

PORTLAND MILLMAN IS HELD AS PRO-HUN

Henry Albers Is Charged With Violating Espionage Act.

BOND OF \$10,000 IS GIVEN

Statements Made on Southern Pacific Train Two Weeks Ago Furlish Basis for Accusation.

Henry Albers, president of Albers Brothers Milling Company, was arrested shortly before noon yesterday charged with a violation of the Federal espionage act. An hour later he appeared before United States Commissioner Drake, where surety bond of \$10,000 was signed by a brother, William Albers, and John T. O'Neill, a business associate. The bond was arranged by Henry E. McGinn, who was called in by the millionaire miller as counsel.

The arrest of Albers came as a result of affidavits signed by Frank K. Tichenor, a deputy United States marshal, and four other persons whose names are being withheld. These affidavits accuse the miller of making seditious and pro-German remarks while a passenger on a Southern Pacific train on October 8.

Albers Expected Accusation. According to Deputy United States Attorney Goldstein, Albers appeared before him several days ago and sought to excuse any seditious statements he might have made because, as he is said to have admitted, he was under the influence of liquor at the time.

It is stated, however, that United States Attorney Haney and other Federal officials have in their possession other charges against Albers which will be made public when the case is brought to trial in Federal Court.

According to the signed affidavit of Deputy Marshal Tichenor, his attention was called to Albers' alleged intoxicated condition and his alleged seditious utterances by other passengers aboard a Southern Pacific train on October 8, while the train was running between Grants Pass and Roseburg. Tichenor said he saw Albers with a bottle of whisky, from which he was drinking freely, and remonstrated with him. Instead of putting the bottle away, Albers, it is alleged, continued to drink repeatedly and became louder and louder in his alleged seditious statements concerning the United States Government.

Eastern Man to Be Witness. It is known that Federal agents have for several weeks investigated charges of pro-Germanism which have been made publicly against Henry Albers. It is also known that a traveling salesman named Moyer, representing an Eastern miller, machinery firm, will be one of the chief witnesses against Albers when he faces trial under the espionage charge.

Moyer, it is asserted by Federal officials, has made an affidavit concerning a conversation he held with Henry Albers, in which the latter is alleged to have made seditious statements even more damaging than those alleged in the affidavits under which he was arrested yesterday.

Statements Said to Be Serious. Albers, it is claimed, mistook the salesman, Moyer, for a German with pro-Hun sympathies, and unbundled himself to the fullest extent concerning his attitude toward the United States and Germany. Some statements, it is said, have made to Moyer are so serious in import that Albers' acts for the past two years are being subjected to the most minute investigation.

Federal officials, it was learned yesterday, are in close touch with Moyer, who is now in the East, and he stands ready to come to Portland at any moment to give all information he has in his possession.

Another Charge Is Possible. An additional espionage charge is likewise under investigation, it was admitted yesterday by Federal authorities. It is alleged that Albers was a heavy stockholder in the American Independent, a newspaper published at San Francisco from December, 1915, to January, 1918.

This newspaper, according to the confession of its editor, A. D. Bauer, at the German-Hindu conspiracy trial at San Francisco last winter, was published for the sole purpose of fomenting trouble and for spreading the German-Hindu plot propaganda on the West Coast.

Bauer, the editor, testified that Albers, Wilhelm von Brecken, formerly

of the German Consulate at San Francisco, and Daniel O'Connell, an I. W. W. attorney of San Diego, were among the principal stockholders. O'Connell was later convicted and sentenced for conspiracy to obstruct the operation of the selective service law.

That the part alleged to have been played by Albers in the German-Hindu plot is now under investigation by Federal operatives at San Francisco was admitted yesterday by Federal officials in Portland. Whether this will be used as a part of the evidence in the present charges or will be the basis for another charge, Federal officials would not say yesterday.

Albers was arrested at 11:30 o'clock yesterday morning by Chief Deputy United States Marshal Mann. He was taken into custody immediately after

he reached his office at the Albers Bros. Milling Company. He had known for several days that he was under investigation and surveillance and his arrest was not unexpected.

Citizenship May Be Revoked. It is possible, said Deputy United States Attorney Goldstein, that proceedings to revoke Albers' citizenship papers will be started if a conviction is secured in the present case against him. Albers was naturalized in Portland in 1908. He was born in Germany in 1866 and came to the United States in 1891, locating here shortly after his arrival in this country. He came here with small means, but has amassed a big fortune in the milling business of which he is the head.

A conviction for a violation of the espionage act is punishable by imprisonment in a Federal prison up to 20 years, or by a fine up to \$10,000, or by both fine and imprisonment.

Albers yesterday refused to make a statement of any kind, and on advice of his counsel, Judge McGinn, refused to be interviewed on any of the matters which Federal operatives are said to have brought to light.

Lost Enamel is Lost Forever

The only tissue in the body which does not renew itself is the enamel of the teeth. It is also the hardest substance and if properly cared for should last a lifetime.

"Acid-Mouth"—an unnatural condition—breaks down the enamel, exposing the softer part of the teeth and decay sets in.

95 people out of every 100 are said to have "Acid-Mouth."

To preserve the teeth two things are necessary—keep them clean and keep up a constant fight against "Acid-Mouth."

The dentifrice that accomplishes both of these results is

PEBECO TOOTH PASTE

In addition to cleansing the teeth it contains elements that counteract "Acid-Mouth." A single trial will give such a refreshing sense of cleanliness in the mouth that you will be convinced of its wonderful cleansing properties.

SOCIETY NEWS

MISS JEAN STEVENS has asked a Rock, D. F. Morrison, Mrs. H. C. Hemmingerhouse, Mr. and Mrs. W. O. Norman and Mabel Miller. While there they were registered at the Hotel Clark.

SAN DIEGO, Oct. 21.—(Special.)—Among Portlanders now visiting in Southern California are Mr. and Mrs. R. C. Garbe and Miss Ruth Gibson. Mr. and Mrs. Garbe are combining pleasure and business in their trip. Miss Gibson is making an active interest in the war relief activities featured by younger set members at the W. S. Grant Hotel, where she and Mr. and Mrs. Garbe are domiciled.

Mr. and Mrs. James C. Heilig left yesterday for Eugene, upon receiving word that their daughter, Catherine, was ill with influenza. Miss Heilig is a student at the University of Oregon, and she is at present in the hospital.

★ WOMEN'S PATRIOTIC SERVICE ★

AN urgent need for sphagnum moss dressings has resulted in the being lifted from four of the larger moss-picking stations, the Worcester building, Irvington Club, the Spalding building and the First Presbyterian Church, which will be open every day. Each of these stations has been arranged so as to allow thorough ventilation and the pickers will be placed in small groups to prevent crowding. At the First Presbyterian Church several rooms have been opened so that the moss can be turned out as usual and the Mayor's order still is complied with.

A fortnight already has been lost on the moss picking and each station asks for as many workers as possible every day so that a steady output of moss may be resumed.

Many of the Red Cross units are supplying their members with home sewing and in this way the epidemic is not wholly interfering with the output of Red Cross garments and pneumonia jackets which are so needed at the present time.

In response to a telegram received Thursday from Mrs. W. G. McAdoo, asking the women of Oregon to do their share toward making a large over-subscription to the fourth liberty loan, county chairmen of the state were telegraphed and Friday and Saturday the executive committee of the woman's committee of Oregon of the Liberty Loan campaign raised \$16,000 in Portland to add to the quota, which was already over-subscribed.

Reports which have been returned by a number of the counties to the state headquarters, of which Mrs. Sarah A. Evans is chairman, show that women will be credited with more than \$0 per cent of the subscriptions.

More and more urgent is the appeal made through the woman's division, Multnomah County, of the National Council of Defense, for nurses. There was an increase in the enrollments yesterday at the headquarters, Meler

Evans is chairman, show that women will be credited with more than \$0 per cent of the subscriptions.

You Add Nutrition

as well as a delightful flavor to your dishes when you use Albers Oats. Each flakey grain is full of healthy food value, producing strength and vigor. It is a saving to use a food that yields so many calories per pound, that has such a delightful flavor, and costs so little as

Albers Oats

As a substitute for Meat, pound for pound, Albers Oats has twice the nutrition of round steak, and costs many times less. For the same nutrition, even bread and milk costs nearly twice as much. There is no task in using Albers Oats—one trial will prove how satisfactory this nutritious, and economical food can be included in your baking recipes. Your Grocer carries Albers Oats.

TODAY'S AID TO BEAUTY

Hair is by far the most conspicuous thing about us and is probably the most easily damaged by bad or careless treatment. If we are very careful in hair washing, we will have virtually no hair troubles. An especially fine shampoo for this weather, one that brings out all the natural beauty of the hair; that dissolves and entirely removes all dandruff, excess oil and dirt; can easily be used at trifling expense by simply dissolving a teaspoonful of Canthrox (which you can get at any druggist's) in a cup of hot water. This makes a full cup of shampoo liquid—enough so it is easy to apply it to all the hair instead of just the top of the head. This chemically dissolves all impurities and creates a soothing, cooling lather. Rinsing leaves the scalp spotlessly clean, soft and pliant, while the hair takes on the glossy richness of natural color, also a fluffiness which makes it seem much heavier than it is. After Canthrox Shampoo, arranging the hair is a pleasure.—Adv.

Will Take Off All Excess Fat

Do you know that there is a simple, harmless effective remedy for overweightness that may be used safely and secretly by any man or woman who is losing the slimmest of youth?

There is, and it is none other than the tablet form of the now famous Marmola Prescription, known as Marmola Prescription Tablets. You can well expect a reduction of from two to four pounds a week without dieting or exercise. Marmola Prescription Tablets are sold by all druggists at the for a large case, or if you prefer you can order direct from the Marmola Co., 554 Woodward Ave., Detroit, Mich.—Adv.
