

OREGON MUST SEND MUNITIONS WORKERS

Shell Loaders Are Urgently Needed in East.

OUTPUT SUDDENLY HALTED

Emergency Call for Help Comes as Result of Explosion at Big Plant Last Week.

Again Oregon is appealed to by the National Government to respond to an emergency call. Shell-loaders for munitions factories are wanted at once.

Secretary Kollok, of the State Council of Defense, received notice from Washington yesterday that Oregon would be asked to furnish its quota of munitions workers for factories in other parts of the country.

Labor Shortage Serious. In his call for workers, Mr. Smith says work in small munitions plants is badly hampered because of shortage of labor, and it is estimated that 125,000 unskilled men are needed at once.

Immediate Relief Urgent. Franklin K. Lane, chairman of the field division, Council of National Defense, yesterday sent the following telegram to Secretary Kollok.

DUCK SHOOTING IS GOOD

HUNTERS BACK FROM INVASION SAY SPORT EXCELLENT

China pheasant shooting was reported as being excellent down the valley. Around Albany and Salem birds were reported as being plentiful with most of the shooters bagging the limit.

State Game Warden Shoemaker returned from Eugene yesterday and reported seeing scores of hunters and plenty of birds. Frank Frozmat and Jack Straight had a two-day shoot in the vicinity of St. Paul and returned with 11 birds.

Lotus Langley and F. Richardson went up to Harrisburg and bagged the limit. Dr. Arthur K. Downs and Robert Archibald Cronin shot near McCoy and also bagged the limit.

HUNS MUST SURRENDER

MAJOR H. A. BRANDON WARNS OF PITFALLS OF PEACE.

Germany's Giving Way Must Be Unconditional, as Magnitude of Crimes Deserves.

Americanism as keen and bright as a bared blade was the kind that Major Herbert A. Brandon, late of the United States Engineers, in foreign service, presented to the members' council of the Portland Chamber of Commerce, in his address at yesterday's luncheon.

From first to last Major Brandon urged the winning of the war, warning against the pitfalls of such peace as Germany may offer at this time, and declaring for a surrender as unconditional as the magnitude of her crimes deserves.

"To secure this end," said Major Brandon, "we must work with full unity of purpose. Geographical lines and local sentiment must be forgotten. There must be no North nor South, no East nor West, no creed nor caste, no partisan politics nor petty profiteering."

During his service in France, from which he was invalided home, Major Brandon paid special attention to tracing down and authenticating many reports of German atrocities. The incidents of beastly related yesterday brought shudders to his hearers.

"I would tear this uniform from me," asserted Major Brandon, "were the soldiers of the United States guilty of one thousandth part of what Germany has done. Yes, and I would rather be a pauper under the Stars and Stripes than be subject to the black-stained rag of the Prussian vampire!"

"No one must listen to peace at present. Anyone who speaks of peace to us is inimical to the cause. Over there they all want peace—but they do not want it of German manufac-

AD CLUB PROMISES LINEN

Generous Donations for Use of Red Cross Are Assured.

Members of the Portland Ad Club promise to exceed their quota of towels, sheets and handkerchiefs for the Red Cross when, at their weekly luncheon at the Benson Hotel tomorrow, each member will bring from one to a dozen or more of each of these articles.

A special appeal to the Ad Club was sent out yesterday by H. W. Camp, chairman of the Red Cross linen committee, who appealed to the advertising men to bring quantities of the articles needed.

The general public also is urged to send in all possible contributions to room 409, Oregonian building.

The articles must be in good condition. The Red Cross is calling upon the people for these articles because it is impossible to procure them elsewhere.

RELIEF APPEARS UNLIKELY

Higher Rates, Not Better Water Service, Cresswell's Prospect.

SALEM, Or., Oct. 7.—(Special).—Mayor C. H. Sedgewick, of Cresswell, Lane County, complained to the Public Service Commission some time ago that the water service there required \$400,000 improvements and intimated the franchise might be revoked if these were not made.

In answer to the complaint Mrs. Emilie Fallman, of Lemmon, S. D., owner of the plant, says she has no money to put into improvements and that she will make formal application for an advance in rates.

QUICK ACT SAVES WOMAN

FRANTIC EFFORT TO LEAP FROM WINDOW FOILED.

Deputy Constable Holds Would-Be Suicide by Heels in Air Until Assistance Comes.

Mrs. Betta Tang Rollia, aged 27, made a frantic effort to leap from the window of Constable Petersen's office, on the third floor of the Courthouse, yesterday just as Deputy Constable Watkins was getting ready to take her to the County Jail under a statutory charge filed by her divorced husband, H. O. Tang.

Only the quick action of the deputy constable saved the woman from falling to the cement courtyard nearly 20 feet below. Watkins caught her by the heel of her shoe and held her suspended in the air until other deputies came and helped him drag the woman back to safety.

Mrs. Rollia and her husband, Sam Rollia, a Serb, were both arrested on complaint of the woman's divorced husband, who charges the couple with living together without being legally married. Tang and his wife were divorced in Portland three months ago. The woman married Rollia at Tacoma three weeks ago. Because she failed to wait the statutory six months before re-marrying, the ex-husband determined to have her prosecuted.

Rollia and wife are held at the County Jail pending a District Court hearing. The woman's 5-year-old boy is being cared for by the Juvenile Court.
