Dr. Boyd Pays Eloquent Tribute to Allied Armies.

## MUSICAL NUMBERS PLEASE

"The Hour Has Come Not to Talk, Not to Think, But to Express Joy," Asserts Minister.

Portland Rotarians and Women of Rotary reconsecrated their lives to service at the Victory Day programme of the club at yesterday's luncheon at the Benson Hotel. From the splendid rendition of the "Star-Spangled Banner" by Jane Burns Albert, to the peroration of Dr. John Boyd, it was marked by intense interest and enthusiasm.

"With the passing of an appalling plague, which has brought sorrow to the hearts of some of our members and to many of our friends, we again rejoice because we are privileged to meet together on this occasion," said President Waters, in opening the programme. "This victory should ever remind you of your duty as a Rotarian—service, not self. We shall have many perplexing problems at home. Let us not think to escape them."

**Future Aid is Pledged.**  
"We will be called upon to devise means for obtaining employment for the discharged soldiers and sailors, more particularly those who may be crippled or enfeebled. We must not forget that life is more than existence, get that with it must come a little luxury, a little leisure, a good education and happy surroundings."

"This club I consider most fortunate in having as a member a man who has given all of these matters a great deal of thought, and I can say without the least hesitancy that Dr. Boyd is considered one of the most advanced thinkers of the day. The title of Dr. Boyd's message to you is "Our Part."

**Tribute Paid to Allies.**  
"The hour has come not to talk, not to think, but to confine ourselves to the expression of the joy of victory and the glad tidings of the coming of peace," said Dr. Boyd.

That America had only a part with the allies in the victory and not a dominating part in the war was his deduction, and there is no warrant for the spirit of boastfulness that would claim "the Yanks did it." "Nobility and sacrifice that characterized the wonderful part of Belgium, the sacred devotion of France to the cause of humanity that cost the nation one in five of its soldiers, the self-denial of Italy when she assured France of staunch support and released 600,000 soldiers from the Italian front to join the armies of the west and turn back the Hun hosts at the Marne, and the dauntless valor of the armada of Great Britain, without which the allies never could have won and this country could not have gone into the war."

**American Boys Lauded.**  
"We came to our decision after all the issues of the war had been closely defined. The United States was so situated as to become the interpreter for the present time, and for all time of the greatest conflict of the century. There came to the President's chair a man specially trained in perfection of English expression, well prepared even from his childhood in a minister's home, to interpret the great principles for the freedom of humanity throughout the world. Out of the forces of that trained mind and with facile pen he put into words the 14 principles upon which a just peace for the world might be founded."

Lulu Dahl Miller pleased the throng with "Freedom for All Forever." The Westminster quartet thrilled with "The Marches," the auditors reverently facing the tri-color of France that held a conspicuous place in the patriotic decorations of the room.

Dr. W. W. Johnson opened the programme with an earnest prayer of praise and gratitude for the victory that had been vouchsafed the allied arms in the cause of justice and righteousness.

## HUNT FOR BOY EXTENDED

Volunteer Cars Wanted to Carry Soldiers to Logan District.

The National League for Women's Service asks for volunteer automobilists this morning who will furnish their cars to carry 300 soldiers from Vancouver Barracks to the Logan district near Estacada. Colonel C. E. Van Vay, commandant of Vancouver Barracks, has allowed the men to join in the search for 6-year-old Clarence Thompson, son of Mr. and Mrs. W. H. Thompson, of Portland, who wandered from the road below Estacada last Wednesday and for whom the countryside has been searched for the past week. Cars must be at the entrance gates of the barracks between 7 and 8 o'clock this morning.

## Court in Session at Moro.

MORO, Or., Nov. 19.—(Special.)—Circuit Court is in session at Moro for Sherman County, with Judge D. R. Parker presiding. The grand jury returned one true bill, indicting Charles Gollmer, of Wasco, for assault with a dangerous weapon upon Dr. William Huckle, of Wasco. The case was based upon an attempt to kill by the shotgun route for fancied injuries. Since then Dr. Huckle has left Wasco, but presumably will be back when Gollmer is tried. The jury trial of Attorney W. L. Cooper, of Portland, versus C. E. Johnson, of Moro, suit to quiet title to farm land, is now on.

### "Brown of Harvard" at Majestic.

"BROWN OF HARVARD," adapted from the famous novel and play by Rita Johnson Young and Gilbert P. Coleman, will be shown at the Majestic Theater beginning today.

Hazel "Honey" Daly and Tom Moore are its co-stars, with Sidney Alma worth heading an excellent supporting cast. Compared with the speaking drama, the silent production is said to be infinitely better in detail. The great Yale-Harvard boat race, an impossibility on the stage, is shown from beginning to end in the picture, with its attendant thrills and cheering throngs. Many other of the story's spectacular scenes are as realistically visualized. It is said that practically all of the exterior scenes were filmed at Harvard.

Miss Daly, who will be remembered in the Skinner pictures as Honey, portrays the role of Evelyn Ames, for whose love Tom Brown, Harvard athlete, attempts to shield her profligate brother, Wilton. The role of Brown is played by Mr. Moore.

### Comedian Raises Millions.

Douglas Fairbanks raised several million dollars in personal pledges for the United War Work campaign. In his tour of the South, according to news which comes from Los Angeles, the comedian returned to the city during the first part of the campaign, bearing a letter from President Wilson, which he read to his audience, and which, it is stated, materially aided him in his work. Upon his arrival in Los Angeles, Fairbanks was greeted with letters of commendation from John B. Mott, director general of the campaign; Raymond B. Fosdick, ex-officio chairman of the drive; Frank A. Vanderlip, chairman of the executive committee; and John D. Rockefeller, Jr., of New York City.

### DEMOBILIZATION MAKES DEMANDS ON PORTLAND.

### Wants of Thousands Returning From Military Camps to Be Cared For—Instructions Are Received.

That the Portland Red Cross Canteen, which has ministered to the wants of thousands of troopers bound for France, now will be in even greater demand to attend to the many thousands who will be released from camps by the demobilization order, is emphasized in instructions received last night by the local unit.

In a message to Mrs. Ferdinand E. Reed, commanding the Portland Red Cross Canteen, George W. Pursell, division director, of Seattle, said: "Demobilization of soldiers from Camp Lewis begins on Tuesday (today), November 19, at the rate of 5000 men per day, and will continue till completion. Have your canteen workers at all trains, and do not wait until notice of train arrivals from railway men."

From Camp Lewis, Camp Fremont, Vancouver Barracks, and other military centers, the canteen workers anticipate an unprecedented arrival of homeward journeying soldiers, together with the overseas movement. They see months of work ahead, and are determined to keep their organization intact and engaged in the work it has taken up. Numbers of citizens, who voluntarily donated subscriptions to defray expenses, are asked to consider the continued necessity for the canteen service.

During the present month the local canteen has distributed approximately 7000 postcards and as many individual supplies of stationery, furnishing free postage. It has attended to hundreds of widely varying missions for men in uniform, has furnished them a comfortable reading, writing and lounging room at Union Depot, and has given away 64 boxes of apples and 240 pounds of candy. More than 200 men have visited the canteen each day.

The canteen room is open for inspection at all times, and the public is invited to become familiar with the character of the service rendered.

### WOMEN WANT DELEGATE

Oregon Liberty Loan Workers Send Request to President.

A telegram urging President Wilson to include a woman among America's peace delegates was dispatched to the Nation's executive last night. It follows:

"We trust that you are taking into serious consideration the suggestion of naming a woman representative among the delegates to the peace conference. Just as the sacrifices of the women

Portland movie fans and those interested in the history of the war in the picture "Crashing Through to Berlin," or "Why the Allies Won," which is being shown at the Star Theater under the auspices of the National League for Women's Service.

Special features are being introduced with the picture. The best vaudeville talent of the city has been engaged to appear at every movie, while band concerts are given in front of the theater every night.

"Why the Allies Won" gives a colossal history of the war, with authentic scenes showing the most important events of the first four years of the war.

Mitchell Lewis is featured in "Ninety-Tenths of the Law," the picture which comes to the Liberty Theater today. A breezy comedy and a News Weekly complete the programme.

The remembrance of Mitchell Lewis' acting in "The Barrier" still lingers in the minds of those who saw him. He is equally as good in "Ninety-Tenths of the Law."

### Ethel Barrymore at Columbia.

For the remainder of the week at the Columbia Theater Ethel Barrymore will star in the comedy-drama, "Our Mrs. McChesney." It is taken from the story by Edna Ferber and the stage play by George V. Hobart.

In "Our Mrs. McChesney" Miss Barrymore repeats the big success she made of the same role on the speaking stage. Her "Mrs. McChesney" is one of the best characterizations that she has given to the screen, and her admirers will find much to praise in her latest photo-dramatic triumph.

Mrs. McChesney is the star actress-woman of T. A. Buck & Co., the firm being run by Buck, Jr., with an outlook very doubtful. Mrs. Mac is on the road and meets her son, who is in college at Sandusky, where she learns that he has not only married but raised a check which his mother had sent him.

There is some good photography in the picture, and it is one which is sure to please.

were great in giving their sons to this war and as the work and responsibilities they had taken upon themselves were large that this war might end in victory, so is their interest deep in the terms of peace that may do away with all war, and it seems right and fitting that one of their number should have a voice in the decisions that are to be made."

### Astoria Woman Asks Damages.

ASTORIA, Or., Nov. 19.—(Special.)—A suit has been filed in the Circuit Court by Hanna Sandman against the Pacific Power & Light Company to recover damages for personal injuries. The plaintiff avers that on the evening of October 11 one of the defendant's cars was started up suddenly, as she was alighting from it, near the corner of First and Bond streets, throwing her to the pavement and fracturing the bones of her right arm. The complaint says the plaintiff was forced to expend \$300 for medical and nursing attendance, and she asks for \$350 special, \$5000 general and \$1500 exemplary or punitive damages, a total of \$6850.

### Easy to Make This Pine Cough Remedy

Thousands of families swear by its prompt results. Inexpensive, and easy to make.

You know that pine is used in nearly all prescriptions and remedies for coughs. The reason is that pine contains several peculiar elements that have a remarkable effect in soothing and healing the membranes of the throat and chest. Pine is famous for this purpose.

Pine cough syrups are combinations of pine and syrup. The "syrup" part is usually plain granulated sugar syrup. To make the best pine cough remedy that money can buy, put 2 1/2 ounces of Pinex in a pint bottle, and fill up with homemade sugar syrup. Or you can use clarified molasses, honey, or corn syrup, instead of sugar syrup. Either way, you make a full pint—more than you can buy ready-made for three times the money. It is pure, good and very pleasant—children take it eagerly.

You can feel this take hold of a cough or cold in a way that means business. The cough may be dry, hoarse and tight, or may be persistently loose from the formation of phlegm. The cause is the same—inflamed membranes—and this Pinex and Syrup combination will stop it—usually in 24 hours or less. Splendid, too, for bronchial asthma, hoarseness, or any ordinary throat ailment.

Pinex is a highly concentrated compound of genuine Norway pine extract, and is famous the world over for its prompt effect upon coughs. Beware of substitutes. Ask your druggist for "2 1/2 ounces of Pinex" and directions, and don't accept anything else. Guaranteed to give absolute satisfaction or money promptly refunded. The Pinex Co., Ft. Wayne, Ind.
