

# 192 NEW CASES AND 6 DEATHS REPORTED

## Influenza Situation Becomes More Serious.

### TOTAL HERE TO DATE 779

#### Influx of New Patients Expected at Auditorium Hospital Today.

#### Closing Order Continues.

#### Portland's epidemic of Spanish influenza took a big leap forward yesterday, when 192 cases and six deaths officially were reported.

#### Because of this report, by far the largest in one day thus far, and indications that the epidemic had not reached its height either in city or state, members of the State Board of Health decided against petitions of schools and churches for an early re-opening.

#### Cases reported here now total 779 and deaths total 15. Those coming by those in touch with the situation run from 1900 to 2000 cases.

#### The Auditorium, completely fitted up as a modern hospital for the care of influenza patients, now has 70 cases and there was almost a constant stream of ambulances at its doors all yesterday. Many have been turned away because of restrictions. Only Portland patients and those without other place to be treated properly are admitted to the hospital so hastily occupied.

#### Influx Expected Today.

#### Two wings of the building are filled with patients and many those coming will be placed in the north wing of the lower floor. Here 45 beds have been made ready for the influx expected today.

#### With accommodations for 110, those in charge are making provision for a much larger number. A hundred additional beds now are being arranged waiting to be put up. Blankets, ticks, bed linen and other supplies are being provided on a large scale.

#### The emergency hospital yesterday was put on a business basis, with T. R. Pettiford, treasurer of the Auditorium, in charge.

#### Two policemen and two members of the military police are on duty night and day at the building. Hal White, secretary to the Mayor, was on the job all day perfecting the business organization and installing supplies.

#### School Campaign Planned.

#### An educational campaign that will extend to every teacher in the state is being planned as a means of hastening the school opening day. State Superintendent Churchill was requested by Dr. A. C. Seelye, who today succeeds Dr. Robert Holt as State Health Officer, to send out pamphlets aimed to prevent the spread of the disease. All children are to be sent home and all pupils carefully watched when the schools are opened.

#### A committee of Christian Scientists protested to the state board against the order closing the churches. Y. M. C. A. night schools and various poolroom interests also asked for discontinuance of the closing order. All petitions were denied.

#### President Campbell, of the State University, telephoned that he believed the epidemic well in hand at the Eugene institution.

#### Attempts of certain Portland persons to hold dances at Sherwood and other places just outside the city were foiled, the State Board of Health notifying that the closing order extends over the entire state.

#### Sixty new cases were reported yesterday at Roseburg and 25 at Lebanon.

## COOS BAY HAS NO DEATHS

### 50 Cases Treated and Spread of Malady Has Been Retarded.

#### MARSHFIELD, Or., Oct. 18.—(Special.)—Spanish influenza has claimed about 50 victims on Coos Bay, but there have been no deaths. Latest accounts declare the epidemic is in the stage of development, prompt restrictive measures adopted having served to retard spreading of the malady. It is believed the epidemic is in the stage of development, prompt restrictive measures adopted having served to retard spreading of the malady. It is believed the epidemic is in the stage of development, prompt restrictive measures adopted having served to retard spreading of the malady.

## EPIDEMIC HITS BUENOS AIRES

### Cases Number 200,000 but No Deaths Result.

#### BUENOS AIRES, Oct. 18.—There are 200,000 cases of influenza in Buenos Aires.

#### The medical authorities say that the disease is not Spanish influenza. There have been no deaths from it.

#### Several of the newspapers of the city announce that they will be forced to suspend publication because of the depletion in the ranks of their employees.

#### Four hundred employees of the Central postoffice and 1500 clerks in one department store and one-half of the policemen of the city are ill.

#### Reports received from Chile indicate that an extremely grave epidemic exists there, with a large death rate.

## Vancouver, B. C., Closes Gatherings

### Vancouver, B. C., Oct. 18.—(Special.)—It was stated today by Dr. George A. Tripp, city health officer, that the city's embargo on public assemblies, aimed at Spanish influenza, will be in effect until the latter part of next week, or until all danger of an epidemic is over. The doctor reports that there has been no deaths in the city from the disease, and that the cases now in the city are not serious.

## 14 Deaths in Seattle.

#### SEATTLE, Wash., Oct. 18.—Reports to city health officials today noted an improvement in the Spanish influenza epidemic, although officials said the peak of the epidemic had not yet been reached. There were 323 new cases of influenza and 14 deaths. The State Health Department announced tonight that the epidemic generally is spreading throughout Washington.

# HEAVIER PURCHASES OF FOUR REQUIRED

## Government Action Necessary, Millmen Say.

### DAIRYMEN ARE CONCERNED

#### Business Sufficient to Keep Mills Running Held Imperative—Demand for Feed Is Urgent.

#### Members of the Millers' Association of Oregon and Washington, while somewhat discouraged over the present unfavorable prospect for shipping flour from the Pacific Northwest, still hope that the Government will realize the situation means to the two states and remedy conditions by purchasing more flour in this district.

#### Portland men, who attended the meeting of the Millers' Association in Seattle Wednesday, have returned and yesterday expressed their views on matters vitally interesting to the millmen and dairymen of the Northwest.

#### Heavier Purchases Required.

#### J. W. Ganong, of the Portland Flouring Mills, said:

#### "We received assurance that the Government will buy several million bushels of flour for November shipment. That will keep the mills running 10 days or two weeks, but that will not be enough to supply the demand for more flour. We believe there has been discrimination against these two states.

#### Oregon and Washington cannot compete with other states when the high rates of shipping have to be added to the price of wheat. We should be allowed to sell at a lower price for the wheat than is obtained even as far west as Idaho and Montana. I was in New York when the Grain Corporation men made the \$2.20 price and I tried to tell them that it was more than a fair price. I think so then, but they do now and all they can say is they are sorry; it was a mistake and they are sorry.

#### "But it does not help when the wheat nor feed our dairy cows. I think the Oregon Dairy Council has done a splendid job taking this matter up with the Governor and Mr. Hoover. But the latter's answer to Governor Withycombe was not satisfactory.

#### "That Oregon cannot move her wheat and flour and compete with other states was the statement of I. C. Sanford, of the Northern Grain & Warehouse Co. Mr. Sanford declared the dairy situation as serious in Washington as in Oregon.

#### or the emergency created thereby, with the understanding that they are only to be employed in the rough work incidental to agricultural pursuits and other food products, and therefore not in competition with American labor.

#### "Such admission and employment of Asiatics to be under direct supervision of a commission appointed by and representing the interests of the Department of Agriculture, the Department of Commerce, the Department of Labor and the American Federation of Labor, and the United States Employment Service."

## INFLUENZA GRIP TIGHTENS

### CONDITIONS IN ARMY CAMPS LESS FAVORABLE.

#### Day's New Cases 4791; Epidemic Continues to Spread in Many Districts.

#### WASHINGTON, Oct. 18.—Reports to the public health authorities today from 25 states showed Spanish influenza still on the increase in most parts of the country. Conditions in Army camps also were less favorable. The 4791 new cases reported today show that the disease apparently was stationary after a marked decline for several days.

#### The epidemic is still more severe east than west of the Mississippi River, due undoubtedly to more crowded conditions. Up to October 16, New Jersey reported 23,000 cases, with 3232 deaths, while in New York city 4722 cases of influenza with 326 deaths and 646 cases of pneumonia with 257 deaths were reported yesterday up to October 15 were placed at 10,646. In Delaware the epidemic apparently was subsiding. Fewer cases were also reported from Massachusetts, but in Maine, Rhode Island and New Hampshire the disease still was epidemic. Maryland, Virginia, North Carolina, South Carolina, Tennessee, Alabama and Mississippi reported many new cases.

#### The epidemic also continues in the Middle West.

#### Idaho reported new cases from five cities; South Dakota reported the disease throughout the state; Wyoming reported 2500 cases during the last week; Montana reported 2000 cases during the week ending October 12.

#### Although influenza cases in Army camps increased slightly, the number of pneumonia cases, 1529, decreased during the week period ending today at noon. Deaths were 627 against 684 yesterday. Influenza cases reported from all camps since the epidemic began now total 279,845; pneumonia cases 42,675 and deaths 13,681.

#### Major the Hon. Charles Lyell, principal aide to Major-General MacLachlan, public health attaché of the British embassy, died here today of an amoebic following an attack of Spanish influenza. He was the second member of the embassy staff to fall a victim to the scourge. Captain Angus Macintosh died Sunday.

## MILITARY ESCORT PROVIDED

### Death of T. R. Townsend First Case From Pneumonia at University.

#### UNIVERSITY OF OREGON, Eugene, Oct. 18.—(Special.)—A military escort accompanied to the train this morning the body of Thomas R. Townsend, member of the camp, who died of pneumonia yesterday following influenza. The body was taken to Salem, Mr. Townsend's home.

#### This is the first death among university students since the influenza epidemic broke out. The number of cases today is greatly decreased, and no one connected with the university is in a serious condition.

#### Mr. Townsend, who was 23, was a traveling salesman for the firm of Allen & Lewis, wholesale grocers, a graduate of the university in the class of 1909. He is survived by his parents, Dr. and Mrs. John A. Townsend, of Portland; his widow, two sisters, Mary and Allen, and two brothers.

## Roseburg Has 50 Cases.

#### ROSEBURG, Or., Oct. 18.—(Special.)—Twenty-five new cases of influenza were reported here today, bringing the total up to 50. Mayor Rice, considering the spread of the malady, stated tonight that the quarantine probably would remain in effect all of next week and longer, if necessary. One death in the city from influenza is all that has resulted so far.

## CZEKO-SLOVAKS DESERT

### (Continued From First Page.)

#### American governments as the provisional government of the Czech and Slovak states, in complete accord with the declaration of the Czech deputies made in Prague on January 6, 1918, and realizing that federalization and, therefore, more autonomy, mean nothing under a Hapsburg dynasty, do hereby make and declare this our declaration of independence.

#### Freedom Comes First.

#### "We do this because our belief that no state should be forced to live under a sovereignty that they do not recognize and because of our knowledge and firm conviction that our nation cannot develop and prosper under a federalism which is only a new form of the denationalizing oppression under which we have suffered for the last 300 years.

#### "We consider freedom to be the first prerequisite for federalization and believe that the free nations of Central and Eastern Europe, the Czechs, Slovaks, Serbs, Croats, Slovenes, and Hungarians, federate should they find it necessary.

#### "We make this declaration on the basis of our historic and natural right. We have been a free people since the seventh century, and in 1526 as an independent state, consisting of Bohemia, Moravia, and Silesia, we joined with Austria and Hungary to form a defensive union against the Turkish danger. We have never voluntarily surrendered our rights as an independent state in any treaty.

#### "The Hapsburgs broke their compact with our nation by illegally transgressing our rights and violating the constitution. The Hapsburgs have pledged themselves to uphold, and we therefore refuse longer to remain a part of Austria-Hungary in any form.

#### "We claim that we shall be re-united with her Slovak brethren of Slovakia, once part of our national body and 50 years ago incorporated in the Hungarian state of the Magyar, who, by their unseemable violence and ruthless oppression of their subject races, have lost all moral and legal right to rule anybody but themselves.

#### Brute Force Organized.

#### "The world knows the history of our struggle against the Hapsburg oppression. Intentionally and systematically the Austro-Hungarian dualistic compromise of 1867. This dualism is only a shameful organization of brute force and exploitation of the majority by the minority. It is a tool of the Hapsburgs and the Germans and Magyars against our own, as well as the other Slav and the Latin nations of the monarchy.

#### "The world knows the history of our claims, which the Hapsburgs themselves dared not deny. Francis Joseph, in the most solemn manner, repeatedly recognized the sovereign rights of our nation.

#### "The Germans and Magyars opposed this recognition and Austria-Hungary, bowing before the pan-Germans, became a colony of the Hapsburgs, the vanguard to the east, provoked the last Balkan conflict, as well as the present world war, which was begun by the Hapsburgs alone without the consent of the representatives of the people.

#### "We cannot and will not continue to live under the direct or indirect rule of the victors of Belgium, France and Serbia, the would-be murderers of Russia and Rumania, the murderers of tens of thousands of civilians and soldiers of our blood and the accomplices in innumerable unseemable crimes committed in this war against humanity by the two degenerate and irresponsible dynasties.

#### "We will not remain a part of a state which has no justification for existence, and which, refusing to accept the fundamental principles of modern world organization, remains only a territorial and immoral political structure, hindering every movement toward democratic and social progress.

#### "The Hapsburg dynasty, weighed down by a huge inheritance of error and crime, is a perpetual menace to the peace of the world, and we deem it our duty toward humanity and civilization to aid in bringing about its downfall and destruction.

#### Age of Humanity Dawning.

#### "Democracy has defeated theocratic autocracy. Militarism is overcome—democracy is victorious—on the basis of democracy mankind will be reorganized. The forces of darkness have been driven back to the longed-for age of humanity is dawning.

#### "We believe in democracy—we believe in liberty—and liberty evermore. We have in Paris on the 18th of October, 1918.

#### PROFESSOR THOMAS G. MASARYK, Prime Minister and Minister of Foreign Affairs of the Czechoslovak Republic.

#### GENERAL DR. MILAN R. STEFANIK, Minister of National Defense.

#### DR. EDWARD BENEŠ, Minister of Foreign Affairs and of Interior."

#### VIENNA, Oct. 16, via Basel.—The Austrian Emperor has issued the following manifesto:

#### "To My Faithful Austrian People: "Since I have ascended the throne I have tried to make it my duty to assure to all my peoples the peace so ardently desired and to point the way to the Austrian peoples of a prosperous development unhampered by obstacles which brutal forces create against intellectual and economic prosperity.

## HUGE ORDERS REPORTED

### U. S. SAID TO BE AFTER LUMBER IN NORTHWEST.

#### Awards for Over \$2,500,000 Worth of Materials to Oregon, Washington, Mills Announced.

#### SEATTLE, Wash., Oct. 18.—Government orders for over \$2,500,000 worth of lumber have been awarded Western Oregon and Washington mills, according to word received here today by the West Coast Lumbermen's Association.

#### A telegram also came stating that another order for \$2,400,000 worth of lumber may soon be placed in the Northwest.

#### The Railroad Administration and the War Department made the award, it was announced. The Railroad Administration wants 80,000,000 feet of fir, 600-foot orders, for building cars, and the War Department desires 9,000,000 feet, worth \$216,000, for cantonment buildings at Camp Mills, N. Y.

#### Robert B. Allen, secretary of the association, sent the telegram stating another \$2,400,000 order is expected. Mr. Allen, in Washington, D. C., said the Government's first order was about 100,000,000 feet more for cantonment buildings.

#### Officials of the fir production board, speaking last night in the absence of H. B. Van Duser, chairman, said official notice of the mammoth car material order, announced to have been set aside for mills of the Northwest, has not been received at the headquarters here.

#### A copy of the message of Robert B. Allen, secretary of the West Coast Lumbermen's Association, telling the association members that the \$2,400,000 order of fir is coming to the Northwest, had been seen here, but official verification was lacking last night.

## Policemen Lost in Wilds.

### CHEHALIS, Wash., Oct. 18.—(Special.)—Three Tacoma policemen are reported lost in the mountains in Eastern Lewis County. Last night Sheriff Berry sent three local men out to join a party searching for the policemen. The latter had gone on a hunting trip and were to have reported back a week ago.

## Centralia Far Above Quota.

### CENTRALIA, Or., Oct. 18.—(Special.)—Additional subscriptions to the fourth liberty loan reported yesterday

## Centralla Water System Disabled.

### CENTRALIA, Wash., Oct. 18.—(Special.)—A second break occurred yesterday in the pipeline of the city's municipal gravity water system. It is estimated that it will take at least a week to repair the damage. To prevent a water famine, the city's old pumping plant in the north end was connected up with the distributing system. School teachers of the city have made a house-house canvass of the city warning householders to boil their water as long as the pumping plant is in use.

## State College Man Honored.

### WASHINGTON STATE COLLEGE, Pullman, Oct. 18.—(Special.)—C. A. Isaacs, general secretary of the State College, has been appointed assistant supervisor of the work of the S. A. T. C. soldiers in district 12, which includes Washington, Oregon, Idaho and Montana. The inspection will be under the general direction of District Supervisor E. C. Elliott, of the University of Montana. Assistant Supervisor Isaacs' headquarters will be at Helena, Mont.

## Navy Men Buy \$7000 Bonds.

### ASTORIA, Or., Oct. 18.—(Special.)—The men stationed in the Astoria Naval District are almost 100 per cent in the fourth liberty bond campaign. They have purchased bonds to an aggregate sum of over \$7000. The radio station at Young's River is one of the latest places to go over the top.

## Tobacco Amaurosis

### Tobacco amaurosis is a form of partial paralysis of the optic nerve, met with in excessive smokers.

### The Columbian does not treat diseases of the eye but it recognizes the symptoms of such diseases, and tobacco is undoubtedly making more trouble for indoor men than some of them realize.

### If your wife pleads with you not to smoke so much, stop and think a minute before you try to laugh her away.

## NERVES ALL ON TENSION?

### A mother in the home, or a man or woman at business, with nerves undone and the system generally feeling the strain, should find wonderful help in

### SCOTT'S EMULSION

### Powerful sedatives or strong medicines are habit-forming and dangerous. The logical help is a form of nourishment abundant in tonic properties. Scott's brings strength to the body, through nourishment that is felt in every part. If inclined to be nervous, the logical answer is—Scott's Emulsion.

### Scott & Bowne, Bloomfield, N. J.

## HUGE ORDERS REPORTED

### U. S. SAID TO BE AFTER LUMBER IN NORTHWEST.

#### Awards for Over \$2,500,000 Worth of Materials to Oregon, Washington, Mills Announced.

#### SEATTLE, Wash., Oct. 18.—Government orders for over \$2,500,000 worth of lumber
