take on Jimmy Darcy even though the latter is heavier. He also remarks that Johnny is always tackling boys who are much lighter in weight and for once in his life ought to give away some poundage himself.

There is no question but what McCarthy would fight Darcy, even though the Roumanian is heavier by about 12 pounds and would undoubtedly give Johnny a lacing he would not soon forget, but his manager, Sam Levy, knows too much about the boxing game to let Johnny enter into such a bout.

McCarthy will fight anybody his weight and is willing to give away weight, but when he does it he wants to know "who's who and why."

BOY SCOUTS HOLD TAG DAY

Money Raised at Oregon City for Purchase of Flags.

OREGON CITY, Or., Oct. 7.—(Special.)—The Boy Scouts of Troop 2, of Oregon City, held a tag day here Saturday and disposed of 1000 tags at 10 cents each. The demand was so great for these tags that they were disposed of in a few hours.

The object was to raise money to purchase flags for the public buildings of Oregon City. The money remaining after the tags had been purchased will be placed in the treasury of the Boy Scouts and known as the flag fund. It has been decided to observe October 5 by Boy Scouts of Troop 2 as Flag day, and a similar tag day will be held next year.

The scoutmaster of Troop 2 is C. P. Rorick, and J. S. Cochran is assistant scoutmaster.

CONTRACT TO BE AWARDED

Highway Commission Expected to Let Macadam Work Today.

SALEM, Or., Oct. 7.—(Special.)—The State Highway Commission at a meeting in Portland tomorrow will probably let a contract for the laying of four miles of macadam highway between Marshfield and Coquille, in Coos County. The estimated cost of the project is \$20,000. Roadmaster Sawyer and Commissioners Phillips and Dean, of Coos County, conferred with State Highway Engineer Nunn today relative to the work.

One question to be determined by the commission tomorrow will be whether the state shall take over the construction of the grading and macadam project between Tillamook and McMinnville and known as the Tillamook-Nestucca highway. Tillamook County submitted a bid for the work, but a recent opinion by Attorney-General Brown held that the county was barred by law from making an offer.

Salmon Prices Dropping

Supplies by State Hatcheries Lower Cost.

Fish Now Retail at Municipal Markets in Washington State at 9 Cents a Pound.

Thirty-one state fish hatcheries of Washington are supplying municipal fish markets of several cities with their supplies of salmon, retailing at nine cents a pound, with the result that high prices are dropping among fish dealers generally according to L. H. Darwin, State Fish Commissioner and Game Warden of Washington, who visited Portland yesterday.

Municipal fish markets have been established, with the indicated allotments of salmon agreed upon, said Mr. Darwin, in the following cities: Seattle, 240,000 pounds; Tacoma, 150,000 pounds; Spokane, 150,000 pounds; Everett, 60,000.

So popular has the moderate priced salmon proved to be that the cities are far exceeding their daily quota, which was based upon a supply for the year. Thus, with an allotment of 500 pounds per day, Spokane's municipal market has sold 9430 pounds in two days, while similar reports come from the other cities.

The fish that are supplied are selected from those stripped of their eggs for hatching purposes, and were formerly sold to the canneries. Inasmuch as the greater part of the "chum" pack has been commandeered this season by the Government, it is inevitable, said Mr. Darwin, that Washington cities would have sustained a distinct shortage had not the fish commission decided to turn its supply to the municipal markets.
