DIRECTOR-GENERAL TO BE DEFENDANT.

-Under the terms of general order No.
0 of the Railroad Administration 50 of the Railroad Administration, suits, actions and proceedings in court brought against the railroads growing out of causes originating while the railroads are under Federal control, must hereafter be brought against the Director-General. This rule is specified as applying to actions at law, suits in equity, proceedings in admiralty hereafter brought in any court based upon contract, claim for death or injury to person, or for loss or damage to property, arising since December 31, 1917. Any proceeding that but for Federal control would have been brought against the railroad company, shall therefore be brought against William G. McAdod, Director-General.

LOGGING CONGRESS DELAYED.—George

the Director-General of Rallroads, to matters presented by employes or officers of the American Rallway Express. Company. Inequalities as to wages and working conditions, whether of employes individually, or as to classes, may be brought to the attention of the board. Conditions that may arise from competition with employes in other industries and rules and working conditions for the several classes of employes, either for the country as a whole or for different sections of the country, are matters to which the board may give beed.

There Hurr in Collision.—Three persons were injured yesterday in a colston were injured yesterday in a colston while ended to be a considered to be a consider

Corps, of Portland, is among the very recent arrivals at Newport News, Va., arriving there from France on a hospital ship hast Sunday. Lieutenant Bradford is recovering from severe injuries received in an airplane accident. He probably will be assigned to a reconstruction hospital on this coast. He is the son of Mr. and Mrs.

Council Hampered Because of 8-Mill Tax Limitation.

INCREASES DESIRED

Ten to 20 Per Cent Rise Demanded by Workers in View of Findings of Macy Board on Living Costs.

Pending an exact statement of the city's financial condition, no increase in pay to city employes will be granted by commissioners. Petitions for increases ranging from 10 to 20 per cent were presented to the Council yesterday by various groups on the municipal payroll.

day by various groups on the municipal payroll.

According to estimates made by commissioners, less than \$15,000 of the city's money will be available to grant increases in pay. If all requests made to the Council were allowed, more than \$300,000 would be added to the city's annual payroll.

"We want to know exactly where we stand before we take any action on these requests," said Mayor Baker. "Under the 8-mill tax limitation we will have practically no excess funds and must use every cent of that to pay for increased material costs and necessary pay increases.

# OFFICIAL COUNT DELAYED

Precincts Officials Make Error in Delivering Records.

The state law requiring that Municipal and general elections be held on the same day has not worked out satisfactorily in Multnomah County. As a result, it will not be possible for County Clerk Bevoridge to begin the official count of the vote for Congressional, state and county candidates until this morning.

This is due to the fact that the elec-tion boards in a number of precincis

# Physicians Attention! Spanish Influenza Has compelled the use of this rapid method of inform-

ing medical men of the therapeutic virtues of

# Fenosote

in the treatment of this disease

FENOSOTE, strictly ethical, dispensed on prescriptions only, is a chemical product consisting of Orthonitro-acetphenetidin 70% in combination with stimulating creosol and guaiacol derivatives of creosote.

FENOSOTE is a powerful germicide and a most thoroughly safe antipyretic, with no depressant action. Fenosote is eliminated by the respiratory mucous membranes and by the kidneys, imparting to the urine a rich orange color. In this epidemic, uncomplicated cases of influenza are quickly responsive to treatment, which should be continued for one or two days after all symptoms have disappeared. It is positively a specific. In the Pneumonia of Influenza, Fenosote is a most valuable aid.

FENOSOTE given in three full doses a day, positively prevents Influenza infection or renders symptoms so slight as to be barely perceptible.

Adult dose of Fenosote is 6 grains every two to two hours and a half until symptoms disappear; then slightly less often for 36 to 48 hours. Children's dose in proportion.

FENOSOTE is best given in No. 2 Capsules for Adults and No. 4 capsules for children 8 to 13 years, or in emulsion with compound Licorice Mixture.

A liberal drink of water should be given after each dose of

Suits to Order "As You Like Them" \$33 to \$60 Woolen Mill Building Third and Morrison Sts. The Home of "OLD TIME WOOLENS"

The man who places his order here for a tailor-made suit is sure to get a suit he will like.

He will like the fit. He will like the finish. He will like the price.

Last, but not least, he will like the cloth it is made of because it will be an "Old-Time Woolen"the sort of cloth made before the war compelled the manufacturers to cheapen quality by adding cotton and shoddy.

As these woolens were contracted for at old-time prices, we are able to undersell any tailor who buys his cloths today.
