**For Friday—In the Store of Essential Gifts
Big Events Launch the Great Holiday Season**

—“And so let us be cheerful,
without regret for the past, with
contentment in the present, and
with strong hope for the future.”

Thanksgiving

—We are proud, this day, of the
44 young men from this insti-
tution serving the colors.

—We are thankful that of the 44 blue
stars in our Service Flag not one has been
changed to gold.

—We are happy to reassure
the families of “our boys” that
the positions they left are open
for them whenever Uncle Sam
returns them to us, whether dis-
abled or no.

—And we feel personally thankful that
three young men, relatives of our firm, who
enlisted at the outbreak of the war as pri-
vates, will return as commissioned offi-
cers—as reward for endeavor.

—To those not so fortunate
(whose star has turned to gold)
we think of them this day, and
remind them that theirs is the
greatest pride of all our people.

—With Christmas now only a matter of weeks, it is urgent that everyone bestir themselves and start in to shop earnestly for the holidays. And since essential, practical merchandise is first in favor, this store offers for tomorrow (the day after Thanksgiving) hosts of attractive offerings which are equally welcome for immediate use or to be put away until the Great Day.

—Make it a point, too, to see our other store announcements in tonight's paper.

ARMY MEN THREATENED

GOTHAM OFFICERS SAY THEY
WILL LOSE MACHINE GUNS.

Boys Who Have Been Breaking Up
Socialist Meetings Must Be
Kept Under Control.

NEW YORK, Nov. 27.—Threat of the use of machine guns by the police on soldiers and sailors resisting the efforts of the police to prevent lawless attacks was contained in a letter sent by Police Commissioner Enright to Mayor Hylan today and forwarded by the Mayor to the Federal authorities in letters of protest against disorderly conduct by men in the service at two recent meetings of Socialists here.

The Mayor's protest, directed to the Secretaries of War and the Navy; Major-General Bell, commander of the Department of the East, and Rear-Admiral Usher, commandant of the Third Naval District, demanded that Federal authorities “immediately arrange to keep soldiers and sailors under their control while they are in uniform and until they are discharged from the Navy and Army.”

Courtesy Not Returned.

The police, the Mayor said, had shown extreme courtesy to the men in uniform and expected they would reciprocate, but the latter had assumed, he declared, “that they are privileged to conduct themselves as they please.” This attitude, he asserted, had endangered law and order. Their own department, Mr. Hylan added, had made it necessary for him to order the police to give to soldiers and sailors “the same treatment as civilians when they become disorderly and incite riots.”

Commissioner Enright in his letter to Mayor Hylan charged soldiers and sailors with “repulsive conduct” on several occasions following the signing of the armistice.

Serious Disorders Feared.

In order to forestall “serious disorders” when soldiers and sailors are demobilized, Commissioner Enright suggested that the Government keep the men under control while they are in uniform and send the men directly to the districts where they were enrolled. He urged that demobilized soldiers be paid off by their local draft boards, “protecting this and other large cities from consequences the gravity of which no one could possibly estimate.”

FINNISH CABINET FORMED

Recognition of Independence by All
Powers Aim of Government.

STOCKHOLM, Nov. 27.—A new Finnish cabinet has been formed. It is headed by M. Ingmann, while Senator Carren becomes Minister of Finance and M. Enckell, former State Secretary, is Foreign Minister. This cabinet was appointed yesterday and marks a complete reversal of Finland's policy.

The new government is that of General Mannerheim. The new ministry represents all the middle-class parties, with the exception of the Agrarians. Its programme is to bring about recognition of Finland's independence by all the powers, if possible, before the peace conference, stemming Bolshevik propaganda from Russia and solving food problems.

PRESIDENT READY TO SAIL

(Continued From First Page.)

President will administer the duties of his office aboard ship and from Paris. He holds that there are no constitutional difficulties and wireless and cable communication solves the physical problem.

Secretary Tumulty will remain in Washington throughout the President's absence. He will be in constant touch with the Executive and expects to submit by cable or wireless matters to be acted upon just as he submits them personally or by messenger.

WILSON TO BOARD SHIP DEC. 3

Presidential Party to Reach Destination Week Later.

NEW YORK, Nov. 27.—The saloons and cabins of the steamship George Washington, which is to take President Wilson and his party to the peace conference, are being redecorated at the dock, and it is expected that she will be ready to move into the Hudson River on December 2.

President Wilson and his party are expected to go on board the steamer next Tuesday afternoon. The automobiles of the party were placed in the hold yesterday. Navy officials expect that she will be escorted by the United States battleship Pennsylvania and two new destroyers.

The George Washington will carry a crew of 1000 naval officers and men and should arrive at her port of destination December 18.

ROME, Nov. 27.—The Italian government has chosen the delegation which will go to Paris to take part in the reception of President Wilson. The

PARIS, Nov. 27.—(Havas).—It seems decided that President Wilson will land at Brest, according to the Matin. He will be met there by Stephen Pichon, Foreign Minister, and Georges Leygues, Minister of Marine, who will welcome him in the name of the French government. They will accompany him to Paris, where President Poincare will await the distinguished visitor, surrounded by all the other members of the government and the chiefs of the allied armies.
