

DANCING POSITION IS DEEMED MENACE

Strict Supervision of Public Halls Advocated.

WAISTS HELD IMMODEST

Uniform Dress and Instruction of Girls, Solution of Problem, Declares Mrs. Frances Swope.

Through careless and suggestive dress women entering the industrial and professional worlds may become a menace rather than a help, is the opinion of Mrs. M. Frances Swope, retiring president and newly elected vice-president of the State W. T. C. U.

At the same time that the W. T. C. U. is urging more restraint in clothing and behavior, with men of the service, particularly, dancing teachers of the city in co-operation with the city police department have announced a standard dance position. The main requisites of the standard position are that the man's right hand placed on the woman's back, between the waist and the shoulder, does not extend beyond the center line, and that the woman's left hand is placed on the lower part of the man's right shoulder.

To enforce this standard dancing position, the city has organized the Portland Dancing Masters' Association. Officers chosen are: President, W. J. M. A. C., and M. DeHoney and A. C. Holmes, of the Laurelhurst Club.

MEMORIAL TREES IS AIM

SACRIFICE OF PACIFIC BOYS TO BE COMMEMORATED. Relatives of Soldiers Killed to Plant Growing Tribute in the South Bend Courthouse Grounds.

SOUTH BEND, WASH., Oct. 13.—(Special.)—The County Commissioners of Pacific County today heartily welcomed the suggestion of planting memorial trees in Bend Courthouse grounds.

The idea is for the relatives and friends of each of the soldiers who may have made the supreme sacrifice to select a tree and plant it with suitable ceremonies in the Courthouse grounds, with a tablet at the base if desired, giving the name of the soldier in whose memory the tree is planted.

The Commissioners named the following to assist the relatives and friends of the deceased soldiers in arranging for the ceremonies attendant on the planting of the trees: Rev. C. F. Latta, pastor of the Methodist church, Rev. Joseph Weiss and Rev. Father Couvert, of South Bend; Mrs. B. K. Bush, of Bay Center; Mrs. L. D. Nelson, the county agriculturist.

The Commissioners reserve the right to dictate where the trees shall be planted and the kind that may be selected. This they have left largely to Mr. Nelson, who is already working on plans and drawings with landscape gardeners so as to have the trees planted according to some system, and he will make a list of the kind of trees which the dead soldiers' relatives can make a selection.

Following are the names of the Pacific County boys who have already made the supreme sacrifice, and in whose honor trees can now be planted: Russell Owens, Raymond; Walter Driscoll, South Bend; Henry Niemi, Naselle; Charles Pollock, Latta; Walter W. Hyatt, Lebam; Ignace Belunas, Firdale; David G. Benton, South Bend; Elias Workman, Lebam; Harry Olinstead, Raymond; Lewis O. Larson, Bay Center.

The Commissioners have amended the tree-planting plan by suggesting a marble shaft to be placed in the center of the rotunda of the Courthouse on the cost of which the names of the dead soldiers. It is proposed to raise the cost of such shaft by popular subscription, limiting the subscriptions to \$10 to each person, so that all may have a chance to contribute.

FOLLOWED HER DOCTOR'S ORDERS

Many rheumatic people suffer pains that could be avoided by following the blood. When rheumatism is associated with this blood it cannot be corrected until the blood is made rich and red.

Mrs. Peter Fitzner of 10 Holt Street, North Billerica, Mass., used Dr. Williams' Pink Pills to combat the effects of rheumatism accompanied by attacks of indigestion. This is her experience. "I was living in Nova Scotia some two years ago and contracted a severe cold. The next day I was confined to bed. Sharp pains started in my right shoulder and nearly drove me mad. They worked down to my right knee which was stiff and sore, and went to my hands. I could not sleep and was in terrible pain all the time. My knee was swollen.

SUNDAY SEMONLESS IN LOCAL CHURCHES

Rare Pleasure of Idle Sabbath Pastors' Portion.

CLOSING ORDER OBSERVED

Some Clergymen Spend Day at Home While Others Make Many Calls on Parishioners.

Portland pastors yesterday had the rare pleasure of an idle Sunday, the result of Mayor Baker's general closing order to combat the spread of Spanish influenza.

Through force of habit one or two went to their churches as usual. Between 11 and 12 yesterday morning Rev. A. A. Morrison, rector of Trinity Episcopal Church, played the chimes in the tower of his church. His "Jesus, Lover of My Soul," "Onward, Christian Soldiers" and other favorites were the only familiar "Sunday" sounds in the city and served the neighborhood as a quiet reminder of the holy day.

"I had to go down to the church this morning just to see how I looked empty on a Sunday," said Dr. J. H. Boyd, pastor of the First Presbyterian Church, yesterday. "And I did something that I have not had an opportunity to do since I was ordained. I took breakfast at the home of some friends who invited the editors of a round of calls to sick parishioners. This week I will be a pastor in the true sense of the word and cease to be a manager of a church organization. I shall visit all the shut-ins and soldiers' families in my parish and other members of the church who are in need."

Health Orders Observed. "While the members of my church are observing the request of the city authorities by avoiding public places, it is my own opinion that we would have been healthier if we could have had the privilege of gathering at our houses of worship to give thanks for the great peace news instead of staying in our homes nursing a fear of disease."

Right Rev. W. T. Sumner, bishop of the Oregon diocese, who has charge of the services at St. Lawrence's Cathedral, observed holy communion with his household in the private chapel in his home yesterday morning.

The King has invited the editors of both groups to visit him at Sandringham tomorrow. At night the second part of the service will be broadcast. The British press is giving great attention to the presence of the American editors.

ALBANY, Or., Oct. 13.—(Special.)—Mrs. Maude Taylor, of this city, was instantly killed, and Harry C. Curran, an Albany young man, was injured when the limb of a palm tree fell on a party on the bank of the Willamette River six miles south of Albany at 3 o'clock this morning.

NEW ERA MOVEMENT TO BE GREAT FORCE

Widespread Results Predicted by Dr. E. H. Pence.

PRACTICAL HELP IS IDEAL

Application of Christianity to Individual, Irrespective of Denomination, Aimed At.

The New Era movement just launched by the Presbyterian General Assembly, authorizing an executive committee with wide powers, is one of the most significant ecclesiastical undertakings of the age, is the declaration of Dr. E. H. Pence, pastor of the Westminster Presbyterian Church of Portland. It is to this work as assistant general secretary Charles N. Wainwright, for many years identified with the local Y. M. C. A., and more recently with the "war" savings stamps organization in Oregon, has been appointed to represent the Presbyterian church in the movement.

"This plan holds out the greatest hope of connecting our church with the problems of the modern-day world of anything have heard about in recent times," said Dr. Pence, discussing the subject in an interview. "It aims to bring to every member of the denomination the latest and most important messages of the day regarding the winning of the world to Christ. Our General Assembly voted to constitute a committee of 25 to work out details, and they, in turn, have designated 10 strong men to execute the details."

Former Pastor Here Secretary. "Dr. William Hiram Foulke, former pastor here, has been widely known, has been selected as general secretary, while Mr. Wainwright, because of his genius for organization and executive ability, has been called to New York headquarters as associate secretary. Upon him will fall a large portion of the duties attaching to the office. His powers will be very large and his field virtually unlimited. It is a great honor to this city that he should be called to such a task."

According to Dr. Pence, the movement contemplates the bringing of the Presbyterian Church into the closest practical contact with its membership, especially in the times of war and post-war-time problems, and will also assist others who will work in connection with it, for the application of Christianity to the individual, whether a member of our church or not, and just to the fullest of any ability to assist," said Dr. Pence.

BOCHE SURRENDER DEMANDED

Kansas Governor Would Give Hun Taste of His Own Medicine.

TOPEKA, Kan., Oct. 13.—Governor Arthur Capper, of Kansas, tonight telegraphed President Wilson a message urging against anything but surrender marching through Germany. The message said in part:

"Nothing can be done to Germany which in any measure can atone for the evil she has done to us. We in Kansas feel that the allied armies should give the German people a vision of the meaning of world in arms by marching through Germany. We demand an unconditional surrender and that we refuse to compound a felony by discussing terms with the felons."

Oakland Yard Forces Will Walk Out if Chinese and Japanese Are on the Job Today.

SAN FRANCISCO, Cal., Oct. 13.—(Special.)—Unless some 500 Japanese and Chinese employed as laborers in the Oakland shipyard are discharged, at once, members of Shipyard and Metal Trades Laborers' Union No. 25, 430, of Oakland, will go on strike tomorrow. According to J. L. Marlin, business agent of the union, the men will refuse to go to work if the Japanese and Chinese are on the job tomorrow morning. SURRENDER HELD ONLY PEACE

Colonel Roosevelt Says He Hopes Wilson Will Act Quickly.

OYSTER BAY, N. Y., Oct. 13.—Theodore Roosevelt dictated a statement at his home here tonight in which he said: "I regret greatly that President Wilson has entered into these negotiations and I trust that they will be stopping."

"I regret the President's action because of its effect upon our allies, no less than upon our own people, for it has awakened an uneasy suspicion that we are an untrustworthy friend and an irresolute foe. I earnestly hope that the President will instantly send his unqualified demand an unconditional surrender and that we refuse to compound a felony by discussing terms with the felons."

PARISH CALLS ARE MANY

Dr. Joshua Stanfield, pastor of the First Methodist Church, passed the day calling at the homes of his parishioners, as did Rev. W. Waldo, pastor of the White Temple, Rev. H. H. Griffin, pastor of the First Christian Church; Rev. W. B. Hinson, pastor of the East Side Baptist Church, and others.

D. H. Tateham, reader at the First Church of Christ Scientist, said that members of his church spent the day in their homes with their regular Sunday lesson.

STAY OF JUDGMENT ASKED

of good faith that such places as Metz, Strassburg, Trieste and possibly Essen be placed in the hands of entente forces to guarantee fulfillment of Germany's pledges.

Unofficial opinion at the capital tonight was divided into two distinct groups. One view, shared largely by Republicans in Congress, is that Senator Lodge's prediction of a situation which may threaten the substitution of the deliberations of diplomacy for victories at arms, has been fulfilled.
