

WAREHOUSE TEAM KEEPS UP PRACTICE

California Elevens Ready for End of Quarantine.

GOOD FOOTBALL EXPECTED

"Devil Dogs," Aviation Students, Naval Training Station Men and Others Will Have Teams.

SAN FRANCISCO, Oct. 27.—Precautionary measures to prevent the spread of influenza have delayed the football schedules of the husky football teams of half a dozen military and naval camps in Central California, but the season, which might be started, is expected to develop more high-class football than has ever been seen in these parts.

The United States Marine Corps team of the Mare Island Barracks, although under quarantine, is practicing daily and the early season showing, according to sport writers here, indicate it is the equal of the undefeated 1917 eleven. William Dietz, Carlisle Indian coach, is whipping the men into shape. Most of the players are former students of the Universities of California and Washington.

Fliers Get Heavy Team.
Mather Field, Sacramento, is putting out a crack aggregation and the fliers expect to give the "devil dogs" a close contest for the coast championship. This eleven recently defeated the Fort Baker soldiers who are being coached by Lieutenant Dorman. The Fort Baker team is said to be the heaviest in the West.

The "Goats" of the Yerba Buena ("Goat Island") naval training station are strengthening their weak backfield to balance against their defensive line, which, though strong, recently failed to avert defeat at the hands of the Mare Island Marines.

The Fort Baker eleven defeated the Student Army Training Corps team of the University of California early in the season, but the college lads are reported to be making real progress under Andy Smith, their coach. A San Francisco sports editor suggested this week that the Eastern plan of playing series of football games for the benefit of war funds might be adopted by the University of California and Stanford University, thus ending the prolonged dispute which has severed athletic relations between the two institutions.

St. Mary's College in Field.
St. Mary's College at Oakland also has a team in the field, its first game having been played with the heavy artillery Saturday night. The team of the University of California November 3.

Another team is being organized at the Presidio here, and each of the tournaments on the coast is expected to put a representative eleven in the field.

SEATTLE, Wash., Oct. 27.—Puget Sound soccer fans are looking forward to some fast ball this winter. Play will begin soon, it is expected, in a six-club circuit which the Puget Sound Soccer Association plans to form.

Seattle will have three teams in the league and Tacoma and Bremerton one each. The sixth team will be a combination organization representing Blaine, Diamond and Carbonado, coal mining towns near here.

Two of Seattle's teams will be shipyard organizations from the Skinner & Eddy Corporation and the J. P. DuPont plant. Tacoma's team will be from the Todd yard. The Blaine, Diamond and Carbonado each had a team in the league. This year many of the old players are gone.

TACOMA BOXER IN BORDEAUX

Home Fans Await Mail Report of Fight With Frenchman.

TACOMA, Wash., Oct. 27.—(Special.)—Leslie Calvert, a middleweight who has performed before boxing fans throughout the Northwest while he made his home in Tacoma, is clouting his way to fame in the Navy. He is doing some fancy scrapping around Bordeaux, France, and he is expected to appear there in a 20-round battle with Audoy, French title holder, on October 6, but such news is regarded as non-essential to the fans here. The fans will have to await the arrival of the mails to get the news.

"TOUGH" WING SEEKS MATCH

Marty Foley, Welterweight, Is Recovering From Influenza.

TACOMA, Wash., Oct. 27.—(Special.)—Weldon Calvert, one of the snappiest 125-pounders throwing his mitts on the Pacific Coast, is anxious to show his line of samples against some boxer in Tacoma, and he may be accommodated at the next Eagles' smoker. That is if Wing is not an old man before the Spanish influenza ban is lifted and Matchmaker George Shanklin is not in the home for retired sport managers. Wing has been going well in his training.

Marty Foley, smart little welter, is recovering from an attack of influenza. While Marty was very ill for a time, he recovered rather quickly, working out a bit at Chet McIntyre's gymnasium.

Mallards on Columbia Sloughs.

HOOD RIVER, Or., Oct. 27.—(Special.)—Hunters are getting a few mallards on the Columbia sloughs here now. The big birds, however, do not feed here, but drop to rest on the quiet inlets and sloughs of the lowlands while traveling to and from feeding grounds.

F. G. Lindsey, Emmett Tompkins and C. F. Stephens, bagged a number of mallards last week.

Lefts and Rights.

Terry Martin, Philadelphia welterweight, who has been in the ring for 15 years, is dead, a victim of Spanish influenza. He was 24 years of age and fought the best at his weight.

"Baltimore" Dundee and Bobby Burns, Baltimore, Md., boxers, passed away. Dundee, who was 18 years old, died of pneumonia the other day, while Burns was among the missing after the sinking of the American steamer *Theodoros* by a submarine in the Atlantic.

The fight promoters of Philadelphia feel that they will be able to resume boxing by November 1, as the health officials there are inclined to believe that the influenza epidemic will be well under control by that date and the people can take in boxing shows and other phases of amusement.

"Smiling" Al Whitman, a Tacoma

AGGIES GOING NORTH TO MEET CAMP LEWIS

Football Elevens Arrange for Scrimmage Next Saturday.

MARINES LOOK FOR MATCH

Soldiers of Sea Cockey Over Past Victories and Demand Big Guarantees for Proposed Game.

CAMP LEWIS, Tacoma, Wash., Oct. 27.—(Special.)—Next Saturday afternoon the Oregon Agricultural College football team will be seen in action against the Camp Lewis aggregation on the cantonment athletic field, if present plans of Captain T. G. Cook, athletic officer for the 13th Division, materialize. The Aggies wrote asking for a clash and the Captain is willing.

Still the United States marines of Mare Island, Cal., have not come to terms for a match with Camp Lewis in the Tacoma stadium. Thanksgiving day has been proposed, but just at present there is a hitch up at the guarantee. More telegrams and letters have passed between Captain Cook and the soldiers of the sea's representatives than have been written to discuss any other contest, either this or last year.

The marines met the olive drab twice last year and were victorious both times. Now the California contingent word that they are the drawing card and that they should not be asked to come so far North without a good, big guarantee. The local players are given a furlough from work and nothing would please them any more than to get on the same field with the Bear Staters.

Should the game be scheduled, the place for the contest would be another question. Last year Camp Lewis and the marines were seen in the Tacoma stadium, but the doubt is as to whether or not it will take place there during the 1918 campaign.

Regimental football soon will be started. Athletic representatives of the various regiments have been meeting every Monday night and general opinion favors starting soon after November 1. It is almost a certainty that company teams will not do much playing, as time is so limited that everything will be done to settle the camp championship.

Last year the famous 316th Sanitary Train walked away with everything that came before them from the 51st Division to the 16th Depot Brigade. There was little reason for it to be otherwise, for six members of the fighting medicine corps were given on the 51st squad. They were Brewer A. Billie, "Big-Hearted" Sam Cook, Orville Monteth, William Holden, William Snyder and Kenneth Bartlett.

Basketball is coming in for a little attention, but nothing from an official source as yet. Football seems to be taking up all the time of the members of the athletic office here, but there are a few of the bugs that cannot be kept from talking about their favorite game.

A service team from the Middle West may make a bid to return to the coast this winter. If the marines do not land the turkey day match with Camp Lewis some big Middle Western cantonment will be met, according to present plans. From the way the Great Lakes Naval training station is going it may be that the sailors will be asked to journey West. At any rate, there will be a big game here for the benefit of the soldiers before the season is completed.

I had a slight touch of Spanish influenza, but am all right again. It had me scared for a while, but the doctors just laughed at me and said that I would be O. K. in a couple of days. They were right for I never felt better in my life than I do right now.

I want to be a flyer like Norman Ross and have filed my application. First, I will have to return to Honolulu and report to my draft board and then expect to be transferred to the aviation branch of the service. Believe me, I envy Ross, who is now a lieutenant, and would like to meet him in the air some time.

I do not expect to do any more swimming until after the war, that is, unless I get a chance to go to the water every chance I get, as I feel more at home in a tank than on land, but I am going to devote most of my time to study and will let the other fellows do the swimming.

"But don't let anyone tell you I am through. I am not trying to make time in the distances any more, but I guess I will be able to hold my own in the sprints for a long time to come. Some of the Eastern critics thought I would have a hard time holding my own against the West, but I have proved that a few records they were all willing to admit that I could still go some."

The possible return of the Aggies to the swimming team of the Multnomah Amateur Athletic Club is looked forward to with keen interest here, for the girl fans would like to see the swimming team of the Multnomah Amateur Athletic Club in local competition. Miss Helan Hicks, who figured in last year's classic, and Irene and Virginia Pembroke, both well-known swimmers and divers on the Pacific Coast, so that the fair stars of the Atlantic Coast will have the opportunity they have long wished for to test their skill against that of their Coast rivals.

All of which tends to show that the Multnomah Club decides to send a picked team on a tour to the Northwest. A number of famous swimming clubs in and around New York City and the Winged "Mermaids" and "Mermen" could be kept busy billing engagements.

Golf Finns Postponed.
A. S. Kerry defaulted to Jack Straight in their scheduled 18 match in the semi-finals of the Waverley Country Club golf championship, which was to have been played Saturday. Kerry's default to Straight put Straight in the finals with Roderick Macleay. Macleay and Straight were to have played for the title yesterday, but because of the wet course the match was postponed until next Sunday. Few golfers journeyed out to Waverley yesterday or Saturday because of the bad weather, and no match play was held.

Olympic Club Swimmers in Navy.
SAN FRANCISCO, Oct. 27.—Preston Steiger and George Bond, Olympic club swimmers, and Frank Norris, of the Neptune, Escondido, and Mark Casassus, a Mexican. The court fined the accused, who did not appear, 50 francs each on a charge of having had improper relations.

Frank J. Gould is a son of Jay Gould, a member of various New York clubs, Mrs. Edith Kelly Gould, and Mario Casassus, a Mexican. The court fined the accused, who did not appear, 50 francs each on a charge of having had improper relations.

Paris Court Holds Woman on Charge of Improper Conduct.

PARIS, Oct. 27.—The Correctional Court on Saturday heard the charges of Frank J. Gould against his wife, Mrs. Edith Kelly Gould, and Mario Casassus, a Mexican. The court fined the accused, who did not appear, 50 francs each on a charge of having had improper relations.

ASTORIA STRUCK BY GALE
Wind Reaches 60-Mile Velocity, Rain Falls in Torrents.

ASTORIA, Or., Oct. 27.—(Special.)—The first real gale of the season struck this section last evening, continuing all night and the greater part of the day. The wind attained a rate of over 60 miles an hour at the mouth of the river and the rain fell in torrents.

Aside from disrupting the telegraph and telephone service no damage was reported.

OREGON HENS SET RECORD

PORTLAND MERMAIDS' TRIP AWAKENS INTEREST.
Plan of Multnomah Club to Send Team to Atlantic Seaboard Is Discussed in New York.

The recent story in the sporting pages of The Oregonian to the effect that the Multnomah Amateur Athletic Club might send its crack swimming team and women divers on a tour of the country next spring, has given something to the Eastern scribes to write about. Following is a piece in a New York paper of a week ago:

"The possible return of the Aggies to the swimming team of the Multnomah Amateur Athletic Club is looked forward to with keen interest here, for the girl fans would like to see the swimming team of the Multnomah Amateur Athletic Club in local competition. Miss Helan Hicks, who figured in last year's classic, and Irene and Virginia Pembroke, both well-known swimmers and divers on the Pacific Coast, so that the fair stars of the Atlantic Coast will have the opportunity they have long wished for to test their skill against that of their Coast rivals."

ANNUAL MEETING CALLED

BUTTER AND CHEESE MAKERS TO CONVENE DECEMBER 11.

Exhibits Promised From All Sections of State and All Manufacturers Are Invited.

The annual meeting of the Oregon Butter and Cheesemakers' Association will be held at the Hotel Portland December 11-12. This was decided at a meeting of the executive committee at the Imperial Hotel Saturday night. S. O. Rice, of Mount Angel, is president, and P. S. Lucas, of the Oregon Agricultural College, secretary of the state body.

Arrangements for the convention will be in the hands of the executive committee, and the committee on entertainment has in preparation a programme that is expected to make this gathering of dairy food producers an interesting one.

There will be exhibits of butter and cheese from all sections of the state and all manufacturers in Oregon and adjacent states are invited to attend. Judges for the butter division will be C. O. Simpson, of the Oregon Co-operative Dairy Exchange, and V. D. Chapell, assistant professor of dairy manufactures, O. A. C. In the cheese division the judges will be J. B. Ziemer, inspector in the office of the State Dairy and Food Commissioner, and O. Friedl, of the Portland Cheese Company.

The Oregon Dairy Council plans to hold a state conference of dairymen about the same time, so Portland will have an opportunity to welcome the largest gathering representing Oregon's second most important industry ever held here.
