Corn, Oats and Barley Values Are Sharply Reduced.

### DECLINES 75 CENTS TO \$3

Market Responds Immediately to Slumps in Eastern Exchanges. Holders Would Unload.

Not since the early days of the war has there been such a slump in coarse grain prices as occurred on the Merchants Exchange yesterday. Prices dropped all the way from 75 cents to \$1 a ton as a consequence of the big breaks in the Uhicago WALLA, WALLA, Wash, Oct. 7 (Special Control of the Control of the Chicago WALLA, WALLA, Wash, Oct. 7 (Special of the Control of the Chicago WALLA, Wash, Oct. 7 (Special of the Chicago WALLA)

Recent San Francisco imports included 2522 bales homp, 423 bags beans, 199 bales burlap, 896 bales gunnles, 28,495 bags rice. Idaho State Grain Inspector R. J. Leth is responsible for the statement that there are very few grain firms in Raho who have the necessary equipment for properly grad-ing wheat. In most cases neither the farmer the denier is assured of the correct nor the dealer is assured of the correct grade. The farmer is not the only loser in this game, however. Much wheat is purchased on too high a grade and the dealer stands the less. Possibly such losses and gains may compensate for each other to the dealer, but not so the individual farmera. State grading is the only recourse. Mr. Leth further stated that better services could be given if the voles for course. Mr. Leth further stated that better service could be given if the rules for submitting wheat samples were always followed. A common difficulty is the submission of too small a sample. Three pints is the smallest sample it is possible to grade. The grade determined by the State Grain Inspector becomes binding on both buyer and seller only when the sample is load; M. MAKE OF BUTTER SLOWLY INCREASES But for Recent Drastic Liquidation, 134c. Trade Looks for Easing Up of Situation in

Near Future. There has been a noticeable increase in the supply of cube butter, and country creameries report a slow but gradual en-largement of their make, but the gain thus has not been sufficient to affect prices. The position of the egg market is strong, as receipts of fromb ranch stock are below requirements, and there is no likelihood of hurrouse in the supply for six or eight

Ponitry receipts were of fair size and the market was somewhat easier, particularly on light bens and large springs. Dressed means are about steady. Dealers find it difficult to move over-sked veal, of which many have been sent in lately. Some of these calves, which could be classed as neither veal nor beef, sold as low as 7 and 8 cents,

way from To cents to \$1 a ton as a consequence of the big breaks in the Chicago and other Eastern markets. With indications of still lower grain prices throughout the country buyers were not disposed to enter the market and seliers, to unlead, asked materially lower prices than were posted on Saturday.

Offers for sacked oats were reduced \$2.25. Doit clipped oats \$2 to \$2.00, and bulk white eats \$2.75 a ton. Tellow corn bids were reduced \$2.25. Milling barley was down To cents and feed grades \$1 to \$1.50. Though asked prices were slashed no business resulted.

LACK OF DEMAND CAUSES WEAKER HOG MARKET.

Day Is Liberal.

The week opened with a good run at the stockyards, but a slow and backward market, particularly en hogs, as packers are well supplied, and their inactivity resulted in weakness in this line. The cattle market, however, was very steady. Sheep and lambs were also unchanged.

Receipts at the local yards in the past month compare with September of last year as follows:

### RECRUITING BEGUN

PORTLAND OFFICE NOW READY FOR APPLICANTS.

Only Men Between 18 and 35 Accepted and Only Full-Fledged Americans Wanted.

The Portland Navy recruiting station

The Portland Navy recruiting station yesterday began the induction process for registrant applicants, immediately upon receipt of the necessary blanks. About a dozen applicants had their papers completed, but a rush of eager eligibles is expected now that the office is ready for them.

Under the new selective service arrangement the Navy is to receive 15,000 men per month, of which 5500 are to be taken through voluntary individual induction. The Portland office has not yet been notified as to its quota.

Only men between 18 and 35, inclusive, may be accepted by the Navy. Only full-fledged American citizens are wanted. Conscientious objectors need not apply.

Under the new arrangement the Port-

only full-fledged American citizens are wanted. Conscientious objectors need not apply.

Under the new arrangement the Portland Navy office merely takes the applications of eligibles and examines them. Seattle is the mobilization point for the states of Montana, Idaho, Washington and Oregon. Papers of physically fit applicants are forwarded to the Provost Marshal-General's office.

From there orders are sent to local boards and the boards entrain the men for Seattle.

All men making application in Port-

for Seattle.

All men making application in Portland for Navy service ask merely for induction as apprentice seamen. Recommendations for other ratings are entored on the papers, according to qualifications, and assignment of rat-ings is made when the men reach Seat-tie. As yet the local officers tack specific orders as to acceptance of youths who have become 18 since registration day.
