Costs Have Advanced From 50 to Nearly 100 Per Cent.

CONSUMER TO FEEL EFFECT

Heretofore, Dealers Have Absorbed Advances, but From Now On Prices Will Be Based on Costs.

will begin to feel more of them. Up to the present time many retailers have had old stocks, and to a greater or less extent have sold them on the basis of old costs, but now this will change, as teas have advanced in cost all the way from 50 to practically 100 per cent. tically 100 per cent.

The teas most in demand on this Coast, Japanese teas, have practically doubled in cost since before the war, but the importer and retail grocer have until now been absorbing more or less of the difference. From this time on, however, the consumer must expect to pay on the banks of the new costs. The reason for advances in tea are the same as prevail in this country which have caused advances on all goods, but beyond that is the enormously increased cost of sil-ver. Teas are paid for in the country of production with silver. When silver costs

double what it used to it is easy to see why tess advance. Besides that, freight that used to be 2 cents per pound has gone up to as high as 14 cents per pound. The consumer up to this time has been very well treated by the retailer, but in the future must expect to pay a price based on the cost of the goods.

WASHINGTON CROPS UNDER AVERAGE

Weather Conditions Responsible for Small Yields of Wheat, Oats and Barley. The Washington state crop report for October, issued by E. T. Marchetti, field agent of the Department of Agriculture, says: Wheat—The wheat crop is 2,788,825 bushels less than the unusually small crop of last year, in spite of an average increase of \$35,000 acres. The outliet is somewhat superior 06 acres. The quality is somewhat superlos to last year in the Palouse and Walla Walla sections excepting that smut is more gen-eral. In the Big Bend and adjacent coun-ties the weights per measured bushel were

tion the weights per measured bushel were under pre-harvest expectations.

Cats—Oats on the La Conner Flat in Skugit County yielded considerably below average, and in the Palouse, Ferry and Stevens counties the crop is much lighter than the unusually small crop of a Year ago. The quality, generally, is below average.

Rarley—The barley crop, located principally in Columbia, Garfield, Walla Walla, Asoth and Williaman counties, is the smallest in the history of the state on account of

est in the history of the state on account of unfavorable climatic conditions and aphides damage. Occasional fields were abandonfed, due to light yields, and in many sections where a surplusage is normally produced barley has been imported this year for feed. Owing to hot weather damage, the weight per measured bushel is lighter than usual. Condition, acreage and production figures compare as follows (acreage and production in thousands, i. e., 000 emitted):

Corp- Condition, per cent. Production, bu Spring wheat-	1918. 90 1,516	1917. 82 1,517	Ave. 85 1,046

NOVEMBER FEED BARLEY BRINGS \$47 10 Five Hundred Tons Are Sold at Merchants Exchange-Market Generally Steady.

Five hundred tons of November feed bur-ley were sold at the Marchants Exchange restorday at \$47. Milling bariey was unchanged at \$40.50 bld. Sacked oats were also unchanged. Bulk outs for October de-livery were steady, but offers for November were 50 cents lower than the day before.

maintained. Recent rains in the northern sections proved beneficial. Movement of wheat to ports is on a more moderate scale and shipments are tending to decrease. and shipments are tending to decrease, corn is being offered in larger quantities with prices declining. Exporters have been absorbing fair amounts, but their purchases have not been sufficient to offset the liberal offerings. Oats continue in better request and prices consequently are firming."

Terminal receipts in cars were repo by the Merchants Exchange as follows:

Partland, Thur, 50 6 12 eon to date. 3684 378 466 298 1398 ar sgo. 1358 67 240 405 587 70 100 MODERATE DEMAND FOR APPLES

Prices Are Firm at Northwestern Shipping

Winchester, Va., and No. is ranged \$4.650 4.75 bulk per barrel f. o. b. Rogers, Ark. Northwestern boxed Jonsthans X. F. were quoted unchanged at \$3.00 @3.25 in leading markets, and ranged firm at \$1.80@121 f. s. b. Northwestern shipping points. Shipments were heavy."

HIGH PRICES CHECK BUTTER SALES Eastern Consumption Curtailed During Week

by Strong Market.

The butter demand in the East was light oring the past week, Jobbers and retailers purchasing mostly in small lots to supply enly their immediate needs. Many firms re-ported that the consumption of butter had been somewhat curtailed, due to the high prices which prevailed during the week

The movement into storage has tended to keep the market cleared of surplus stocks. On Monday the New York market declined 1 to 14c on most scores, which made the market for the day on 92-score butter 57c, as compared with 55c at Chicago. At the

Ranch Egg Arrivals Very Small, Receipts of Oregon ranch eggs at the present time are equal to only a fraction of the city's requirements, and there is no chance for much increase in the supply for several weeks yet. Prices were

firm and higher yesterooy candled stock.

Cube butter was very firm with cube extras again selling at 63½ cents.

Poultry receipts were large and the undertone of the market was weak. Dressed meats were also easier, particularly hogs.

Potatoes Stendy and Onlone Lower. Potatoes were fairly steady in the local market with a slow demand. Oregon Bur-banks sold generally at \$2.00@2.25, with a few fancy lots bringing \$2.50 and poor stock going as low at \$1.50. Two cars of California onlons were rereived. The demand was moderate and prices slightly lower. California browns and Oregon yellows were quoted at \$1.75@ 2.25, according to size.

Wool Clip 290,000,000 Pounds. Tean of all seris and descriptions are climbing in price. The consumer has felt 250,000,000 pounds. S. W. McClure, secretary of these advances, and from now on the consumer has felt 250,000,000 pounds. S. W. McClure, secretary of the National Wool Growers' Associa-

STOCK SOLD IS LOW GRADE

VERY LITTLE GOOD QUALITY IN DAY'S OFFERINGS.

There was a run of 14 loads at the stock yards yesterday and a fairly active market. There were no new developments in the price situation. A good part of the offerings were low grade and sold accordingly. For this class of stock the feeling was weak. Only a few hogs commanded the top question of \$19 and none of the cattle offerings could be classed as prime. The prices paid for sheep indicated a stoady market. Receipts were 162 cattle, 564 hogs and 424 sheep. Shippegs were:

With hogs—Cutford Bros., Woodburn, I load; H. Waggener, Sutherlin, I load; C. F. Jobe, Corning, Cal., I load; D. E. Nebergal Meat Co., Albany, I load; Jack Davis, Ridgefield, 37 head by boat.

With cattle—J. W. Davis, Kelso, I load; I load; James S. Woodhu, William inn, I load, With mixed loads—W. A. Ayres, Lasen, I load cattle and hogs; Russell Shepard, I load cattle and hogs; Russell Shepard, I load cattle and hogs; Russell Shepard, I load cattle and hogs; C. J. Barkeley, Independence, 2 loads cattle, hogs and sheep.

The day's sales were as follows:

AFTER RAPID FLUCTUATIONS, BEARS CONTROL MARKET.

rm and higher yesterday at 58 cents for Fresh Signs of Turkey's Unconditional Surrender Lead to General Selling Movement.

CHICAGO, Oct. 10.—Fresh indications of an unconditional surrender by Turkey, together with many other bearish European developments, brought about new smashes today in the value of grain. Hallies were numerous, but for the ment part failed to held. Corn closed unsertled, Else ner lower to be advance, with November \$1.25\% to \$1.17\%. Oats finished The down to be up and previsions off 50c to \$1.

Uncertainty as to the nature and time of the German reply to Fresident Wilson's note, tended to induce efforts by shorts to collect profits. Rapid finctuations that followed gave ample evidence of extreme nervousness on the part of a majority of traders, but in the end the advantage remained with the bisars.

Oats swayed with corn, although steadied somewhat by Improved domestic shipping demand.

Provisions were pulled down the extreme limit by weakness of grain and hogs.

Leading futures ranged as follows:

ON.

TRADING IS BROADER AND OF LARGER VOLUME.

Equipments, Shippings, Olls and Utilities Are Active Features of Day in Wall Street.

NEW YORK, Oct. 10 .- Peace and war NEW YORK, Oct. 10.—Fears and war shares again pursued widely divergent courses in today's stock market, gains in the first named division far outstripping irregular losses elsewhere.

Trading assumed wider and larger proportions, although the greater part of the day's transactious concentrated in equipment, shippings, olls, utilities and allied issues.

Next to United States Steel, which resisted pressure better than other shares of the same class, closing at a gain of the same class, closing at a gain of the points, the stock most in demand was Marine preferred at a 5-point advance, Texas Company, which rose 6½ points, and Medican Petroleam.

Bails were an uncertain quantity most of the day by reason of Canadian Facific's irregularity, but Union Pacific and Reading strengthened on the better demand of the last hour. Sales amounted to 623,000 shares. Exchange on Paris yielded slightly, rates to Holland also reauting. The Bank of England report showed another large accession to its gold holdings and a strengthening of hability reserves.

Bonds of all descriptions, including liberty issues and internationals, were appreciably higher on more extensive trading. Total sales, \$10,850,000. Old United States bends were unchanged on call. On the "curb." Russian 5½ and 6½ stwanced 5 to 7 points, respectively, on heavy buying in the last half hour.

Buy Liberty Loan Bonds As An Investment

Telephone Bdwy. 2151

We urge you to buy Liberty Bonds as a permanent

Don't plan to dispose of your Liberty Bonds at the first slight pressure, and don't trade them for other securities offering a higher rate of interest.

Liberty Bonds are as good as the money with which you pay for them.

The same Government is back of them. Their value is beyond question and for a security of that class they pay a liberal rate of interest.

As collateral for loans there is nothing better: Almost any bank will loan you 80 to 90 per cent of their face value at the lowest rates on the most favorable terms.

In short, buy Liberty Bonds as an investment because they keep your funds absolutely safe, always available and earning a good rate of interest.

Convert Your 4's Now

Convert your First and Second Liberty Loan 4 per cent Bonds into 4%s immediately, otherwise on November 9, 1918, you will lose that privilege for all time. Our facilities are at your service to assist you in making the exchange and the Government wants you to convert.

If You Are Compelled to Sell-

Don't take less than the New York market price for your Liberty Bonds and make sure you are getting that price by refusing to sell to any but a reliable bond house.

We deal exclusively in Government and Municipal Bonds and buy and sell Liberty Bonds at the market. The current market price is quoted below.

> If you can possibly buy more bonds do so. Our facilities are at your service to buy or sell.

MANUFACTURE OF NON-ESSEN-TIAL ARTICLES CURTAILED. Watches, Watch Cases, Oil Stoves

and Sewing Machines Among

Articles Specified. WASHINGTON, Oct. 10. - Additional curtailments in the manufacture of articles not essential to the prosecution

of the war were announced today by the War Industries Board as a part of the general programme for the conser-vation of material, labor, fuel, trans-Oregon draftees are being rejected at Army camps and cantonments in excess of the National average, reports just given out from Washington indicate. For some little time a drive intended to decrease the percentage of these rejections has been in swing and tangible regults are expected.

In recent months, under new standards, the average percentage of rejections of inducted men has jumped from 4.83 per cent to 7.6 per cent, for the Nation at large. Oregon's percentage of unfit is 8 as against Washington state's record of 5 per cent.

This evening all local and advisory medical board members of Portland and vicinity are to hold conference over the new physical standards of the Army, meeting at the University of Oregon Medical College building, Twenty-third and Lovejoy streets.

JITNEYS DOUBLE RATES HINDRANCES POINTED OUT

Girls Stated by Lecturer.

Word has been received here that the jitneys have doubled their rate of fare in San Francisco in the past week. San Francisco is said to have the largest number of jitneys in operation of any city in the United States, there being more than 300 operating at the present time.

Last Sunday their fare was raised from a nickel to a straight 10-cent fare for either day or night rides. In making this announcement, the jitney drivers said that the increased cost of tires and gasoline made the increase necessary.

Before the war San Francisco had over 700 jitneys in regular operation.

Until the Mayor's order forbidding assemblies has been recalled, Dr. Margaret Nordfeldt, representing the wompare year to commence on a three weeks' lecture ommence on a three weeks' lecture remarks and the first address was made last evening at the Y. W. C. A. "The War Department is asking the same co-operation from the girls of America that it has asked for and received from the said Dr. Nordfeldt, 'Each is being kept where they can do the greatest good in winning the war, the boys in Hindrances to this programme which the War Department, through Dr. Armore and the girls at home."

Hindrances to this programme which the War Department, through Dr. Nordfeldt, is asking girls of the Northwest to remove, were pointed out as Until the Mayor's order forbidding

west to remove, were pointed out as unwitting immodesty in dress, dancing and behavior with men of the service. Dr. Janet Reid, of New Mexico, is ex-pected to arrive today. She will assist Dr. Nordfeidt, and will remain in Port-

Christian Scientists Will Operate RENCH LINE Wemme Home for Wayward Girls. The six Christian Science churches of Portland become trustees of a fund of \$555,000 from the estate of the late of the late of the Henry Wemme, through an opinion handed down yesiarday by Circuit St., Seattle, or any Local Agents.

NEW REDUCTIONS ORDERED Judge Tucker, who directs the trustees of the 12. Henry Wemme endowment fund to transfer stock in this amount

Telephone Bdwv. 1042

The will of Mr. Wemme stipulated hat a home should be founded for unthat a home should be founded for un-certunate and wayward girls from an endowment fund of \$350,000. At the spiration of three years the will speci-fied that the capital stock of this en-iowment fund should be transferred to the Christian Science churches of Port-land, and it was this provision which the court commanded the trustees to

University Head to Speak. At the weekly luncheon tomorrow in the Crystal room of the Benson Hotes, Dr. P. L. Campbell, president of the University of Oregon, will address the Oregon Civic League on "The Effect of War Activities Upon National Educa-tion." The musical programme is in The musical programme is in charge of Mrs. Thomas C. Burke.

Making Pleasure Possible
