## Prices Are Again Tending Upward at East-

The hutter market for the past week showed a further improvement over the week before. There was an increased demand at Chicago and New York for the better grades and prices advanced I is cents on 92-score butter with advances at Bosin and Philadelphia of is cent. Cars of 90-score centralized at Chicago were in lighter demand, but advanced I is cents in price during the week. The closing price of \$2-score 'centralized' at Chicago were in lighter de-mand, but advanced lib cents in price dur-ing the week. The closing price of \$2-acore 'whole milks' was 50% cents at New York and Boston and 58% cents at Chicago and

With the further advances on Monday of this week on all markets, 92-score reaching 60 cents at New York, and with a more setive demand especially for the better grades, which in a large degree influences the prices of lower grades, a more healthy condition apparently exists and the market condition which prevailed a few weeks ago."

Cube butter was steady with 60 cents asked and 59 cents bid. The poultry market was firm. Heavy hens soid up to 28% cents, live turkers brought 20032 cents and choice dressed were quoted at 40 cents.

NEW YORK, Nov. 7.—Wall street experience one of the wildest and ment bewildering sessions in its varied experience today, the stock market responding feverishly to unconfirmed reports of the signing of the peace armistics with Germany. The financial community accepted these reports and gave itself over to a delitium of buillsh enthusiasm. Practically all the leading stock lesues, excepting those of the distinctive war group, made extreme advances ranging from 2 to 15 points, the rise being largely retained at the very scrive close.

In recognition of the desire of the brokers to celebrate the authorities of the exchange suspended operations half an bour ahead of the rown provided and mutinies in the German army and navy inviting further extension of long accounts. Ramors of the alleged ratification of the armistics gained currency at middey and externed little influence for a time, except to cause further heaviness in the munition and allied stocks.

Rails and oils were among the first there to the present of the first there to make strong reasons.

allied stocks.

Rails and oils were among the first shares to make strong response, high-class transportations mounting to the year's best prices at gross gains of 2 to 7 points. Mexican Petroleum rose almost 13 points and related shares 2 to 5. Motors, copport and peace specialties finished at net advances of 2 to 4 points. Total sales amounted to 1.150,000 shares.

Railway bonds gained 1 to 4 per cent, various foreign issues 1 to 2½, but liberty issues were barely firm. Total sales, par value, aggregated \$5,300,000. Old United States bonds were unchanged on call.
