## **ALL OREGON RESENTS** PARTISANSHIP APPEAL

Criticism of President Wilson in making a partisan appeal to the country to elect only Democrats to Congress continues to pour into the Republican state headquarters. Prominent party leading are sampled by the voters of Portland, and we sincerely hope that you may be unnoticed by the voters of Portland, and we sincerely hope that you may be unnoticed by the office you deserve. We know of no one who would better serve the people than S. C. Pier. We hope is mand loyalty of Republicans. Following are samples of the way the President's action has been taken "Garage and Implement Dealer."

"W. E. WALTER, "Garage and Implement Dealer."

"ED M. WILLIAMS, "Fanker and Merchant."

"Banker and Merchant."

My opinion is that the letter of the President will solidify Ropublicans and air them up to swell the Republican vote to the largest proportions. It I supposed that the boys in the trunches were fighting, not to make the world safe for democracy, but to make the United States safe for the Democratic party. I would be tempted to take in my service flag. It is an ungrateful response to such a lovairy of the Administrative service.

party. I would be tempted to take in my nervice flag. It is an ungrateful response to such a loyalty to the Administration as no party ever before gave to an opposition administration.—Charles B. Moores, ex-Chairman Republican State Central Committee.

President Wilson's appeal for support of only Deimerrals is an insuit to half of the 2.00,000 boys new in service who are Republicans at heart, also to millions of loyal rapublicans are aroused and will raily to our 100 served the injunction, "Politica adjourned flut now our loyal, red-blooded Republicans are aroused and will raily to our 100 per cent loyal supporters of the President wind all war demands, to wit: Senator McNary, Congressmant Hawley and Governor Withycombe. This action, so whoily unvailed for, should increase the vote fully 100 per cent for these Republican candidates—J. Johnson, Corvalis.

Handreds of Republicans in every section of Chackamas County are indignant and resentful at President Wilson's message to the American people in which he places partianably above patriotism and conceys the statement in no unpercain forms that only the Democratis of the United Statesmay be safely trusted with the task of the conduct of the war. The President's statement has aroused the Republican voters to the necessity of going to te polls next Tuesday and showing the Administration that the people will not stand for partian dictatorship and that the Republicans of this country are just as loyal to its welfare as are the Democratic Chackamas Republicans are strong for Wilhycumbe and McNary—and will repeat the same handsome vote they gave these candidates in the profiles.

of this county will be a stronger indorsement and a larger vote for the return of these loyal, patriotic Republicans—Senator Canno McNary and Congressman Hawley—and a continuation of their 100 per cent activity in war mattern—Thomas B. Kay, Salem.

President Wilson's letter asking that only Democrats be elected to the National Congress and inshuating that Republicans are not to be trusted will undoubtedly result in solidifying the Republican vote in Lane County. All Republicans is the county have stood solidiy behind the President during this war and have been willing and anxious to do his bidding, feeling that this was not a war of parties or classes, but a war of nations and that we were a part of this Nation. The Republican party of Lane County is still back of the President in the prosecution of this war, but resents the partiesn, invignitied, unstatesmanlike action as capressed in this latest of his many notes, and we will express that resentment at the poils on November 5 by the ciection of every Republican candidate by an increased majority.—D. E. Toran, Eugens.

My opinion is that the President's letter Commit.

Simply moisten your comb or a soft brush with it and draw this through your hair, taking one small strand at a time; by morning the gray hair disappears, but what delights the ladies with Wyeth's Sage and Sulphur Compound is that, besides beautifully darkening the hair after a few applications, it also produces that soft lustre and appearance of abundance which is so attractive. Heard no politics until President issued his proclamation asking people to vote for Democrate only. Some of us fought for Investment of Oregon. One of the strong points made by the opposition was that the men would tell them how to vote. They resented this. I always had a poor appetite, the little I did force down did me no good and I was steadily losing weight all the time. I looked as if I hadn't an ounce of blood in my body. My liver was inactive and I was subject to frequent billous spells, when I just couldn't retain hardly a thing on my stomach.
