# DAIRY COUNCIL WILL

chairman of the council, presided, Discussions covered a wide range from feed to lee cream,

A response to a telegram sent to Herbert Hoover, National Food Administrator, at the previous meeting, was read.

CENECA FOURT IS ACCURED.

F. L. Shull, of the Globe Milling Com-F. L. Shull, of the Globe Milling Company advised the members that with the present cost of barley about \$54 per ton in carlead lots, for rolled barley, it is the cheapest feed the dairyman can obtain. California has a surplus of about 200,000 tons, Mr. Shull said, and since the Government is not buying barley to any extent, unless it is absorbed for feed there is no promise that it will not be carried over to that it will not be carried over to the next crop season.

Barley Declared Undestrable.

William Schuimerich, of Hilleboro, ealled attention of the council to the undestrability of barley for feeding dairy cows, as being deficient in protein and high in carbohydrates. He said it was desirable as food for hogs or for fattening cattle, but not to produce milk.

Senaca Fouts, Portland attorney, was under investigation yesterday by the Multnomah County grand jury for an alleged assault on N. Greenberg, of the said downtown hotel.

According to the story told by Greenberg, he was attacked by Mr. Fouts as

duce milk.

Necessity for some concentrated food high in protein brought the information that cotton seed meael can be had from the Imperial Valley at the present time at about \$68 a ton laid down in Oregon, but when that supply is exhausted further supply would have to come from Texas or Oklahoma at higher cost.

The committee on feeding reported that there is not enough militeed to so around. Therefore, th farmers and dairymen will be obliged to create a balanced ration with other products.

Corn \$59 a Ton in Carlond Lots.

Corn can be had at present at \$59 a ton in bulk shipments in carload lots, was making a disturbance at the hotel when he opened his door and asked her

Corn can be had at present at \$59 a ten in bulk shipments in carload lots, or at \$84 a ton, sacked. It was recom-mended as a better feed than barley at a price of \$4 higher per ton. It was shown that cottonseed meal at \$70 a ton is equivalent to 11 cents a pound for protein, whereas affalfa hay is the next best for the dairymen, with the present price of \$28 a ton, making the protein it contains average 14 cents a pound, whereas at \$54 a ton for barley the pro-tein costs 30 cents per pound. Professor Brandt, of the Oregon Agri-cultural College, declared that it is an

whereas at \$54 a ton for barley the protein cests \$36 cents per pound.

Professor Brandt, of the Oregon Agricultural College, declared that it is an exceptional emergency that confronts the farmers of the Willamette Valley. Due to causes over which the farmers had no control, the entire vetch crop was lost. This is the crop that is relied upon to furnish the protein product for dairy cows. The value of alfalfa as the most available substitute was strongly advocated.

Draft Boards Criticised.

boards are still sending needed men from the farms to service in the Army. "District boards cannot oversee all the work of the local boards and some of them are doing rotten work, as-serted William Schulmerich, adviser of local draft boards for the Portland dis-trict, appointed by the Department of Agriculture to work with the boards to secure deferred classification for es-sential labor needed in producing food products needed for the prosecution of the war.

attention a few ays ago," said he, "in which a young man was ofdered to report for duty who is the son of a widowed mother, having two daughters with her. The young man was farming 240 acres, and among other things turned off 110 head of fat hogs last year, raised on the farm. He was do-ing work of greater value in produc-ing food for soldlers than he could pos-sibly do as a soldler in the trenches, yet he is being taken away from the farm."

District Attorney Gives Advice. District Attorney Evans, who hap-ened to be in the room, told the Counpened to be in the room, the boards are cil that he was satisfied the boards are exercising care in most instances. He advised that the industry should place

A committee of the Oregon Dairy
Council reported yesterday that there has been a decrease of 52,000 dairy cows in Oregon since January 1, 1918. This report is based upon a census of milk cows September 1.

At the meeting of the council it was decided that it shall become permanent. A committee on framing by-laws and constitution was appointed, with instruction to report plans for permanent formation, including producers, distributors and manufacturers.

Professor O. D. Centor, of Corvallis, chairman of the council, presided Diacussions covered a wide range from feed to lee cream. Big Consumption After 6 P. M.

when he opened his door and asked her to be quiet. A few minutes later, he said, Fouts and some other man, un-known to him, came into his room. He said Fouts demanded his registration card and when he declined to produce tuntil Fouts showed his authority.
Fouts, he asserted, began beating him.
After Fouts had discolored both optics,
he says, he called in a policeman to
have him arrested.

## J. W. Brewer, Federal farm help specialist, reported that notwithstanding orders of the department, the draft

Marshall Bartholomew Says United States Soon Will Have Army of 5,000,000 Singing Men.

America's Army of 5,000,000 fighting men also will be an Army of 5,000,000 singing men. This, in brief, is the campaign mapped

out by Marshall M. Bartholomew, director of Army and Navy music for the War Work Council, who arrived in Portland yesterday. Mr. Bartholomew is making a tour of the country to standardize the musical training work. standardize the musical training work.

There are now more than 200 musical directors in American Army camps, Mr. Bartholomew said yesterday, Many men now are being taken from the ranks to instruct their fellows, he said. Musical directors schools have been established at San Antonio, Texas; Blue Ridge, N. C.; New York and Chicago. Directors for overseas service are becal directors schools have been estab-lished at San Antonio, Texas; Blue Ridge, N. C.; New York and Chicago. Directors for overseas service are be-

New York City.
"It is our aim to standardize the
musical work in all camps where there
are American soldiers," Mr. Bartholomew said yesterday. "This already has
been accomplished in the other five
military departments in the United
States and I am here to begin the work
in the sixth district—the Western Department.

partment.
"Singing soldiers are happier and therefore better soldiers than the men who do not sing," he said.
Mr. Bartholomew served the Y. M. C. A. in prison camps in both Germany and

Siberia before the United States entered the war. He had spent five years in Germany and Italy previous to the be-ginning of the war and soon after the outbreak of hostilities began prison camp work in Germany.

### SUGAR ALLOWANCE IS CUT

November and December Allotments Reduced by Federal Order.

During the months of November and December, manufacturers using sugar will have to get along on the smallest allotments yet given them, according to advices of the State Food Adminis-tration. Soft drink manufacturers and cream makers will be alloted only per cent of their usual sugar re-

Manufacturers who will be limited to 50 per cent as much sugar as their monthly average called for the last half year of 1916 and 1917, are those making beverage syrups, confections, chewing gum, chocolate, cocoa, cough drops, maited milk, soda water and similar articles.

articles.
Candy and chocolate manufacturers, the advices state, are being instructed to give preference to the needs of the Arnty, Navy and Red Cross, Y. M. C. A., K. of C. and Salvation Army.

Passed Much of Her Time Getting Husband Out of Jail.

Ruth G. Bagnall, plaintiff in a divorce suit filed yesterday against W. R. ON TOUR OF NORTHWEST.

Bagnall, alleges she spent much of her married life in getting her husband out of jail after he had been arrested on umerous occasions for obtaining money under false pretenses and other petty crimes. She charges other acts of cruelty. They were married in Port-land in 1914. The wife wants a deree and the restoration of her maiden

cree and the restoration of her maiden name, Ruth Gibson.

Anna Stover alleges that Andrew Stover, in 1916, eloped to Brittish Columbia with a 16-year-old girl. After he was returned to Portland she forgave him, she says, but he has again given voice to his love for the girl and she wants a decree. She also demands custody of two minor children and \$40 a month for their support. They were married in 1900.

Infidelity is charged against Ruth Huff in the divorce compiaint of W. R.
