ALLIES TO FEED GERMANS

REASSURING MESSAGE SENT BY PRESIDENT WILSON.

Relief Measures to be Undertaken at Once, but Suitable Guarantees Must be Given.

WASHINGTON, Nov. 13.—President Wilson has sent a reassuring message to the people of Germany in reply to the appeal from Chancellor Ebert. He promises to aid Germany in the matter of food supplies and in relieving distressing want.

The reply was sent today by Secretary Lansing through Minister Sulzer, of Switzerland, who yesterday delivered Ebert's request for intervention by the President to mitigate the "fearful conditions" threatened through enforcement of the armistice terms.

Secretary Lansing's note to the Swiss Minister dated November 12, follows: "I have the honor to acknowledge the receipt of your note of today, transmitting to the President the text of a cable inquiring whether this Government is ready to send foodstuffs into Germany without delay if public order is maintained in Germany and an equitable distribution of food is guaranteed."

"I should be grateful if you would transmit the following reply to the German government: "At a joint session of the two houses of Congress on November 11, the President of the United States announced that the representatives of the associated governments in the Supreme War Council at Versailles have by unanimous resolution assured the peoples of the central empires that everything that is possible in the circumstances will be done to supply them with food and relieve the distressing want that is in so many places threatening their very lives, and that steps are to be taken immediately to organize these efforts at relief in the same systematic manner that they were organized in the case of Belgium."

"Furthermore, the President expressed the opinion that by the use of the idle tonnage of the central empires it ought presently to be possible to lift the fear of utter misery from their oppressed populations and set their minds and energies free for the great and hazardous tasks of political reconstruction which now face them on every hand."

"Accordingly, the President now directs me to state that he is ready to consider favorably the supplying of foodstuffs to Germany and to take up the matter immediately with the allied governments provided he can be assured that public order is being and will continue to be maintained in Germany and that an equitable distribution of food can be clearly guaranteed."

CONTINUED ECONOMY IS URGED

Food Situation Still Serious, Says British Controller.

LONDON, Nov. 12.—John Robert Clynes, British food controller, said today that the food situation in Europe continues to be serious, necessitating larger shipments until spring. He said that he confidently expected America to back up any British sacrifices which might be necessary in behalf of the needy peoples of Europe.

He continued: "We are not yet sufficiently informed as to conditions in liberated and enemy countries to announce any definite policy. In liberated countries we are doing our best to meet emergencies as they arise."

"What action may be incumbent upon the allies is certain. Allied food control must be continued at any rate for many months after peace and probably must be extended to take on international scope."

"To effectively carry out this plan the allies in Europe, during the vital period of recuperation, must rely upon a continuation of the far-sighted policy of the United States Government in providing credits for food supplies."

LAWMAKERS TO BE GUESTS

BREAKFAST ARRANGED BY THE CHAMBER OF COMMERCE.

Event This Morning Planned as Courtesy to Senator Chamberlain and Representative McArthur.

Senator Chamberlain and Representative McArthur will be guests of the directors of the Portland Chamber of Commerce at a breakfast at 8 o'clock this morning in the dining-room of the Chamber at the Oregon building. The directors had planned to entertain the two members of the Oregon delegation at the members' forum next Monday, but this was found impossible because Senator Chamberlain had arranged to leave for Washington next Sunday.

Accordingly the breakfast was planned as a means of extending courtesies to both at the same time. Senator Chamberlain and Representative McArthur have been appealed to frequently concerning matters of great importance, and but for their work in Congress the interests of the state would have suffered in many instances. The breakfast and program will be quite informal. Representative McArthur will remain in Portland for another week, and will be the speaker at the members' forum Monday at noon.

Walking Under Difficulties

"Believe me, I suffered from stomach and bowel trouble right. This weakened me so that I could scarcely walk. I could do no work. This was my condition when I started taking Chamberlain's Tablets. It is a simple, harmless preparation that removed the catarrhal mucus from the intestinal tract and allayed the inflammation which causes practically all stomach, liver and intestinal ailments, including appendicitis. One dose will convince or money refunded. For sale by druggists everywhere.—Paid Adv.

RUB RHEUMATIC PAIN RIGHT OUT

Don't Suffer! Relief Comes the Moment You Rub With "St. Jacobs Liniment."

What's rheumatism? Pain only. Stop dragging! Not one case in fifty requires internal treatment. Rub the misery right away! Apply soothing, penetrating "St. Jacobs Liniment" directly upon the "tender spot" and relief comes instantly. "St. Jacobs Liniment" is a harmless rheumatism and sciatica relief which never disappoints and cannot burn or discolor the skin.

Lumber up! Get a small trial bottle from your druggist, and in just a moment you'll be free from rheumatic and sciatic pain, soreness, stiffness and swelling. Don't suffer! "St. Jacobs Liniment" has relieved millions of rheumatism sufferers in the last half century, and is just as good for sciatica, neuralgia, lumbago, backache, sprains and swellings.—Adv.

Constipation

THERE IS NOTHING equal to Chamberlain's Tablets for constipation. When the proper dose is taken their action is so agreeable and so natural that you do not realize that it is the effect of a medicine. These tablets possess tonic properties that aid in establishing a natural and regular action of the bowels. Chamberlain's Tablets have cured many cases of chronic constipation.

SOLDIER TO GET INSURANCE

NATION PREPARES TO PROTECT RETURNED FIGHTING MEN.

Proposed Policies Probably Will be Issued at Cost One-Fourth Less Than Private Companies.

WASHINGTON, Nov. 13.—Preparations by the Government for reinsuring the lives of soldiers and sailors on their return have been hastened by the signing of the armistice. Although regulations have not yet been fully drafted, it is certain that each of the 4,250,000 men in the military or naval service now holding voluntary Government insurance will be permitted within five years after peace is declared to convert it without further medical examination into ordinary life. 20 pay life, endowment maturing at the age of 62 or other prescribed forms of insurance.

This insurance will be arranged by the Government, not by private companies, and the cost is expected to be at least one-fourth less than similar forms offered by private agencies. Private companies would not write insurance on many wounded men.

The Government will arrange to collect premiums monthly, if men wish to pay this way, or for longer periods in advance. This may be done through postoffices.

The minimum amount of insurance to be issued probably will be \$1000 and the maximum \$10,000, with any amount between those sums in multiples of \$500. There will be provision for payments in case of disability as well as death, according to the tentative plan. The insurance may be purchased by any soldier, sailor or marine—officer, enlisted—and by women members of the Army or Navy nurse corps, providing they already hold Government voluntary life insurance.

About 95 per cent of the 4,250,000 men in the service are covered by this insurance, which expires after they go back to civilian life and cease paying premiums. This is the system devised to replace the old pension plan of providing for ex-soldiers and sailors.

Thus will be created out of the Government's emergency war insurance bureau the greatest life insurance institution in the world for peace times with more policy holders and greater aggregate risks than a half dozen of the world's biggest private companies combined. Out of the experience gained may eventually develop expansion of Government insurance to old age, industrial and other forms of insurance, in the opinion of officials who have studied the subject.

TEACHER TO FACE CHARGES

Revocation of Certificate Issued to Clarence Phillips Sought.

SALEM, Or., Nov. 13.—(Special.)—Formal charges were filed by County Superintendent N. A. Frost, of Washington County, with State Superintendent Churchill today, asking for the revocation of the teaching certificate of Clarence Phillips, who a few weeks ago was discharged as a teacher at Beaverton by the School Board upon allegations of immoral conduct. A 17-year-old Portland girl is said to be involved in the charges. The trial has been set for November 22.

The case is of particular interest here, as Mr. Phillips formerly taught in this county and at one time was defeated in a campaign for the County School Superintendency.

EIGHT BOYS RECOMMENDED

University Students Selected for Aeronautic Service.

UNIVERSITY OF OREGON, Eugene, Nov. 13.—(Special.)—Eight men of the Student Army Training Corps here, four of them from Portland, recommended by Colonel W. H. C. Bowen for aeronautics, will report at San Francisco for physical examinations when called by the air service examining board.

The men recommended are: Pilots, Francis Jacobberger, Jack G. Dundore, Joseph F. Trowbridge, all of Portland; George Major Doust, of Salem; and Richard W. Lyons, of Eugene; observers, William Morrison, Eugene; Adolph B. Adams, Portland; maneuvering officer, Sergius Gauke, Joseph, Or.

STUDENTS HOLD MEETING

Instructors Make Talks at Oregon Agricultural College.

OREGON AGRICULTURAL COLLEGE, Corvallis, Nov. 13.—(Special.)—President Kerr, H. W. Haggis, football coach; Sam Dolan, assistant professor of civil engineering and former Aggie coach, and George M. Schwarz, of Portland, president of the student body, addressed the students of the college today. It was the first assembly of all students this year, due to the influenza ban and the fact that regular meetings are being used as barracks. Many matters of importance to the students were discussed. The mass singing under the direction of Dr. D. V. Poling, of the Army Y. M. C. A., was a popular feature of the meeting.

Not a Bite of Breakfast Until You Drink Water

Says a glass of hot water and phosphate prevents illness and keeps us fit.

Just as coal, when it burns, leaves behind a certain amount of incombustible material in the form of ash, so the food and drink taken day after day leaves in the alimentary canal a certain amount of indigestible material which if not completely eliminated from the system each day, becomes food for the millions of bacteria which infest the bowels. From this mass of left-over waste, toxins and ptomaine-like poisons are formed and sucked into the blood.

Men and women who can't get feeling right must begin to take inside baths. Before eating breakfast each morning drink a glass of real hot water with a teaspoonful of limestone phosphate in it to wash out of the thirty feet of bowels the previous day's accumulation of poisons and toxins and to keep the entire alimentary canal clean, pure and fresh.

Those who are subject to sick headache, colds, biliousness, constipation, others who wake up with bad taste, foul breath, backache, rheumatic stiffness, or have a sour, gassy stomach after meals, are urged to get a quarter pound of limestone phosphate from the drug store, and begin practicing internal sanitation. This will cost very little, but is sufficient to make anyone an enthusiast on the subject.—Adv.
