CONGRESS CONTROL, AIM

Executive Declares Failure to Return Democratic Majority in November Will Handicap Him.

WASHINGTON, Oct. 25 .- President Wilson, in a statement today addressed

any political party is paramount in matters of patriotism. I feel too deeply the sacrifices which have been made in this war by all our citizens, irrespective of party affiliations, to harbor such an idea.

I mean only that the difficulties and "I mean only that the difficulties and delicacies of our present task are of a sort that makes it imperatively necessary that the Nation should give its undivided support to the Government under a unified leadership and that a Republican Congress would divide the

eadership. "The leaders of the minority in the present Congress have unquestionably been pro-war, but they have been anti-Administration. At almost every turn since we entered the war they have sought to take the choice of policy and the conduct of the war out of my hands and put it under the control of instrumentalities of their own choosing.

Unity of Command Desired.

This is no time either for divided council or for divided leadership. Unity of command is as necessary now in civil action as it is upon the field of battle. If the control of the House and the Senate should be taken away from the party now in power an opposing majority could assume control of legis-lation and oblige all action to be taken amidst contest and obstruction.

Allied Viewpoint Considered.

"The peoples of the allied countries with whom we are associated against Germany are quite familiar with the significance of elections. They would find it very difficult to believe that the voters of the United States had chosen to support their President by electing to the Congress a majority controlled. to the Congress a majority controlled by those who are not in fact in sym-pathy with the attitude and action of the Administration.

"I need not tell you, my fellow-coun-

trymen, that I am asking your support bot for my own sake or for the sake of a political party, but for the sake of the Nation itself in order that its inward unity of purpose may be evident to all the world.

The various visions I would not feel Nilled in action, 10 230 4 10 242

"In ordinary times I would not feel at liberty to make such an appeal to you. In ordinary these divided counsels can be endured without permanent hurt to the country. But these are not ordinary times.

Support Appealed For.

"If in these critical days it is your wish to sustain me with undivided minds. I beg that you will say so in a way which it will not be possible to misunderstand either here at home or among our associates on the other side of the sea. I submit my difficulties and my hopes to you. "WOODROW WILSON."

It's Easy-If You Know Dr. Edwards' Olive Tablets

The secret of keeping young is to feel young — to do this you must watch your liver and bowels — there's no need of having a sallow complexion — dark rings under your eyes — pimples — a bilious look in your face — dull eyes with no sparkle. Your doctor will tell you ninety per cent of all sickness comes from inactive bowels and liver.

Dr. Edwards, a well-known physician

the liver and bowels, which he gave to
his patients for years.

Dr. Edwards' Olive Tablets, the substitute for calomel, are gentle in their action
yet always effective. They bring about
that exuberance of spirit, that natural
buoyancy which should be enjoyed by
everyone, by toning up the liver and clearing the system of impurities.
