

BRITISH MOVE UP TO EVERY EDGE OF DOUAL

Great Advance Carries Allied Forces Near Valenciennes.

GERMAN RETREAT ORDERLY

Rush Against Huns Wins Many Towns and Great Amount of French Territory.

LONDON, Oct. 13.—The British are within a few hundred yards of Douai, Field Marshal Haig reported today in his official statement. They have captured the Foubourg D'Esquaurhin, the Douai prison and the greater part of Fiers, close to Douai on the northwest.

The Edge-Lieu-Stamand, three miles south of Denain, has been reached by the British in their push up the easterly bank of the Scheidt Canal, southeast of Douai.

They have captured in this sector the town of Montcourt, a scant seven miles from the outskirts of Valenciennes, and almost directly south of that city.

The German retreat along the western front continued Sunday in an orderly manner. There are no signs yet of a general debacle.

Further progress has been made by the British northwest of Douai and along the Sables River to the region of Solesmes, according to Field Marshal Haig's communication tonight.

Several additional towns have been captured and prisoners have been taken.

The communication follows: "During the day local engagements between ours and the enemy's advanced detachments have continued along the line of the Selle River. Our head positions in the neighborhood of Solesmes have been enlarged and progress has been made on the west bank of the river above Hainay and Saulzior.

"There has been local fighting in the neighborhood of Lieu-St. Amand. We captured a number of prisoners.

"Early this morning our advanced troops crossed the Senece Canal at Aubigny-au-Bac and captured nearly 200 prisoners and maintained their positions in the face of strong counter attacks.

"Northwest of Douai we have continued to advance. We hold Courcelles, lez-Lens and Noyelles-Godault and are approaching the line of the Haute Deule Canal on the whole of the front between Douai and Vendin-le-Vieil. A number of prisoners were captured on this sector."

AMERICA FULLY AROUSED

Peace Talk and Influenza Will Not Defeat Liberty Loan.

WASHINGTON, Oct. 13.—German peace talk and Spanish influenza, the great obstacles encountered in the fourth Liberty loan campaign, will not be permitted to defeat plans for obtaining more than the \$5,000,000,000, although half of that amount must be raised in the next six days.

Reports from all parts of the country tonight indicated that the American people were fully aroused to the danger of failure through belief that Germany's offer to agree to President Wilson's peace terms meant an early end of the war.

Committees everywhere set out to dispel the feeling among the public, while thousands of other workers by house-to-house canvasses met the situation created by the influenza epidemic.

FRENCH ARMY ENTERS LAON

Gobain to the Argonne has cracked on a 60-mile front and it now appears that the enemy will be forced to retreat to a depth of some 30 miles before finding a suitable line of defense.

At the best, his position will be menaced at its flank on the Oise to the Sambre Canal from Ribemont to Landreolles, which lines are very near the Belgian frontier. There will be nothing here like the enemy's string defenses on the Hindenburg line.

Between the Oise and Berry-Au-Bac the Seventh German army has been forced to abandon the lines of the Ailette, retiring its right in the forest of St. Gobain.

In the Champagne General Gouraud continues his terrific onslaught on the disorganized adversary. For 17 days his men have been pounding the German positions and making inroads upon the defenses.

To the north the British armies are pounding their advances almost to the point of liberating Arras, one of the great objectives on their front. Virtually all the German line is in movement and there seems now to be no chance for the enemy to reorganize his forces for resistance.

WITH THE FRENCH ARMY IN FRANCE, Oct. 13.—By the Associated Press, 2 P. M.—General Gouraud's troops in pursuit of the Germans have reached the banks of the Aisne in the bend that passes south of Bethel and Chateau Porcien. Five thousand soldiers have been liberated in the villages and towns retaken from the Germans.

AMERICANS GAIN OBJECTIVES

Soldiers Are Advancing on Both Sides of River Meuse.

WASHINGTON, Oct. 13.—On both sides of the Meuse violent counterattacks and desperate resistance have failed to stem the advance of French and American divisions, says Saturday's American communique, which continues:

BRITISH DEMAND HUNS BE PUNISHED

GERMAN SAVAGERY RECOILS

London Papers Point Out President's Points Do Not Refer to Arrangement of Master Criminals.

BY JAMES M. TUOHY, Staff Correspondent of the New York World. (Copyright, 1918, by the Press Publishing Company, the New York World. Published by arrangement.)

LONDON, Oct. 13.—(Special.)—Germany's acceptance of President Wilson's points is considered a complete surrender on paper, but worse and without the guarantees which the remorseless advance of the allied and American armies alone can surely extort.

This preliminary to capitulation was received here with joy as bringing peace within touch, but the British people are too alive to the endless possibilities of German deceit and trickery to rely upon anything except the absolute overthrow of the enemy's military power as a basis for peace.

They feel that this note comes from the men "without honor," who, during these last days, when by their own confession their position has become hopeless, have testified to their unabated belief in the righteousness by intensifying their campaign of barbarism.

Punishment Demanded. Owing to this savagery Germany in the moment of her utmost extremity, finds herself confronted by an incredible demand for the fullest and most exemplary punishment, both national and personal, for her crimes against civilization. This demand was never so strong as now and it is the spirit with which Germany must reckon in the terms to be imposed upon her by the will of her victorious enemies.

No illusion is felt here about any change of heart in the rulers who, under the thinnest veneer of simulated democracy, are responsible for this surrender. It is because their armies have been caught in a vice from which no escape is possible without an unparalleled disaster, because their confidence has failed and has brought the menace of crushing atonement, and because their allies are deserting that they cry "Kamerad!"

Enemy's Cry Ignored. If Berlin has counted upon producing a relaxation of the allies' military effort by her response to the President, it is once more blinded by its cunning in cunning as the most potent diplomatic weapon. Glorious news continues of the victorious advance of the allied and American armies, and the enemy's cry for a cessation of hostilities, they are hammering him everywhere without stay or mercy.

The tone of all the Sunday papers in discussing the reply is identical. The Sunday Times, which is in close touch with the Cabinet, after recounting the horrors of every description perpetrated by Germany since President Wilson enunciated his 14 points, says:

Punishment Not Referred To. "Yet, the 14 items which Germany now accepts contain no specific provision for any single one of the manifold crimes. Germany may contend that she has not read restoration to mean a return of the plunder she has ravished from France, Russia, Italy, Belgium, Roumania and Serbia, recompense for the iron and coal she has employed against their owners, compensation to those individuals she has despoiled.

"Nor do the points make any reference to the arraignment of the master criminals who inspired the organized havoc and atrocities, without whose trial and punishment justice cannot be appeased.

"Nor can we doubt Germany's readiness to grasp the omission from the President's points of any clause covering the settlement of the allied claims for naval and mercantile reparations for flagrant violations of the laws of marine warfare."

GRANT'S TERMS SUGGESTED

Unconditional Surrender Necessary, Says Illinois Governor.

CHICAGO, Oct. 12.—There can be no peace short of unconditional surrender, Governor Frank O. Lowden, of Illinois, declared in a speech at the dedication of the Illinois centennial monument today.

"This war is not over," he declared. "During the Civil War General Buckner, of the Confederate forces, appealed to General Grant at Fort Donelson for an armistice of only six hours and for the appointment of commissioners to arrange the terms of a possible surrender in a note somewhat like the last German note. Grant's reply was: 'No terms will be accepted except immediate and unconditional surrender. I propose to move immediately upon your works.'"

"So, now, the time is not for an armistice, but for the language of Grant, and if you will let Germany and his boys and our brave allies alone they will move immediately upon the enemy's work."

BRISBANE HEARING IS UP

Alexander Konta Will Explain Interferences in Harrisburg.

WASHINGTON, Oct. 13.—Investigation of charges that the liquor interests furnished the money with which Arthur Brisbane purchased the Washington Times will begin before the Senate sub-judiciary committee Tuesday, with A. Mitchell Palmer, alien property custodian, and Alexander Konta, of New York, as witnesses.

The inquiry resulted from charges made by Mr. Palmer in a speech recently in Harrisburg, Pa.

Mr. Konta will appear at his own request to explain a letter sent by him to Bernard Dernberg, German propagandist, reviewing the newspaper situation in New York and the possibilities of newspaper being acquired there by German interests.
