

DR. EQUI IS ACCUSED OF BOOSTING I. W. W.

Witnesses Tell of Alleged Unpatriotic Talk.

FLAG DECLARED INSULTED

Army Intelligence Service Men Recall Statements at Meetings Held to Be Seditious.

Army intelligence service men and city detectives on the witness stand yesterday told of utterances alleged to have been made by Dr. Marie Equi, on trial before Federal Judge Bean for violation of the espionage act. The charges date as far back as September, 1917. The Government has an array of witnesses, each in turn to tell of some saying of the defendant, in the effort to show that Dr. Equi violated the espionage act.

Sergeant Sutton C. Linville gave an account of I. W. W. activities in the North End. He attended two of the lectures given by Dr. Equi in which, he declared, she said that the I. W. W. should strike for freedom when their masters, the employing class, was struggling with Germany. The witness, under cross-examination, admitted that he had been a secret service operative in industrial plants.

James Brady, also of the military intelligence bureau, testified regarding utterances of Dr. Equi, as did Wellington Weilan. They gave an account of Dr. Equi's remarks in June at two different meetings.

City Detective Dan Kellaher testified to a two-hour speech that Dr. Equi made in the Plaza in 1917, at which time he declared she said she had voted for Wilson because she thought he wanted peace. The witness also testified that Dr. Equi asserted that an attempt was made to make her kiss the American flag, "the dirty little American flag," during the Preparedness-day parade, but she refused, although the man who wanted her to kiss it threatened to cram it down her throat.

Both Detective Kellaher and Police-man Russell Butler testified that Dr. Equi said a certain ex-soldier who was arrested for distributing literature in 1917 made the mistake of his life when he joined the Army.

Other things Dr. Equi was credited with saying were that the bankers, who were wise people, "are not buying liberty bonds, so why should you?" that the workmen had to go to war, but that employers remained at home; that the defendant said she was for the war, but didn't know what it was about.

The trial will be resumed at 10 o'clock this morning.

OWN GUN CAUSE OF DEATH

Discharged Under Water, Weapon Explodes, Killing Durrell Davis.

PRINEVILLE, Or., Nov. 13.—(Special.)—The first report of the accident to Durrell Davis that he was shot by Professor Evans' gun was an error. Davis' death was caused by the explosion of his own gun, which was discharged under water after he fell from the boat. The charge tore its way through the barrel near the breech and struck Davis over the heart.

The fact was learned upon recovery of Davis' gun from the lake today. Davis' body has been sent to Stayton for burial.

Brazil's President Can't Take Office.

RIO JANEIRO, Tuesday, Nov. 12.—Rodriguez Alves, the Brazilian President-elect, will not be able to assume office November 14 on account of illness. The Vice-President-elect, however, will take up his duties on that date.

UNITED WAR WORK CAMPAIGN

STATE OF OREGON

Executive Department

SALEM

November 13, 1918.

To My Friends, the Girls and Boys of Oregon:

Do you realize that we have been going through the most wonderful week in the world's history? Our own joy and gratitude can only be exceeded by the joy and gratitude of the peoples of other lands who have suffered more than we and whose treasure and precious blood has been offered without stint or even complaint. We have won our fight, and some of your brothers will not come back from France.

All honor to our brave lads, and is there any price too big for us at home to pay in return for their brave deeds and wonderful sacrifice?

To be a Victory Boy or a Victory Girl means that you have agreed to earn and to give to the United War Work Fund, which is being solicited on behalf of the seven Allied War Work Agencies. Our President, Woodrow Wilson, has asked that we make our contributions for caring for our boys in one combined drive. By giving now you share in every possible care and comfort we are trying to bring to the soldiers.

I have just heard of three boys in La Grande who subscribed \$5.00 each to be paid from their profits in selling newspapers. A little girl in Portland has been shining shoes all week so that her earning may help swell the fund. A 12-year-old boy did a rushing business in cowbells on the streets of Portland Monday during the great celebration; and he has paid his pledge in full, amounting to \$10.00.

Let our boys and girls of Oregon have a hand in this great service; and as Governor of your state, I am depending on each and every one of you to do your share.

Sincerely yours,

Governor of Oregon.
