EXECUTIVE TO GET REPORT

Secretary of Labor Wilson Orders Copy of Denmore Findings Sent for Governor's Perusal.

SACRAMENTO, Cal., Nov. 27.—Assurance that the case of Thomas J. Mooney, sentenced to hang, would receive "careful consideration" was given today by Governor William D. Stephens to members of a committee of the San Francisco Labor Council, who called on the executive to open the way for a retrial of the case.

This statement was made by D. C. Murphy, president of the California State Federation of Labor, who headed the committee. He said Governor Stephens did not indicate when he would act on Mooney's petition for a pardon or what course he would take.

WASHINGTON, Nov. 27.—The report alleging irregularities in the Mooney case, which was made recently to Secretary Wilson by John B. Denmore, director-general of the Federal employment service, is to be furnished to Governor Stephens, of California, and Mr. Denmore is to place himself at the Governor's disposal in connection with the investigation of the California executive may order.

A new twist was given the proposal to call a strike as a protest against execution of Thomas J. Mooney when the Central Labor Council last night declared also in favor of a boycott of California products to become effective in the event Mooney is hanged.

Reports received by the central body showed that 22 locals have voted on the strike proposal and that all but three voted favorably. There are in all 38 locals affiliated with the parent body. After hearing the reports the council adopted the resolution containing this language:

"Be it resolved, That the Central Labor Council of Portland, appeal to all workers of the nation to cease work on the 9th day of December, 1918; and be it further resolved, that in case the execution of Mooney takes place on December 12, that a Nation-wide boycott be instituted against all California products."

SEA SUPREMACY TO STAY

LEAGUE OF NATIONS NOT TO REPLACE BRITISH POWER.

Winston Churchill Points to Policy in Past to Show Why, in Future, England Can Be Trusted.

LONDON, Tuesday, Nov. 26.—Speaking at Dundee tonight, Winston Spencer Churchill, Minister of Munitions, said that while he would do everything in his power to make a league of nations a practical and powerful reality, it would be no substitute for the supremacy of the British fleet.

In reference to the freedom of the seas, he said: "From the Battle of Trafalgar to the end of the Nineteenth century we have been absolutely free at sea. We were the only nation whose ports were open to the world, whose markets were unrestricted by any tariff and whose commerce was not held as a national monopoly. Even our kith and kin from the United States, whose affection and aid have been so dear to us, have been free to trade with us and to be free to trade with the world for a century of unchallenged supremacy, have shown upon the sea. If other nations of the world are content to allow us to keep the supremacy of the seas without demur, it will be because we hold it as a trust for all."

AT THE THEATERS.

Strand. Thanksgiving finds a dandy new bill at the Strand, where a new Tom Mix picture play vies for interest with an attractive and colorful Hawaiian act. A patriotic turn, too, on the bill is a third top liner.

The photoplay is called "Fame and Fortune" and is one of the sensational episodes of Arizona ranch life in which Tom Mix, the likable picture hero, is featured as a cowboy who wins a fortune and a girl by beating his enemies at their own game.

The story is full of exciting incidents including a wild dash across hills and ravines, and one tremendous hand-to-hand encounter between two gangs of cowboys, is thrilling.

Princess Leinani is a dainty dusky-haired lass who, with her two Hawaiian men partners, offers an instrumental and vocal act of artistic merit and pleasing melody.

Helen McComb is a pretty little blonde doll who sings effectively, "Won't You Be My Daddy," while her two youthful partners, the Ewart Twins, dance rapid fire steps.

Bert Davis is a singer who cleverly chats and entertains. He deserves his original billing as a one-man circus, for he is all of that.

O'Hara is a pleasant, interesting chap, who has a pretty girl partner, unnamed, to help him put over a delightful series of patriotic songs and stories.

The Universal Weekly adds a further vote of interest to the bill.

BARUCH SLATED FOR POST

WAR INDUSTRIES BOARD HEAD MAY SUCCEED M'ADOO.

Prospective Official Says He Should Not Be Named Because of His Wealth in Federal Paper.

WASHINGTON, Nov. 27.—Bernard M. Baruch, chairman of the War Industries Board, it was understood today, has been offered the post of Secretary of the Treasury to succeed Secretary McAdoo.

Whether he will be nominated is an open question. Without actually declining to serve, it is said, Mr. Baruch has urged upon the President strongly his belief that he should not enter the cabinet on the ground that his wealth, largely in Government and other securities, would be seriously embarrassing.

The ill health of Carter Glass, chairman of the House banking and currency committee, who also has been mentioned for the office, is said to have been influential in determining the President to ask Mr. Baruch to put aside his known objections.

For Director General of railroads to succeed Mr. McAdoo, Charles A. Frazier, now director of the railroad administration's division of public service and accounts, is held to be one of the men under consideration.

THIRTEEN ARE CONVICTED

Barracks Prisoners Found Guilty of Murder Conspiracy.

LEAVENWORTH, Kan., Nov. 27.—Thirteen of 18 disciplinary barracks prisoners tried by courtmartial here on the charge of conspiracy to murder Shelby Hise, a fellow prisoner, have been found guilty and the others acquitted.

According to evidence at the inquiry, Hise was killed in his cell by members of a party, who in order to reach him, scaled columns supporting the upper tier of cells in the prison. Hise was killed by heavy hand-to-hand blows and they trampled to death, witnesses testified.

Revelations by Hise to the authorities concerning conduct of fellow prisoners are alleged to have induced the attack.
