

CONGRESSMEN TALK WITH CONSTITUENTS

Chamberlain and McArthur Are Guests.

INDUSTRIES ARE TOPICS

Extended Discussion Follows Breakfast Given by Directors of the Chamber of Commerce.

Extended discussion of after-the-war problems affecting Oregon industries followed the breakfast given by directors of the Chamber of Commerce yesterday, at which Senator Chamberlain and Representative McArthur were the guests of honor.

Those present at the table, and who participated in the conference, were: H. L. Corbett, president; Guy Talbot, H. L. Thompson, J. P. Jaeger, W. J. Hoffmann, Nathan Strauss, G. M. Clark, Frank E. Smith, Sidney E. Vincent, E. T. Timms, Wilber E. Coman and W. D. Dodson, executive secretary of the chamber.

Congressmen Are Complimented. President Corbett complimented the members of the Oregon delegation for the part they have had in the legislative program at Washington that contributed to the winning of the war.

Confidence was expressed that the building of steel ships will continue steadily and the industry be found in a satisfactory condition. As to wood shipbuilding operations, it was the consensus of opinion that it should be protected as far as legitimately possible, and that the people of the community, as well as the members of the congressional delegation, will have to be on the alert to do whatever may properly be done in this regard.

Shipping Interests Considered. In connection with the consideration of shipping, Portland's plans for a ship company to operate here were discussed. The purpose of this discussion was to determine the conditions of Government owned vessels for this service was announced, and the members of the delegation gave assurance of doing everything in their power in behalf of the interests of the state and city.

Pending tax legislation to be taken up in Congress came in for consideration. In view of rapid changes occurring since the termination of the war, a development hardly believed possible so soon when the pending measure was introduced, it is recognized that with the country returning to peace conditions might be seriously embarrassed by the necessity of paying taxes and meeting the exactions of the measure as now framed.

Tax Bill Will Take Long. The members of Congress expressed the belief that the new bill could not be enacted, with all of the deliberations that will enforce the peace condition of the armistice to occupy the Congress, until after the first of the new year. This, it is believed, will give opportunity for full discussion of all the new problems that will arise in the initial changes due to the termination of hostilities.

Desirability of securing a successor to Robert Dugan, as representative of the Portland Chamber of Commerce at Washington was discussed also. Mr. Dugan, who acted in this capacity for several months, resigned to engage in military service. The reorganization of the Chamber of Commerce, his successor has not been selected. Harry J. Brown has acted temporarily and is now discharging the duties of the place.

STUB LINE TO BE BUILT. Nine Miles of Railroad to Constitution Mine Probable.

SPOKANE, Wash., Nov. 14.—(Special.)—The Oregon-Washington Railroad & Navigation Company in all probability will be permitted to build a 9.5-mile railroad to the Constitution mine. Just how soon authorization for this construction will be given is not known.

"The matter is being worked out now with every prospect of success," said former United States Senator George Turner today, on his return from Washington, D. C., where he went to confer on this matter.

A Combination of Good Qualities invites your attention to Grape-Nuts

No sweetening required. No cooking. Needs but little milk or cream. Fine with evaporated milk. Keeps indefinitely. Not a particle of waste. A wonderfully attractive flavor.

"There's a Reason" for Grape-Nuts.
