hope of avoiding ultimately throwing the German nation upon the mercy of its enemies.

PORTLAND BOY IN NAVAL AVIATION SERVICE DIES OF INFLUENZA.

Full military honors were accorded Lucius S. McKelvey yesterday, at funeral services which were held at 2:30 o'clock, from the chapel of J. P. Finley & Son.

U. S. RED CROSS AIDS STARVING RUSSIANS

Shipment of Food and Drugs Sent to Archangel.

WOEFUL SITUATION EXISTS

American Vice-Consul Leonard and Burri in Jail at Moscow for Nearly Two Months.

WASHINGTON, Oct. 22.—For the relief of the population of the outlying parts of the Archangel district reported to be facing starvation, the Red Cross mission which reached Northern Russia a few weeks ago, has sent a shipment of food, medicines and other supplies, a cablegram received at headquarters here today said.

Crops which were expected to alleviate conditions were cut short by an early frost and scurry has broken out.

The Russian mission, the cablegram stated, was preparing to send relief to other parts of the Archangel district where there are food shortages.

NEW YORK, Oct. 22.—A message describing famine conditions in Russia as "appalling and critical" and urging that all possible co-operation be given the Red Cross in supplying food was received here tonight by the joint centennial committee of the Methodist Episcopal Church from Dr. George A. Simmons, Methodist missionary at Petrograd.

ARCHANGEL, Oct. 20.—(By the Associated Press.)—An unusually late winter in Northern Russia was ushered in today by a heavy fall of snow.

Arctic Uniforms Donned. The American and other soldiers are being equipped with semi-Arctic uniforms, including sheepskin great coats and Arctic felt boots.

ARCHANGEL, Oct. 21.—(By the Associated Press.)—The reorganization of the government in bringing quick results as regards the Red Cross, the Director-General of the Emergency Fleet Corporation, the 50,000 tons a week assigned to shipbuilding, it was proved to be beyond the means of the plant operating, as they are, with a shortage of labor.

STOCKHOLM, Oct. 21.—(By the Associated Press.)—The last of the American Red Cross workers in Russia reached Stockholm today, after a four-day trip by train from Petrograd.

The Bolsheviks showed the Red Cross party every courtesy, and President Sverdrup, of the Russian Red Cross, and many Bolshevik officials sought to obtain the assistance of the American Red Cross to prevent the wholesale starvation of noncombatants in Russia this winter.

Much Relief Work Done. The Americans looked after the prisoners at Murmansk and Petrograd after the departure of the extensive missions and relieved the condition of many unfortunates in Russian jails.

Major Wardwell and his assistants are especially anxious to have food supplies sent to Russia for prisoners and children who are held in wards and are now facing starvation.

United States Vice-Consul Leonard, who held the post at Astrakhan, and Vice-Consul Burri were both in jail at Moscow when the Red Cross party left, but the Norwegian legation had assured that they would soon be released.

These two officials were first imprisoned at Tsaritsin and have been prisoners for nearly two months. They have undergone great privation.

Food conditions are rapidly becoming worse in Petrograd and Moscow. Although the Bolshevik press says that the retirement of Czechs from the Volga districts will make it possible to obtain grain from that region, no supplies are reaching the two cities as yet, probably because the peasant organization will not release grain to the soviet government.

Russian Sailors Riot. Several thousand insurgent sailors stopped the performance at the Maryinsky Theater in Petrograd on October 14 and compelled the orchestra to lead a march to the Smolny Institute, in protest against the order of M. Zinoviev, head of the Petrograd Commune, compelling all sailors, according to neutrals arriving here today.

The Bolsheviks organized a resistance and the sailors were attacked and defeated. Many of them later were executed. Street fighting and riots continued for several days as a result of an attempt to round up the men suspected of promoting the uprising.

The sailors have been disaffected since the summary execution in June

last of Admiral St. Chasnik, commander of the Baltic fleet, who saved it from capture by the Germans.

ASTORIA DRAFT CALL CANCELED. ASTORIA, Or., Oct. 22.—(Special.)—The call for nine men to be sent to Fort McDowell, California, has been canceled, as that post is under quarantine.

COULDN'T RAISE HAND TO HEAD. Every Muscle in Body Ached With Rheumatism—Like New Man Since Taking Tanlac.

"I have lived in Portland for thirty years and there are just lots of people here who know that Tanlac has made a new man of me," said J. H. Palmer, the well-known transfer and baggage man, residing at 256 Knott street, recently.

"I have been a sufferer from rheumatism twenty-five years," continued Mr. Palmer, "and reached the point where I never expected to get well, or even any better. I spent thousands of dollars trying to get relief, but gradually got worse. Every muscle in my body seemed to be drawn up, every joint stiff, and I could not move without suffering agony. What I wanted instead of lifting my feet I would just have to drag them along, and if my life had depended on it I could not touch the back of my head. I was laid up for more than two years at one time. After sitting down for a while I couldn't get up, but I held on to something and after I did get on my feet it would take me several minutes to straighten myself up. During the past year or two my condition became very much worse. My whole system seemed to be run down. My kidneys bothered me nearly all the time, my back hurt me and at times I would almost scream from pain."

"I also suffered from indigestion. My stomach would bloat up after eating and my food would sour and add more to my misery. I was just a wretched man half the night rubbing my arms and legs trying to get easy so I could get a little rest. I would get awfully blue and despondent over my condition, and yet could see no way out of my suffering."

"The testimonials of people right here in Portland, some of whom I know personally, caused me to try Tanlac. Well, I am seventy years old and I just want to say that I have never seen anything like it. Before I finished my first bottle I was eating twice as much as before, and felt no bad effects from it. I am now on my fourth bottle, and the rheumatism has just about left me. Why, my legs are just as limber as if I had never had a touch of rheumatism. I don't suffer any more from constipation, headache, and have gained back all my energy and strength and several pounds in weight, besides. Numbers of my friends, who know what Tanlac has done for me, are now taking it with fine results. Yes, sir, Tanlac has done everything for me I could wish, far more than I expected, and I would be willing to go before a notary and make an affidavit as to the truth of this statement."

Tanlac is sold in Portland by the G.W. Drug Co.—Adv.

Piano and Pianists Combined

When you buy the Euphonia Electric Player-Piano you get something more than the best low-priced player-piano built. You secure in addition the constant services of some of the greatest living pianists, who will play for you whatever and whenever you like.

You may command their services at any time, for your or your guests' pleasure. They appear in the form of the signed music rolls used in the Euphonia, which give absolutely faithful reproductions of their actual performances.

Simply put in the roll and turn on the electric switch. The pianist and modern science—superbly represented in the Euphonia—will do the rest. You do nothing but listen.

Or, if you prefer, you can make your own interpretation of the composition. There is no player-piano at anywhere near its price that rivals the Euphonia. You will satisfy yourself as to this on a ten-minute hearing.

We make it very easy for anybody to buy the Euphonia. Come in and inquire.
