

# FIRST STREET BELT LINE IS SUGGESTED

### Abandonment of Alder Loop Is Protested.

## OLD FRANCHISE RECALLED

#### Oddfellows Call Attention to 1895 Permit and Say Its Provisions May Be Enforced.

A belt streetcar on First street to accommodate shipyard workers is suggested by the Oddfellows' Association in protesting against the proposed abandonment of the Alder-street loop by the car company.

Use of First street from Flanders street to Hamilton avenue in South Portland is guaranteed by the car company under the terms of a franchise granted in 1895, according to Byron E. Miller, president of the association, who filed the protest.

"We are satisfied with the present arrangement," he said yesterday, "but if the car company attempts to abandon the Alder-street loop for Hawthorne-bridge cars we will see that the terms of the old franchise are enforced."

#### Franchise Provision Shows.

Cars every seven minutes between Flanders and Hamilton are guaranteed under the franchise, it is said. On other portions of the street cars must be run every 20 minutes, it is stated. Property owners on First street put up \$30,000 when the First-street line was laid, says Mr. Miller, and they intend to see that the car company does not change the routing of cars so as to destroy values on that street. The Oddfellows own a building at First and Alder streets.

"If the car company is so anxious to change its routing to accommodate shipyard workers," said Dr. Miller, "it can run this belt line from South Portland to Flanders street, thence to Broadway, so as to allow shipyard men to transfer to any car crossing the bridges."

#### Change Not Yet Authorized.

John Mann, Commissioner of Public Utilities, is looking up the old franchise and will act on the protest at an early meeting, he said yesterday. A hearing on the proposed loop for Hawthorne-bridge cars on Yamhill street recently was held before the Commission of Public Works, but no action has been taken on granting the permit. Mr. Mann believes that the matter will come under the jurisdiction of the Public Service Commission.

## MEXICAN HELD FOR TRIAL

#### Ysidro Hernandez Accused of Killing Norberto Lasaro.

Ysidro Hernandez, a Mexican, who stabbed and killed Norberto Lasaro, a countryman, in the North End last Monday night, was indicted for manslaughter in a true bill reported to Presiding Judge Tucker by the Multnomah County grand jury yesterday. The young Mexican admits the slaying, but says he killed Lasaro in self-defense. He is held without bail at the County Jail.

W. H. Gooderham was indicted on a charge of polygamy.

Jack Dottenwick is accused in the third open indictment of forgery. He is charged with passing a forged check for \$25.

Several secret indictments also were reported out by the jurors in their first report for the month.

## FORESTER CECIL RETURNS

#### Superintendent at Home After Conference in Utah.

George H. Cecil, superintendent of the district forest service, has returned to Portland after attending a conference in Utah of district forest superintendents of the United States. The conference was called to discuss forestry matters in relation to war conditions, and announcements of action taken will be made by the War Department. Orders have been given by the district office for the construction of a flood dam across the channel of the Quinalt River in the Olympic National forest. The cost is estimated at \$1000 and the work will be done by the forest service and settlers along the Quinalt River.

## FORESTERS TO MEET DEC. 2

#### Special Meeting of Fire Fighters Is Called by Association.

A special meeting of forest fire workers has been called for December 2 and 3 at the Multnomah Hotel to precede the Pacific Logging Congress, according to an announcement by the Western Forestry and Conservation Association.

Forest protection under direction of the standardization committee, composed of Federal, state and private patrol executives, with George H. Cecil, U. S. district superintendent, as chairman, will be considered. Forest industry day will be December 4, when lumbermen will participate in the discussions.

## TRUSTIES' TRUST BETRAYED

#### Resolution Too Often Falls When Liquor Is Destroyed.

"Trustees" in the City Jail no longer will be permitted to help destroy confiscated liquor.

The order was issued yesterday as result of a report that several prisoners detailed to help in the destruction of liquor had returned to jail in a hilarious condition. Police say it is almost impossible on such occasions to prevent prisoners taking an occasional drink. The police tell of one old prisoner who returned to jail in a state of collapse after being required to break a bottle of Irish whiskey of a brand he had been familiar with for years.

## SHERIFF DRAWS BIG CHECK

#### Paper Calling for \$2,315,000 Is Turned Over to Treasurer.

Sheriff Hurlburt for a short time yesterday was in possession of a check in the sum of \$2,315,000. This check represented the approximate amount paid by property owners of Multnomah County in their annual taxes for the year. The check was drawn in favor of County Treasurer Lewis and shortly after it was signed by the Sheriff it was transmitted to the Treasurer. Checks in the tax department now are completing their check on taxes paid to the county and within a few days the exact amount delinquent will be definitely known.

THE WEST'S GREATEST TOYTOWN AND DOLLVILLE SHOULD BE SEEN BY THE KIDDIES TODAY—FIFTH FLOOR

## Do Your Holiday Buying Now

It would be fatal to the government's program of utilizing the country's transportation facilities to the utmost if Christmas shopping were deferred as heretofore until the holiday season proper. You should at least BEGIN the selection of Christmas gifts now and make it a point to choose those of a sensible nature. Shop early in the day. Carry all packages possible. Help keep deliveries down. Have all gift packages to be sent by mail or express on their way by December 5. All the foregoing are approved by the Council of National Defense.

## Our Paris-or London-to-the-Front Service

enables those who wish to send packages to the boys overseas to make selections here now and have the articles forwarded by our representatives in Paris and London to be delivered in time for Christmas. This service is quite distinct from that by which packages are sent through the Red Cross, which latter allows only ONE package to be sent and that only by the holder of a Christmas Parcel Label (usually next of kin). We make no profit and do not guarantee delivery, but every precaution is taken. Price lists at Army & Navy Shop, Main Floor.

# EVERYTHING FOR A NEW SEASON AND FOR FOREHANDED GIFT BUYERS

## Ready Today—A Showing That Will Interest Every Man

### NEW SHIRTS
